Corbett Likely to Purchase a Cincinnati Saloon.

Has the Deal Under Consideration at Present.

WANTS TO FIGHT AGAIN

He Intends to Challenge Jeffries Ere Long.

Looks Forward to a Meeting With Musicians Innes.

Indianapolis, Ind., Dec. 7.—James J. Corbett will be in Cincinnati next week, at which time he expects to decide on the purchase of the Stag cafe and saloon. Speaking of this investment, he says: "I have been a prospective buyer for some time, and may close the deal at least as early as the matter up when I get there."

While Corbett is under contract not to talk fight, he can talk about boxing on the game, and in the spring as soon as his present engagement expires he expects to go after Jeffries.

"I believe there will be a revival of the old fighting game," said he, "and I propose to get into it."

He regards Young Corbett's victory over McGovern as a wonderful display of generalship. "Young Corbett met McGovern at his own style of fighting," says the ex-champion, "showing great cleverness and giving an exhibition of both-hand fighting which was superb."

"He deserves all that is coming to him," said Corbett, who is a sort of a godfather to the young fighter. Corbett can't talk with much patience concerning the Bandmaster Innes suit, and he proposes to go into the case for redress for personal slander. "I can't understand why Innes should try to drag me into this thing," says Corbett. The charge is that Innes, before he was anywhere near New York when that suit is called, I shall volunteer as a witness for Mrs. Innes. I hope to come face to face with Innes before long, and then I will compel him to retract."

Speaking of his fist rights, and if a champion has a right to refuse to meet a colored boxer, he thinks that is a matter for the public to pass upon. "For myself," says Corbett, "I have never drawn the color line, but held myself ready to meet all comers." Corbett is looking forward with much eagerness to his visit to Cincinnati, where he expects to meet with a very generous reception. He has proved himself a great drawing card.

BROAD'S SUDDEN RETURN.

Says He Came Home to Get a Match With Young Corbett.

New York, Dec. 7.—Kid Broad, the Cleveland pugilist, returned to town rather unexpectedly from England on the steamship Deutschland and surprised the sports by appearing on upper Broadway.

Broad's reasons for returning to America again are that he is here to meet "Young Corbett" as soon as he heard that Terry McGovern had been knocked out. Broad said, he at once went to Southampton and took the first steamer for New York. "My sole ambition," said Broad, "is to get on a mill with 'Young Corbett.' I hated him one and can do it again. That is the object of my presence in America. I am ready to fight him at 125 pounds, the same weight he tackled McGovern."

A Noted Day in Swedish Circles at McPherson.

Dr. Waldenstrom Tendered Reception and Banquet.

A GUEST OF THE CITY

Eminent Pastor, Author and Reformer to Lecture.

Second Only to King Oscar in Popularity.

McPherson, Dec. 7.—P. P. Waldenstrom, Ph. D., D. D., the eminent preacher statesman and reformer, will be in the city today in the interests of the Swedish Mission college. He will be the guest of the city and beginning at 6 o'clock this evening a reception and banquet will be given Dr. Waldenstrom at the Union hotel.

The following programme has been prepared:

Toast, "The City and Its Outlook"—J. D. Milliken.

Toast, "The Churches of the City"—Rev. J. W. Waite.

Toast, "The Swedish Mission College"—R. A. Allison.

After the reception and banquet Dr. Waldenstrom will deliver a lecture at 8 o'clock in the opera house to which all are invited. His subject will be "Beginning and Spread of the Mission Friends Movement in Sweden."

Next to King Oscar II, he is the most popular Swede living in Sweden. At the summer meetings called "Missions Moten," there assembled between eight and twelve thousand people to listen to the great orator. These meetings are held in the groves in the different provinces. In this country he occupies the most spacious buildings, such as the great auditoriums of Chicago and Minneapolis, Minn.

At the auditorium at Minneapolis, Minn. last week, seven thousand people were packed in and several thousand applying for admission were turned away.

Twelve years ago when here it was estimated that six thousand people had congregated at the village of Lindsborg—the greatest crowd that town has ever seen.

His strongest fight has been against the strong and persecuting ministry of the state church of Sweden. They have all attacked him, from the unlearned deacon to their most acknowledged professor, but step by step, manly and alone he has wrestled with them all until he has laid them low. Today he is the best known man and Christian leader among the millions on the eastern half of the Scandinavian peninsula, and he has arisen to this standing from a poor persecuted layman at the age of eighteen.

