MR. W. L. GREEN'S LETTER.

The following letter speaks plainly and to the point, and will be endorsed by all thinking men:

HONOLULU, August 23rd, 1884.

To the Chairman of the Committee of the Testimonial Reception to the Independent members of the Legislative Assembly.

"Sir:—I regret that a slight indisposition prevents me from being present at the Testimonial Reception tonight of the Independent members of the Legislative Assembly. I have not usually attended political meetings, but the circumstances connected with the late session of the Legislature are of such a nature, as to render a united expression of public opinion on the political situation at its close of more than ordinary importance.

"Honest difference of opinion as to the proper measures to be passed, and of the appropriations of money to be made by the Legislative body are to be expected in all countries, and it is for the minority to accept the laws which the majority decide upon; but in reviewing some of the Acts recently introduced, and the appropriation of money granted, it requires the utmost stretch of charitable construction to conclude that those who introduced and voted for them, believe them to be for the benefit of the country. Indeed, I am sure that I only echo the general sentiment, on recalling the course of the Government of this country for the last two years, when I say that our political system as it has lately been worked, threatens to be a failure, and that whether we term it a constitutional monarchy or give it any other name, it bids fair to degenerate into a system of spoliation, pure and simple, in which the tax-payers will be called on to support in extravagance, idlers and incompetents.

"Apparently in reply to the general dissatisfaction which the flagrant course of the mal-appropriation of the public moneys has necessarily tended to produce, unprecedentedly large sums have been voted; ostensibly for the maintenance of "orders", and for which extraordinary and useless expenditure the same tax-payers are called upon to provide the means.

"In the ordinary course of events—may I not say in the rapid march of political events in the present day—such a system can only endure for a very short period. All honor then to those who have pursued the true method of retaining for us our King and our Constitution, and have desired to assure the permanence of both, by endeavoring to preserve for them the respect and affection of the people.

"I have the honor to be, Sir, your most obedient servant.

"W. L. GREEN."

THE LEGISLATURE

FRIDAY, AUGUST 22.—Continued.

Mr. Cecil Brown moved to strike out the item for palace stables. Lost.

The item then passed as in the bill over amendments to reduce to \$5,000 and \$10,000.

Mr. C. H. Judd moved a reconsideration of the votes upon the purchase of Queen Kapiolani's picture, which being carried, he moved that \$2,500 be appropriated—\$1,000 to renovate pictures in the Assembly Chamber, \$1,000 to procure a picture illustrative of ancient Hawaiian costumes and \$500 for the purchase of a picture of Queen Kapiolani. Lost.

Mr. Isenberg moved that the bill to regulate pilot charges be taken up. Lost.

On motion of Mr. Kaulukou the salary of the Minister of Finance was restored to \$12,000.

Mr. W. O. Smith moved to strike out the salary of the Auditor-General. Lost, also a motion to reconsider.

On motion of Mr. Kalua the salary of Deputy Collector of Customs was restored to \$6,000 from \$5,000 voted at the second reading.

On motion of Mr. Godfrey Brown the salary of the Mahukona Collector was made \$2,000.

Salary of keeper for steamer warehouse, Honolulu, was made \$600 instead of \$1,200.

Salary of keeper for kerosene warehouse was made \$1,200 instead of \$600.

On motion of Mr. G. Brown salary of Surveyor and guard, Mahukona, was made \$1,200 instead of \$600. On motion of Minister Neumann the salary of steamer warehouse keeper in Honolulu was restored to \$1,200.

On motion of Mr. Hitchcock the salary of surveyor and guard at Hilo was made \$1,800 instead of \$1,200.

On motion of Mr. Bishop, incidentals of Custom House were made \$5,000 instead of \$4,000.

On motion of Minister Neumann, at 10 o'clock, the rules were suspended for the second reading of the act to regulate pilotage charges.

Mr. Cecil Brown moved that the bill pass to engrossment. The bill passed to engrossment, to be read a third time on Monday.

The House adjourned at 10:15.

SATURDAY, AUGUST 23.

The House met at 10 A. M.

