A NEW BARKENTINE.

Messrs. Hall Bros. of Port Blakeley are just about finishing a new barkentine at their shipyard. She is to be called the Irmgard after Miss Irmgard Schaefer, daughter of Mr. F. A. Schaefer of this city. The Irmgard has been built for the island trade, bringing lumber to Honolulu and returning to San Francisco with sugar. The vessel has a carrying capacity of 800,000 feet of lumber, and can stow away 1200 tons of sugar below decks. She will be commanded by Capt. Paul, a well-known skipper. She is 168 feet in length on the keel, and 196 feet in length over all. She has 27½ feet beam, and a depth of hold of 14 feet 4 inches. Those who have seen the Irmgard say she is a very pretty model. She has been built for beauty and speed.

The owners of the Union Mill, Kaula, have bought the Star Mill. Grinding by the Union will begin about the first of next month.

LOCAL & GENERAL NEWS.

Correspondence on the fourth page.

W. H. Page has a notice elsewhere about accounts due him.

Dr. Anderson, the dentist, returned on the Mariposa and has resumed business.

There is no change in the price of sugar since last advices. It remains at 5¢ for 96 test.

The Post Office despatched on the W. G. Irwin yesterday 797 letters and 66 packages of papers.

The Mariposa brought 35 bags of mail for the Post Office, including 5 bags for the Parcels Post.

Purser Thos. Smith of the Mariposa and Hon. W. C. Wilder have our thanks for late San Francisco papers.

The Waikiki Ranch offer fat turkeys, suckling pigs, ducks and chickens for sale. Order of C. W. Macfarlane early.

At a meeting of the Board of Health this morning, Dr. N. B. Emerson, the President, signified his intention of resigning.

The Pacific Hardware Company will present to the public in a few days a magnificent stock of new goods for holiday presents, including the very latest in art and decorated wares.

A BALLOONIST named Peck was a passenger on the Mariposa. He intended to stay over here and give an exhibition, but after he heard of the balloon calamity, decided to go on to the Colonies.

The performance by the Ray Bros. Saturday evening was not largely attended, but it gave satisfaction to those who were present. The Brothers are going on a professional tour around the islands.

Dr. N. B. Emerson, President of the Board of Health, leaves to-morrow for Kaula to visit some of the plantations. Next week in company with Dr. Lutz he will go to the leper settlement.

An old whaling man named Prosser well known in Honolulu for many years, died recently of heart disease in San Francisco. He had been in the whaling business sixty years, and was over eighty years old at the time of his death.

In the games of baseball played on Saturday at Makiki the Roads and Bridges scored 13 to the Iolanis' 7, while the Punahoa and Valley Boys played a tie game, both sides scoring 10 runs at the end of the ninth innings. Darkness prevented further play.

"That fence" surrounding the race track at Kapiolani Park, for years past a popular bete noir, has at length come down. It is replaced by a stout rail fence, and the change makes a very noticeable improvement in the park landscape.

The Mariposa carried an exceedingly large cargo through to the Colonies. It included 10,700 cases, 99 barrels and 60 half barrels of salmon, 2,000 boxes of apples, 1,105 boxes raisins, 3,473 cases canned fruit, 16,217 pounds dried fruit, 20,961 pounds coffee, 30,000 pounds codfish, also onions, beans, machinery, hops, wine, etc.

About half-past four o'clock Saturday afternoon Thomas Leavitt, a fireman on the steamer Waialeale, fell into the water between the vessel and the dock. Another fireman was quickly on the spot to render assistance but never saw Leavitt again. Up to the time of going to press the body has not been recovered. Leavitt was a native of Cornwall, England, and had been in the islands about twelve years. He was about 56 years of age.

Two hen pheasants from Japan, received by the steamship Yamashiro Maru, have been placed with the beautiful male bird—that has been solitary for many months since his original mate died—in the cage with the peacocks at the park ranger's lodge, Kapiolani Park. The hens were confined together in a basket on board ship, with the result that their disputes over space left them rather exhausted on arrival. They seem to be healthy enough now, and it is hoped, will yield a progeny that will make an attraction to the park grounds.

ENTERTAINMENT AT SEA.

During the voyage of the S. S. Mariposa from San Francisco to this port, a most enjoyable entertainment was given on board, and was highly enjoyed and appreciated by the passengers. The Purser, Mr. Thos. Smith, and Mr. Altmann succeeded in forming the following programme, viz.:

1. Piano Solo—Night Watch.....
2. Song—My Own Fireside.....Mr. Ernst Altmann
3. Duet—O Fair Dove.....
4. Song—Dreams.....Miss Taylor and Mr. Hansen
5. Piano Solo—American Triumphal March.....Mrs. Griffith
6. Recitation—Clarence's Dream.....
7. Song—Nanny Lee.....Mr. Kozminsky
8. Piano Solo—Nocturne.....Miss Hart
9. Duet—Home to Our Mountains.....Misses Taylor and Atherton

Several encores were demanded and responded to with extra songs. Altogether it was shown how pleasantly and instructively evenings can be enjoyed on board ship in mid-ocean. Mr. W. T. Green acted as chairman, and votes of thanks were unanimously accorded to Captain Hayward, Mr. Kozminsky, the chairman, Mr. Smith, the purser, and Mr. Altmann for having been the means of affording such enjoyment to the passengers.

