GREENHALGE AGAIN.

Massachusetts Republicans Meet in Convention Today.

Governor Greenhalge Was Renominated by Acclamation.

MAKES AN ADDRESS.

Lieut. Governor Wolcott Was Also Renominated.

All the Nominations Were Made by Acclamation.

Boston, Oct. 5.—The Massachusetts state Republican convention assembled in Music hall today, Samuel Winslow acting as temporary secretary. On reporting a permanent organization the committee states through Senator Hoar that Congressman Cogswell, who had been selected for the president's place, had sent a telegram stating that his physicians would not permit him to attend, therefore the temporary president, Winslow, was continued in the chair as permanent chairman.

Curtis Guild, Jr., was appointed to read Congressman Cogswell's speech, which he had written.

Senator Hoar, as chairman of the committee on resolutions, submitted the following report:

The principles of the Republicans of Massachusetts are as well known as the commonwealth itself, well known as the republic, well known as liberty, well known as justice.

Chief among them are: An equal share in government for every citizen; best possible wages for every workman; the American market for American labor; every dollar paid by the government, both the gold and silver dollars of the commonwealth itself, well known as the republic, well known as liberty, well known as justice.

Sympathy with liberty and republican government at home and abroad, Americanism everywhere; the flag never lowered or dishonored; no surrender in Samoa; no barbarous queen beheading men in Hawaii; no lynchings or punishment without trial; faith kept with the pensioners; no deserving old soldier in the poor house; suppressions of dram drinking and dram selling; a school at the public charge, open to all the children and free from partisan or sectarian control.

No distinction of birth or religious creed in the rights of American citizenship; clean politics; pure administration; no lobbyists; reform of old abuses; leadership among loftier paths; minds ever open to the sunlight and the morning, ever open to new truth and new duty as the years bring their lessons.

The platform was read by Senator Hoar, chairman of the committee on resolutions.

Senator Lodge, after some routine business, moved the renomination by acclamation of Governor F. T. Greenhalge.

The motion was adopted, and similar action was taken as to Lieutenant Governor Roger Wolcott.

William M. Ory was nominated by acclamation for secretary of the commonwealth, and Henry M. Phillips, for treasurer and receiver general; General John W. Kimball, for auditor, and H. M. Knowlton, for attorney general.

Governor Greenhalge was introduced and addressed the convention.

SANTA FE PEOPLE CLASH.

The Protective Committee Controversy the Declaration of the Directors.

New York, Oct. 5.—The call for proxies issued October 3 by the directors of the Atchison railroad to the stockholders, has caused the Atchison protective reorganization committee, composed of Henry Lewis, Theodore W. Meyers, Benjamin F. Tracy and others, to issue a statement controverting some of the declarations made by the directors. The committee points out the depreciation of the value of the stock from \$130 to \$3 per share within a year and concludes thus:

"The stockholders now have a choice of electing an entirely new board of directors with no connection with the past management, or on the other hand, of supporting a directory the majority of whom are totally unqualified, or were appointed directly or indirectly at the instance of the retiring members. If you have not already issued a proxy in favor of Theodore W. Meyers, Benjamin F. Tracy and M. F. Dickinson Jr., please sign and return the enclosed blank to any member of the Atchison protective committee, which will revoke any proxies heretofore issued by you."

A Wealthy Cherokee Shot.

Van Buren, Ark., Oct. 5.—Near Sallisaw, I. T. Nathan Jones, a deputy United States marshal shot and instantly killed New York, one of the wealthiest Cherokees in this part of the state. Fry shot at Jones first, and was attempting to shoot again when killed. Jones was guarding a prisoner, whom Fry was desirous of releasing and having an old grudge against Jones, thought this a good time to get rid of him.

New York Bank Statement.

New York, Oct. 5.—The weekly bank statement shows the following changes: Reserve, decrease \$1,349,845; loans, increase \$2,716,290; specie, increase \$204,800; legal tenders, decrease \$818,590; deposits, increase \$2,997,900; circulation, increase \$38,300. The banks now hold \$99,400,000 in excess of the requirements of the 25 per cent rule.

Declare Against Caprivi.

New York, Oct. 5.—A special from Berlin says the National Liberal Press has declared against Count Von Caprivi. The emperor has sent to him for a report on the matter.