After prayer by the Chaplain, the minutes of the preceding day were read and adopted.

Mr. G. Brown presented the report of the Finance Committee upon the item of Palace Expenses, submitted the other night. Their finding is summarized in the closing paragraph of their report as follows: "In view of the fact that none of the expenditures represented by these bills seem to have been authorized by the proper departments, and especially of the fact that the House has not been given an opportunity to properly investigate the items, we recommend that no appropriation be made."

The report was signed by Messrs. G. Brown, W. O. Smith, W. E. Rowell and J. Keau, Mr. J. Nawahi being absent. It was adopted.

Mr. Kaulukou moved a resolution to insert an item of \$2,000 for the relief of persons rendered destitute by last night's fire, and to appoint the Attorney-General and his deputy a committee to ascertain the proper subjects for relief out of the appropriation.

Minister Neumann suggested that the Governor of Oahu be substituted for himself.

Mr. C. Brown objected to the proposal, as it would establish a bad precedent.

Mr. W. O. Smith also opposed the motion.

Governor Dominis said he sympathized with the object, but it would be next to impossible to ascertain in this case who should be the proper recipients of the proposed relief.

Mr. Rowell moved that the resolution be laid upon the table. Carried.

ORDER OF THE DAY.

The third reading of an Act to amend and consolidate the law relating to commissioners of private ways and water rights was first in order, and passed.

An Act to regulate proceedings in bankruptcy was passed.

An Act to promote the construction of steam railways on Oahu was read a third time and passed.

Minister Gibson laid before the Legislature an invitation from the Government of France for Hawaii to enter the International Union for the Protection of Industrial Property—trade marks, patents, etc.

On motion of Mr. Rowell, the statement of the Government was accepted.

Mr. W. O. Smith moved that the bill to license the sale of opium be made an order of this day. Carried.

An Act to authorize the Minister of the Interior to purchase certain lands on Molokai was read a third time.

Mr. Nakaleka moved its indefinite postponement. Bill passed on the following call:

Ayes—Knae, Kaulukou, Keau, Lilikalani, Baker, Amara, Kaulia, Kanealii, Richardson, Kamakele, Gardner, Kauwila, Kaunamano, Palohau, Kupihea and Nakaleka—16.

Noes—Gibson, Gulick, Neumann, Dominis, Cleghorn, Wilder, Isenberg, Bush, J. Mott Smith, Walker, Martin, C. Brown, Aholo, Kalua, W. O. Smith, Hitchcock, Kaulane, Nahiinu, Pilipo, G. Brown, Dole and Rowell—22.

Mr. W. O. Smith moved that an Act to provide for licensing the sale of opium be read a second time by its title. Carried.

Mr. Kaulukou moved the bill pass to engrossment.

Mr. C. Brown opposed the bill. Mr. W. O. Smith moved the bill be indefinitely postponed. His greatest objection to it was its ruinous influence upon the native race.

At 12:15 the House took a recess till 1:30.

There being no quorum in the afternoon, the House adjourned till Monday.

MONDAY, AUGUST 25.

The House met at 10 A. M. The bill relating to tuition fees was read a third time and passed.

The Opium Bill was discussed on second reading.

Mr. Kaulukou said there were twenty-eight places throughout the business part of Honolulu where opium was sold, and to reject this bill would be to encourage those places. Licensing the drug would yield a net revenue of \$70,000.

Mr. Dole opposed the bill as not only bad in its object, but poorly conceived in its method.

Mr. Bishop was of opinion that the enhanced price of opium under license would stimulate smuggling. Now all opium found was known to be illicit; under license it would be impossible to tell where the drug came from. Under license, also, it would be available even to school children.

Mr. C. Brown was in favor, if the drug were to be legalized, of setting the privilege of selling it up at auction. He was opposed to having it licensed, and said that, while under a former law natives, being able to procure it readily, were very much addicted to opium, none but a limited number used it now.

Mr. Aholo did not believe in the licensed sale of opium if the sale could be stopped altogether, but as it was here all the time he believed the Government ought to share in the profits with the merchants.