NAVAL MEMORIAL WINDOWS.

A meeting of those interested in memorial windows being placed in St. Andrew's Cathedral to the late Captain Nicolls of H. B. M. S. Cormorant, and Captain Schoonmaker and Paymaster Arms of the U. S. S. Vandalia, was held at the St. Andrew's Sunday school-room Saturday afternoon. The Bishop of Honolulu presided and Mr. Wray Taylor was appointed secretary. The Bishop, after calling the meeting to order, stated briefly its object, in well chosen words.

Capt. H. W. Mist, R. N., presented the following resolution: Resolved, that a committee be appointed with instructions to invite contributions for the purpose of erecting a memorial window in St. Andrew's Cathedral, in affectionate remembrance of the high regard and esteem which is so generally felt toward the memory of the late commander Jasper E. T. Nicolls, and report to the Bishop of Honolulu as soon as they will have succeeded in raising the required sum, viz., \$200.

The resolution was seconded by Mr. Henry Smith and adopted unanimously. The following committee was appointed: Rev. Alex. Mackintosh, Hon. A. S. Clegg and Capt. H. W. Mist.

On motion of Mr. F. M. Swanzy, seconded by Rev. H. H. Gowen, the committee was empowered to add to its number if necessary for the purpose of raising a further sum of \$200 for the erection of a memorial window in remembrance of the late Capt. C. M. Schoonmaker and Paymaster Arms of the U. S. Navy.

Capt. Mist read a letter from Admiral Kimberly, in which he stated that such manifestation of feeling towards the late Captain and Paymaster, was highly appreciated by himself and officers, and he would be glad to contribute.

THE S. S. HAWAII.

The steamer Del Norte, recently purchased by the Wilder's Steamship Company and re-named the Hawaii, took fire at the Oceanic Company's dock, San Francisco, at 7 o'clock on the morning of November 15th. She was loaded with a general cargo of merchandise valued at \$25,277, and was to have sailed for the islands an hour after the fire broke out. It was discovered by some deck hands who saw smoke and steam coming up through the hatchways. The decks were filled with lumber and hay, which a large force of men threw off as rapidly as possible. The tugs Vigilance and Alert went alongside and in a short time had nine streams pouring into the vessel's hold. She was taken to the mud flats, and there it was found that the pumps had drowned the fire. The work of pumping the water out was then begun and the vessel was finally towed back to the dock. The damage is said to have been almost entirely to the cargo.

Hon. W. C. Wilder was on the wharf at the time of the fire and writes that he thinks it was caused by water from a leaking tank reaching some lime and slaking it. The Hawaii was insured for \$30,000 but how much of the cargo was insured he does not know. Mr. Wilder thinks that it will take two weeks to repair the damage.

New Free Tontine Policy

Equitable Life Assurance Society OF THE UNITED STATES

A SIMPLE PROMISE TO PAY.

[From the NEW YORK TIMES, June 22, 1889.]

The Equitable Life Assurance Society has adopted a new form of policy which, like a bank draft, is a simple promise to pay without conditions on the back.

[From the CHICAGO INVESTIGATOR.]

Always on the alert, and ever anxious to give the public the most advantageous contract in life insurance, the Equitable Life Assurance Society of New York has, in the past, made many advances on old methods and has been the means to liberalize life insurance in a greater degree perhaps, than any other organization. It is not at all surprising, therefore, that this great company now comes before the people with a new contract, the like of which has not before been known in life insurance.

[From the KENTUCKY REGISTER, Richmond, Ky., June 28, 1889.]

The Equitable Life Assurance Society has, in the past, done more to create and maintain confidence in life insurance than any other company. Consequently its business is larger than that of any of its competitors. Furthermore, it has now taken a step which practically sweeps every objection of the character referred to out of the way. The result, undoubtedly, will be that thousands of men who have heretofore lacked confidence in life insurance, will examine the new policy offered by the Equitable, and assure their lives forthwith.

[From the BOSTON POST.]

This company has done more than any other to simplify the assurance contract, and to maintain public confidence in life insurance.

[From the PACIFIC UNDERWRITER, San Francisco, July 1, 1889.]

The Equitable has already established a world-wide reputation for liberal dealings with its policy-holders and for its prompt settlement of all legitimate claims against it, and this new policy cannot fail to enhance its reputation for enterprise and progressiveness in dealing with the subject of life insurance.