A GOOD STATEMENT.

But the Committee Did Not Make It, Says Mr. Bristow.

The Emporia Republican recently published a long editorial favoring Major Calvin Hood of Emporia for United States senator, and the editorial has caused consternation among the members of the state central committee, from the fact that the article quoted from a circular said to have been issued by the committee, as follows:

"Although in no sense a politician, Major Hood's election to the senate would be creditable to the state and contribute materially in restoring our credit and good name among the people of the nation. His wide acquaintance with the solid business men of the east and west would give him an influence in the senate that would be equal to that of Major Morrill in the governor's chair."

Secretary Bristow said: "I know nothing of such a circular and nothing of the kind has emanated from this committee. It should be apparent to anyone that we would not do a thing of that kind." The other members of the committee who are in the city say the same thing.

The Journal does not know to what committee the Republican refers, but the statement itself is a remarkably true and commendable one, so far as it goes. Major Hood is one of the best financiers and executive business men in this country and congress needs just such men to disentangle the financial troubles into which this nation has drifted. Major Hood would lend his aid too in remonetizing silver. He does not believe in the single gold standard, and thinks a great mistake, which ought to be remedied, was made when silver was dethroned.

WILSON RETURNS HOME.

The Goulds and Other Well Known People on the Same Ship.

New York, Oct. 5.—After a stormy voyage the American line steamer New York has arrived at her dock in this city. Among the passengers were Mr. and Mrs. George Gould and family, Congressman W. L. Wilson, Congressman leader Strauss, Henry Abbey, A. Cass Canfield, Philip Schuyler, W. S. and Norman Cramp of Philadelphia.

After breakfast Hon. W. L. Wilson and Hon. Isadore Strauss took seats on the upper deck and talked with an Associated Press reporter. Both of them asked eagerly for political news and scanned the newspapers carefully.

Mr. Wilson replying to several questions said: "I feel fully recovered from my recent illness and have enjoyed my trip very much. The speaker's face was the picture of health."

Speaking of his trip abroad, he said: "I did not go over to talk tariff, but I met a number of the leading financial and business men in London last week at the Chamber of Commerce dinner. I spoke to them, and said the new tariff bill was not made to suit them, but to suit Americans."

"My remarks, I believe, were called over here and I have nothing to add to them. The British will have to look out for us when we get free raw material, for we will command supremacy in manufactures; our merchant marine will be restored and our merchants will appear in neutral markets."

Mr. Gould said to a reporter: "I have no fault to find with the treatment or the criticism or the statement by the English newspapers in connection with the yacht races. The Vigilant is a heavy weather boat and not suited to the inside courses. The Britannia is quicker in stays, but I consider mine the better boat. I may go back again to race on the other side, but I cannot say that it will be next year. I may build another yacht, but I am not certain and I don't like making plans for the future."

Speaking of his family he said: "My sister Anna is now in school in Paris and studying hard. She is not engaged to any prince or any one else, and when she is I will announce it."

EX-GOV. CURTIN VERY LOW.

He Can't Live Through the Day Unless There Is a Change for the Better.

Bellefonte, Pa., Oct. 5.—Ex-Gov. Curtin passed a poor night. After midnight he grew restless and became perceptibly weaker. His condition, which was much more favorable yesterday afternoon and early in the evening, has grown steadily worse. He is sinking rapidly and his physicians give no encouragement to his family.

Unless a sudden change for the better occurs within the next few hours, he can scarcely live through the day.

DEBS WAS MISTAKEN.

Sargent Says the Order to Move the Firemen's Headquarters Was Imperative.

TERRE HAUTE, Ind., Oct. 5.—Grand Master Sargent and Grand Secretary Arnold, of the Brotherhood of Locomotive Firemen, have returned from the convention.

Mr. Debs had brought word that the order to remove the headquarters from this city was imperative, but Mr. Sargent says this is a mistake.

Nine cities have asked for the headquarters. The grand trustees will meet here November 15 to decide upon a location.

CZAR BREATHES HARD.

His Disease is a Combination of Bright's Disease and Diabetes.