Mr. Kaulane failed to see how the bill would prevent smuggling, as the licensee could engage in that if he chose.

At noon the House took a recess till 1:30.

The ayes and noes were taken upon the indefinite postponement of the Opium License Bill, which carried as follows:

Ayes—Gibson, Gulick, Neumann, Bishop, Cleghorn, Wilder, Isenberg, Dowsett, J. Mott Smith, Widemann, Martin, C. Brown, Kalua, Kanealii, W. O. Smith, Kauwila, Kaulane, Pilipo, G. Brown, Dole and Rowell—21.

Noes—Bush, Knae, Keau, Baker, Kaulukou, Lilikalani, Amara, Aholo, Kaulia, Kamakele, Gardner, Kaunamano, Nahiinu, Palohau, Kupihea and Nakaleka—16.

A motion to reconsider was lost.

Minister Gulick moved a resolution to authorize the secretary to make a return to the House of the bills and vouchers, amounting to \$23,441.92, for palace expenses, reported back to the House by the Finance Committee; also, for correspondence relating to Portuguese immigration.

Mr. G. Brown moved an amendment to include coronation bills, which was accepted by the mover of the resolution. Carried.

The third reading of the Appropriation Bill was resumed at the Finance Department.

Expense of tax appeals was, on motion of Mr. G. Brown, raised from \$1,000 to \$1,200.

Salary of Messenger was raised from \$1,000 to \$1,200.

Items of the Department passed as a whole.

The Attorney-General's Department was begun by raising the salary of the minister to the original figure, \$12,000.

The salary of Deputy Attorney-General, \$6,000, was struck out, by a vote of 22 to 11, and a motion to reconsider was lost.

Mr. W. O. Smith moved to raise the salary of the Sheriff of Maui from \$5,000 to \$6,000. Lost.

Messrs. Keau and Kaulukou made sundry motions to raise salaries of police officers in Honolulu, but all were voted down.

Mr. C. Brown moved to raise the salary of the Deputy Sheriff of Koolauloa from \$30 to \$50, which was lost, and a motion by Mr. Nakaleka to make it \$40, carried.

On motion of Mr. Aholo, a new item of \$15 a month for a policeman at Honokawai was inserted.

Mr. Gardner moved to have six

instead of three policemen in Hana. Mr. W. O. Smith said there were 18 unpaid constables in the district. The motion was lost.

Mr. Kaulukou moved to reduce the salary of the Deputy Sheriff of Makawao from \$125 to \$100.

Mr. Widemann asked for an interpretation of a remark he thought he heard from the honorable member.

Mr. Kaulukou disclaimed making any further remark than had been interpreted.

Mr. Widemann said he understood the honorable member to say, "Let us reduce this white man's salary," and he should keep that in mind.

Mr. Kaulukou admitted using the words, and said the Hon. Noble could keep on not liking it as long as he liked.

The motion was lost.

Mr. Keau moved to insert a new item of \$1,200 for a messenger of the Attorney General's department.

Minister Neumann favored the proposed item, and moved further that the incidentals be raised from \$12,000 to \$16,000.

\$1,200 for messenger, passed.

Increase of incidentals was refused, and a motion to reconsider was lost.

On motion of Mr. Pilipo, \$2,500 aid to the Kawaihau Seminary was granted.

A motion to increase the aid to Iolani College from \$5,000 to \$6,000 was lost.

Mr. C. Brown moved to strike out the item of \$2,500 for Professor Hildebrand's work on Hawaiian Botany, giving as a reason that the House refused to pass an appropriation for Judge Fornander's History of Hawaii.

Minister Gibson said it was not unreasonable for the Hawaiian members to have voted against an appropriation for a book that was in an unknown language to their people. In this case, however, the work was neither English nor Hawaiian, but a scientific work in Latin.

Mr. Widemann argued that while both books were worthy of support, the History was the more important one. As they did not know where all the money was to come from, he should vote against the Botany book, but if the History was before them he should vote for it.

