discharged, entries passed and general shipping work. All orders left at Hus-

I N answer to several enquiries concerning Whale Boat Frames, we have now in course of construction, 3 Whale Boat Frames 74 feet by 32 feet long. These frames are bent in one piece of oak, and held to shape, thus equiring little tact to set them up and uild. The full frame for such boats, including cants, 45 sections in number, is sold at \$28; with large stems on keel, and ready to plank \$40. They are not intended to be clinker built, nor as the frail imported whale boats proper, but are intended for rough use and durability, yet light withal, for fishing and trading purposes. We have exported these frames and intend doing so, and make this offer to amateurs and others. desirous of trying their hand, with plenty of leisure and small cash to make a business. Will bend frames to any given model from 5 to 25 tons. Also on hand for sale Surf and Pleasure Boats, Stems, Knees and Timbers. Mutual Telephone No 325.