BERLIN, Oct. 5.—A correspondent of the Associated Press has had an interview with Prof. Leyden, the distinguished specialist, who has just returned from Spala, where he has been in attendance upon the czar in conjunction with Prof. Zachara. Prof. Leyden, replying to the request of the Associated Press for a definite statement as to the nature of the illness of the czar, said, distinctly: "His majesty is suffering from Bright's disease." He added, however: "But the disease is as yet in a mild form, though complicated with diabetes. The latter is causing difficulty in breathing."

ON THE LAST TURN.

Governor McKinley is Swinging Rapidly 'Round the Circle.

On His Way from Des Moines to St. Paul.

DUE TO CLEVELAND.

The Governor Thanks Him for Republican Times.

Speaks at Marshalltown, Iowa to 5,000 People.

MARSHALSTOWN, Iowa, Oct. 5.—Governor McKinley arrived from Des Moines at 9:40 a. m. today, accompanied by Governor Jackson, Congressman Henderson, Chairman Blythe and other distinguished Republicans. The committee of escort from this city met the visitors at Nevada.

The noted advocate of protection was hurried up town to the court house park, where he spoke for twenty minutes in the open air to fully 5,000 people. His speech, though necessarily brief, was characteristic, pointed and forcible, and the enthusiasm of the crowd was unbounded. Col. Henderson spoke briefly following McKinley, who left for St. Paul.

At Ackley the governor said: "I have been speaking for some days, doing what I could for Republican principles and the Republican party, and I have found that it is in the hearts of the American people to stand by the great principles of a protective tariff which means patriotism and prosperity. We are indebted more than we can express to Mr. Cleveland and his administration for this splendid spirit of Republicanism that we find everywhere in the land."

"Everything has suffered since that fatal day in November, 1893, but the Republican party, the principles of the party are dearer to the American people today than they have ever been before, and we can almost afford to bear with the ills that have been put on us during these years because they have made the people see that the material prosperity of this country is safer in the hands of the Republican party than in the hands of any other party."

"This administration has made Democrats and independent Republicans, weak Republicans, stalwart and stalwart Republicans invincible."

Congressman Henderson accompanied Governor McKinley from Des Moines and introduced him to the people in his district. Governor Jackson and Chairman Blythe also escorted McKinley to the Minnesota line.

MAD AT THE KING.

Portuguese Naval Officers Prepared a Manifesto and the Printer of It Was Arrested.

MADRID, Oct. 5.—According to advices received here from Lisbon the greatest excitement prevails at the capital of Portugal. It is stated that a large number of Portuguese naval officers, aggrieved at a certain passage in the speech which the king recently made at the opening of the Portuguese court, drew up a manifesto, in the form of a protest, addressed to the nation. No names were attached to this document, but its authors are known to be men of high position and influence.

The police have arrested the man who printed the manifesto and the greatest excitement has been caused at Lisbon by this action upon the part of the dissatisfied naval officers. In connection with the disturbance it is reported that the minister of marine, J. A. De Brissac Dos Neus Ferreira, will tender his resignation.

The Portuguese authorities, according to the advices received here have refused to allow any news regarding the action of the naval officers and its probable consequences to be telegraphed abroad and as the result this information had to be sent here by mail from Lisbon.

ARABS MASSACRED.

Belgians Surround Arabs in Congo State and Kill Them Without Quarter.

LONDON, Oct. 5.—The Exchange Telegraph company announces that the African mails has brought news of serious fighting between the Arabs and Belgians in the Congo states.

It is alleged by these advices that the Belgians, during a truce after heavy fighting and that they hemmed in the Arabs and massacred them without quarter. Another account says that the Arabs, commanded by Chief Rumliza, after a truce, agreed upon a conference which was eventually commenced. But almost immediately afterwards the Arab powder magazine exploded.

This caused both sides to suspect treachery and fighting between them was resumed. The Arabs were surrounded on all sides by the Belgians and were nearly all massacred. Chief Rumliza succeeded in escaping, but the great majority of his followers perished. Over thirty chiefs were numbered among the slain. The Belgians captured 300,000 lakhs worth of property.

Last Night's Fire.

The fire department was called out this morning at 1:35 to the house at 700 Lane street owned and occupied by License Collector Charles Vanderpool. Matches and mice are bulletined as the cause of the fire, which was extinguished at a loss to Vanderpool of about \$24.

DR. PARKHURST'S CHOICE.

The Woman Selected to Lead the Campaign of Influence Is Discovers.