He has traveled and studied extensively. He speaks several languages. He received his Ph. D. honors at Upsala through a Latin exposition of some Christian theses.

In 1859 he received his honors, D. D. at Yale, which place he has just visited as a special guest.

He is still, though sixty-four years old, a strong man, making happy hundreds of thousands of his friends in this country by his visit, which will probably be his last.

He was agreeably surprised at finding on going to his home the house full of happy faces. Dr. Engwall, in response, made a very appropriate presentation speech, and then gave him in behalf of the guests a purse of \$232. Rev. Engwall responded, then followed remarks by Rev. Philblad, of Lindsborg.

CATARRHAL COIDS

CURED IN A FEW HOURS

Aurora, N. Y., Jan. 26th, 1899.

The R. T. Booth Co.: Dear Sirs—On Monday of this week I was in the thickest of one of my awful catarrhal coids, the kind that makes life not worth living. I began using Hyomei and its effects were wonderful. I was greatly relieved in a few hours and today am as sound as a dollar without one bad effect remaining. Yours very truly,

C. B. MORGAN.

It is the easiest thing in the world to stop a catarrhal cold just at its beginning and but very little trouble to cure one after it has become settled.

All you are obliged to do is to inhale the new germicide Hyomei, every now and then during the day.

Hyomei is not a nauseating stomach medicine which will disarrange the whole digestive system and create other diseases far more dangerous than a cold, but a germicide taken in the air you breathe.

The Hyomei inhaler is carried in the vest pocket and you can cure or prevent coughs, croup, catarrh, pneumonia and consumption by simply breathing through it for five or ten minutes daily.

It is guaranteed. Hyomei is sold by all druggists or sent by mail for the following prices: Hyomei Outfit complete, \$1.50. Trial Outfit 25c. Hyomei Balm 25c. Send for five days' treatment free and our ten years' record on respiratory diseases. It may save your life.

The R. T. Booth Co., Ithaca, N. Y.

That plant aggregated over \$46,000. That did not include minor factories, which pay out from \$100 to \$200 a week, and these added together will undoubtedly represent \$400 a month. There are two weeks pay, or \$35,000 a month, and the total pay rolls for one month are \$100,000. There are twelve months in the year, so there are twelve months in the year, \$1,200,000 is paid out by the factories for labor in Iola and neighborhood.

Where There's Smoke

There's fire, the saying runs, and so as a general rule the saying holds true. The fire is unseen, hidden, but the ascending smoke makes its presence undoubted.

Similarly you can argue from eruptions of the skin to corrupt blood. You can't see the blood, but the pimples, boils, etc., which mar the skin surely indicate impure blood. For this reason the medicine which cures these surface blemishes must cure them through the blood.

Dr. Pierce's Golden Medical Discovery purifies the blood, removes the waste and poisonous substances which corrupt it, and thus cures diseases which originate in impure blood, such as boils, pimples, salt rheum, etc.

"Golden Medical Discovery" also increases the activity of the blood-making glands, thus increasing the supply of pure blood, rich in the red corpuscles of health.

It gives me much pleasure to testify to the merits of Dr. Pierce's Golden Medical Discovery. I was afflicted with a skin disease of the worst kind, and I was told that I was incurable. I tried many remedies, but all failed. I then tried Dr. Pierce's Golden Medical Discovery, and in a few days I began to feel better. I continued to use it, and in a few weeks I was completely cured. I am now as healthy as ever, and I am able to do my work as usual. I am a great believer in Dr. Pierce's Golden Medical Discovery, and I am sure it will cure many other cases of skin disease. I am a great believer in Dr. Pierce's Golden Medical Discovery, and I am sure it will cure many other cases of skin disease. I am a great believer in Dr. Pierce's Golden Medical Discovery, and I am sure it will cure many other cases of skin disease.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood, and lungs.

Dr. Pierce's Pleasant Pellets regulate the bowels.

Newton Blacksmith Hurt.

Newton, Kan., Dec. 7.—John Crotty, of the Santa Fe blacksmith shop, was badly hurt yesterday morning. A piece of flying steel struck an artery in his wrist, and for a few minutes it seemed that he would surely bleed to death before the flow of blood could be stopped. A physician was hastily summoned who dressed the wound, and Mr. Crotty is resting easily at his home in this city. It will be several days before he will be able to report for duty again.