Minister Gibson considered it would be a reflection upon the country abroad to have run up an unprecedentedly large Appropriation Bill, and struck out a few small items for the encouragement of learning.

Mr. W. O. Smith said these reflections would have come in better when members of the House were urging for a reasonable subsidy instead of the exorbitant one granted the Oceanic Steamship Company.

The item was struck out.

For the Hawaiian Dictionary and School History of the Hawaiian Islands, \$1,500 was inserted.

The Education Department items were passed as a whole, and a motion to reconsider was lost.

Under the Board of Health, Mr. Kaulukou moved to insert \$10,000 for water pipes at Kalawao and Kalaupapa.

Mr. Widemann opposed the item. Minister Gibson agreed with the last speaker.

The motion passed.

Mr. Kaulukou moved to insert \$10,000 for a new building for leper's children at Kalawao not affected by the disease.

Minister Gibson said there were sixty children of leper parents who were not affected, and about 30 who were affected. Some thought the disease would yet develop itself in all children of leprous parentage, but there were some who grew up to fifty years of age without having it. There had been an appeal from the whole community that those children should be given separate accommodation.

Mr. Dole supported the motion.

Mr. C. Brown thought the home should be away from Kalawao, and in that case the Government would have to provide for land, and the nearer Honolulu the better, as physicians would be able to give it more attention and to tell how long children would be in exhibiting the disease, if they contracted it at all. He moved to amend the item to \$15,000.

Mr. Bishop considered there would be some advantage in having the home near the hospital. Most of the children are infants of five to

fifteen years, and their parents are there. A large appropriation had been made for the building and maintenance of hospitals, \$40,000. He did not know what the intention was as to building, but he thought there ought not to be more spent on hospitals outside of the settlements for the next two years. Too much had been spent in that way the last two years. The appropriation was made for special places, but it was largely spent in enlarging this place over here. That was intended for the treatment of persons in the first stages of the disease and it should have been kept to that and never have grown to the present size at all. There was plenty of room at that hospital, and it seemed to him that was the place it ought to be. If it was necessary to make a new place for taking care of those children let them do so, but he thought a special place should be made for them at the settlement. It seemed to him that at that place down here there ought to be a little money spent to prevent lepers from coming outside, where they could shake hands, kiss, and exchange pipes with their friends. If we are going to have segregation of lepers let us have it right. Visiting lepers out of mere curiosity ought not to be allowed.

Minister Gibson made a few remarks about the work of the Sisters of Mercy among the lepers, anticipating great results from their skill and devotion.

Mr. Cleghorn thought lepers should be divided into three classes—the worst cases going to Molokai; those who could be benefited going to the place here, and children to be sent to the proposed House.

The item passed at \$15,000.

A new item of \$500 for a bridge at Waikolu, for the convenience of lepers, was inserted.

Items for the Health Department were then passed as a whole, and a motion to reconsider lost.

Mr. Gulick asked liberty of the House to move for the insertion of two new items, which he would call, "Miscellaneous Items." The first was for repairs and completion of the Palace, \$8,932.03. The items were actual bills for work done, which he could vouch for as having been done on the building, faithfully completing the work. The work was done before his (Minister Gulick's) incumbency. He would place the subject in this way—that the Government having derived benefit to this amount of labor and material, and the money now being owing to these merchants and mechanics for the same, he submitted it was a matter of simple justice that he should be enabled to pay those bills.

Mr. W. O. Smith asked if these were not the same bills as appeared in that account of \$23,000 and odd.

Minister Gulick replied, "They are."

Mr. W. O. Smith said that, then, every item in that account has been voted out and reconsideration refused. If the Ministers had asked the House at first to make a discrimination it might have been different. But all the bills were examined, reported upon and thrown out. On the first discussion the responsibility was thrown upon the Chamberlain, the Ministers saying they did not know anything about the expenditures. When discussing that matter he went over the list and said there were some belonging to Foreign Affairs, such as reception of foreign guests at Coronation; but the Minister was surprised—did not know of that. Now, the Minister of the Interior claims that the works were ordered by the Department.