New York, Oct. 5.—The woman whom the Rev. Dr. Parkhurst has been seeking to lead the "Campaign of Influence" has been discovered. She is Mrs. Charles Russell Lowell, daughter of the venerable Mrs. Shaw, who has given to the cause of woman suffrage four daughters.

Mrs. Lowell is perhaps better known as Josephine Shaw Lowell. She lives next door to her mother's home, and is a woman of social prominence as well as a woman of intelligence and thought. Several problems have for a long time engaged her attention, but her assumption of the leadership of Dr. Parkhurst's idea was considered impossible by those who know her best.

Mrs. Lowell comes of a family that have long been connected with public affairs. Her sister, Mrs. George William Curtis, is a woman of rare attainments. Another sister is Mrs. Robert Minturn, a leader in the fashionable society of this city.

Mrs. Lowell said last night: "I feel called upon to undertake this work. The outrages of law that have so long been thrust upon the citizens of this city have stirred me deeply, and when Dr. Parkhurst, through the press, urged the women to use their influence in organized effort I felt called upon to respond."

"I did not come forward when the first invitation was offered because I felt that many other women were more fitted to head a crusade but when I saw the apathy, the lack of courage to take up the work, I decided to do so."

"What are my plans? Briefly, they are to so instruct women that they will see and understand just where the errors in our form of municipal government exist and what the remedies are. Women should be as much interested in decent government as men, for they have the same interests to support and the same oppressions to bear."

TO WELCOME AMERICANS.

French Making Preparations to Receive Four U. S. Men of War.

LONDON, Oct. 5.—A dispatch from Paris to the Times says: Preparations are being made at Toulon to welcome four American men-of-war which are expected to arrive there shortly and the Russian flotilla, which will go to Toulon from Brest.

The dispatch adds the government has decided to build two great docks at Cherbourg to accommodate armed cruisers and first men of war.

NOT AGAINST PASSES.

The Populist House of Representatives Refused to Pass an Anti-Pass Law.

It is not generally known that the Populist house considered an anti-pass bill, but such is the fact. Doubleday of Sumner county introduced House bill No. 353, which was entitled "An act to prohibit the granting and using of free passes and transportation and prescribing penalties therefor."

On Friday, February 13th, the committee on railroads reported that it is indefinitely postponed, and this was accordingly done.

ANOTHER INDEPENDENT.

David Rathbone Files Nomination Papers For Judge in the 23rd District.

David Rathbone, who was a candidate for the nomination for district judge before the Populist convention in the Twenty-third judicial district, today filed with the secretary of state two sets of nomination papers asking that his name be printed on the official ticket as a candidate for judge.

The Populist convention, before which Rathbone was a candidate, adjourned without making a nomination, which it is understood was intended to be in the interest of W. E. Saun, the Democratic candidate for judge.

Rathbone now files papers nominating himself as an independent Free Silver Candidate for judge, and also as the "Peoples' Candidate."

The Republican candidate in this district is Lee Monroe.

IN FULL RETREAT.

Chinese Troops Said to be Fleeing from Moukden.

Are in Mortal Terror of the Japanese Advance.

SHANGHAI ALARMED.

Japanese Fleet of 70 Ships Enters Gulf of Pe-Chi-Li.

Great Excitement Prevails in Shanghai and Elsewhere.

LONDON, Oct. 5.—A dispatch from Shanghai today says that the masters of several Chinese junks which arrived at the Foo yesterday report having sighted a large fleet of Japanese transports escorted by warships on Tuesday night. This Japanese fleet was then entering the gulf of Pe Chi Li and after steaming westward for some distance the course of the war ships and transports was altered to about northeast. All the Japanese fleet warships and transports included, numbered seventy ships.

The presence in the gulf of Pe Chi Li has caused the greatest excitement at Shanghai and elsewhere. In London it is believed that the Japanese fleet referred to as having been sighted is the expeditionary force consisting of 30,000 men which left Hiroshima, the Japanese headquarters on September 26, under sealed orders and under command of Field Marshal Count Oyama, who was Japanese minister of war.

Upon taking command of the expedition, he temporarily handed over the portfolio to the minister of marine, Count Saigo. This force composed the second Japanese army corps and was escorted by the second Japanese squadron.

A dispatch received at New Chung of Lao Ton says that the Chinese are in full retreat from Moukden, which is threatened by the advance of the Japanese troops from Corea, and the Japanese force said to have been landed near Passie Bay and not far from the Russian territory bordering on Corea and the Chinese province of Manchuria.

Another report which reaches London from Shanghai says that it is believed at the latter city that the Chinese force which has been defending Moukden has been hastily summoned from that place in order to oppose the projected Japanese landing either in the gulf of Pe Chi Li, or in the gulf of Lao Ton. The Chinese have been hurriedly adding to the fortifications of New Chung, in anticipation of a Japanese attack upon that port, or a landing in its neighborhood.

English Busybodies.

The Pall Mall Gazette Rebukes English Impertinence.

LONDON, Oct. 5.—The Pall Mall Gazette this afternoon, commenting upon the letter of the anti-lynching committee and the reply to it made by Gov. Jones of Alabama, says that the committee's letter was nothing short of impertinence, adding: "We are entirely in agreement with the snub administered in the governor's reply. Public opinion in America is enlightened and alert enough to deal with its own administrative abuses without the interference of a committee of irresponsible English busybodies."

"We hope that the lesson will not be lost upon the Americans themselves. No body of Americans has yet gone to the length of addressing the lord lieutenant of Ireland, or the chief secretary of Ireland, or the administration of law in Ireland. But resolutions and the like have passed which come perilously near the anti-lynching committee's impertinence."

GORMAN IS SICK.

That Is Why He Is Indifferent to Attacks Made on Him.

New York, Oct. 5.—A World dispatch from Baltimore says: Senator Gorman's close friends here say he is suffering from Bright's disease and has accepted the advice of his physician, Dr. Lincoln, to abstain from active political work.

This accounts, they say, for the indifference the senator has manifested to the anti-Gorman resolutions passed by so many Democratic county conventions in this state, and as to the nomination for congress in the Fourth district of John K. Cowen, councillor of the Baltimore & Ohio railroad, and one of the senator's opponents.

BREIDENTHAL OBJECTS.

Populist Committee Files Formal Complaints Against the Independent Ticket.

Chairman Breidenthal and Secretary Sample, of the Populist central committee, this afternoon filed with the secretary of state their formal objections to the Independent Populist ticket, on which Cyrus Corning is the candidate for governor.

Mr. Breidenthal says he does not care how many tickets are placed in nomination or how many tickets are printed on the official ballot but he does object to any other ticket than the one he represents being placed on the ballot as the Peoples' or Populist ticket.

The attorney general, secretary of state and state auditor constitute a special election board, to hear and decide all contested points in regard to the filing of tickets or nomination papers, and this committee has decided to hear this case October 15, at 11 a. m.

SHOT PEPPER'S WHISKERS.

A Story of How a Bullet Plowed Its Way Through His Beard.

A Washington dispatch says that while Senator Peffer was in Oklahoma recently making speeches, a cowboy sent a bullet through the senator's flowing beard.

The dispatch says: Senator Peffer came at the appointed time, was met at the station by an enthusiastic brass band, and escorted to the scene of action. Quite a crowd of smothered cowboys and half-breed Indians had assembled to gaze for the first time upon a real, live representative from the American house of lords. Mr. Peffer passed a couple of hours very pleasantly in expounding the doctrines of Populism. At the conclusion of his remarks he did a jobbing business in handshaking and exhortation. He passed among the crowd, grasping each one by the hand, sympathizing with the auditors upon their scourge of grasshoppers, locusts and caterpillars that had followed Republican misrule, and urged everybody to find rest, plenty and prosperity in the Populist fold.

And then the crisis came. There was a sound like the smothering of a 6-inch scuttling and a chunk of lead, projected hurriedly from a Colt's revolver, plowed its way through Senator Peffer's whiskers. There was a shower of whiskers. A few long, wavy hairs would become disengaged at a time and float gently down to earth. Then the senator would frantically run his hand through his beard and a few more hairs would be disengaged and follow the example of their predecessors. The sight was one that completely unnerved many a cowboy man. Those present will never forget the tragic denouement.

The senator has been seen at his home here in Topeka and his whiskers show no sign of such a catastrophe and the dispatch is evidently a highly imaginative story.
