LOCAL AND GENERAL NEWS.

The U. S. S. Boston's men had drill on Palace Square this morning. The Band will resume its weekly concerts at Emma Square this evening.

Some of the Chinese have started in to celebrate their New Year's already. The annual meeting of the German Benevolent Society will be held on Friday.

H. I. J. M. S. Kongo is eighteen days out to-day from San Francisco for this port. Three cases of drunkenness forfeited \$8 each in the District Court this morning.

The recruits of the Provisional Government are being trained in military tactics. A Chinaman named Achong has been arrested for robbery. He will be tried to-morrow.

The January number of Handicraft, the Kamehameha Schools organ, has been received. Mr. F. J. Wilhelm resigned his seat in the Advisory Council solely on the ground of ill health.

Mr. C. J. Lyons reports the rainfall at his house, Punahou, in less than two hours, 1.67 inches. The Kamehameha Schools broke up for vacation on Friday, Jan. 20. The next term will open on February 13.

Changes in the Advisory Council are correctly gazetted in this paper. They are inaccurately given in the Advertiser. The Band serenaded Uncle Sam's men at the Dudoit House on Saturday evening. A few invited friends were on the balcony.

The S. S. Australia will be due on Wednesday morning from the Coast. She may have connected with the Claudine on the way. Last Saturday night was the quietest for a long time. Everybody had to be off the streets at 9:30 o'clock, excepting he had a pass.

D. K. Fyfe, ex-jailer, has got away at last. He shipped before the mast on the bark Mauna Ala which sailed yesterday morning for the Coast. Mr. John A. Hassinger, Chief Clerk of the Interior Department, will resume the payment of bills against that Department to-morrow.

A heavy shower of rain fell after midnight and lasted till early morning, flooding several places and causing the streams to rise considerably. Edwin A. Jones, H. John Aka and S. K. Kaeo have been appointed notaries public for the First, Third and Fifth Judicial Circuits, respectively.

Two wagonloads of fresh mullet were brought to the Fishmarket this afternoon. The market is overstocked with fish, which are selling cheap. Notice is given that from and after this date all processes of all courts should be entitled, "In the name of the Provisional Government of the Hawaiian Islands."

A pistol shot was heard near Thomas Square on Saturday night. No one seemed to know where it came from. It may have been another case of Charlie's shooting his own shadow. A new Portuguese string band will be started shortly independent of the Concordia band, now being instructed by Father Valentine. The instruments are expected on the next steamer.

The steamer James Makee was promptly hauled on the Marine Railway when towed into port Saturday. Her rudder-post has to be removed to allow the broken shaft to be withdrawn. Judge Frear presides at chambers this week. Three cases were postponed this morning for different reasons, viz.: Matter of Fook Sing, bankrupt; Probate of will of Maria O'Sullivan, and Kahakukoi et al. vs. S. M. Kaauai, accounting.

Near midnight on Saturday an alarm rang for a fire in a grass hut on Wylie street, near F. A. Schaefer's residence, Nuuanu Valley. The hut was burned to the ground, leaving a poor native couple destitute. The origin of the fire is not known. A private letter from Wailuku says the political changes were taken very quietly there. The news did not create the slightest ripple of excitement. No speechmaking and no gathering of any kind to be seen, and a stranger visiting the place would not know that any special occurrence had taken place.

One of the drivers for J. Carly was going home after putting up his hack on Friday night, when, near the old korosona warehouse, on South street, he was startled by a white man jumping out from a kiawe bush. The man turned out to be a guard, and it was several minutes before the Jehu came to, out of his fright. Hon. S. K. Pua, representative from the fifth district, is having a new house built at Waikiki. The house was entered by some one last night. The knob on the front door was broken, but the door without was unbroken. The robber then went to the rear and broke the back door. A number of carpenters' tools was taken. Asing Go, a Chinaman who has been in prison a year, exclusive of the time lost by escaping from there, was discharged from custody according to law by Judges Foster and Wilcox this morning. Go was convicted of having opium unlawfully in possession at Waimoa, Kauai, on Nov. 1, 1888, and sentenced to pay a fine of \$200. It has transpired that he has no property from which to realize the balance of his penalty.

AT THE FRONT.

Organization of Regular Troops Expected This Afternoon. It has been decided by the Provisional Government to organize a company of regular soldiers as a standing garrison at the barracks. The company is enlisted in the ordinary way, not selected from the existing companies of volunteers. Its strength will be 100 men and three commissioned officers, viz.: John Good, captain; A. Coyne, 1st lieutenant; A. M. Brown, 2d lieutenant. It was expected at noon that the regulars would be sworn in this afternoon.

The interior of Alioli Hale presents a barracks appearance. There are beds and piled bedding in the governor's room, immigration office and, upstairs, in the corridor between Chief Justice Judd and the Second Associate Justice's chambers. Captain Camara and Lieutenant Vivas of Co. C were found at noon disposing of an excellent meal in the immigration office. They were satisfied with the quality as well as the quantity of the grub, the captain volunteering praises of it and contrasting the fare favorably with the commissariat of 1887 and 1889. It was remarked that officers and men were alike well catered for.

Sergt. J. A. Gonzalez was drilling a squad of Co. C in the legislative hall. The Honolulu Fire Department is under the direction of Commander-in-Chief Soper, from whom Chief Engineer Asch takes his instructions. Chief Justice Judd is administering the oath of allegiance to the Provisional Government to Government officials in the Arion hall. Judicial business and hearings are being conducted at the Arion hall. The reason for this transfer is that the passport restrictions of martial law in Alioli Hale would interfere with the smooth administration of justice. To obviate the inconveniences of having the business done away from the place where the records and library are kept, telephonic communication will be established between the hall and the court chambers.

SWEET BEER. As reported previously a native named Pahupu was arrested last week for selling liquor without a license, during the season when the saloons were all closed. This morning he was tried in the District Court. Malina, a witness, stated that he went to defendant's place at Kikihale and bought three bottles of sweet beer for fifty cents. He took a companion, and between them they polished off the sweet beer. It had no effect on him, and an hour afterward he went to Pukolo and drank some awa. In the evening both were arrested for being drunk. When asked at the time by Deputy Marshal Chillingworth what made him drunk, he said it was the beer. The Deputy Marshal next morning asked him what caused his obfuscation, he said beer. The witness now said it was the awa intoxicated him, thus contradicting his own statements made previously. His companion on the stand stated that the sweet beer was the cause of it all. Police Magistrate Foster reserved judgment until to-morrow morning. J. L. Kauiloku and J. K. Kauia for defendant.

Did It Bring Down Its Man or Did It Not. As reported previously a native named Pahupu was arrested last week for selling liquor without a license, during the season when the saloons were all closed. FLOOD AT WAIANAHE. Damage to the Plantation—Supposed to be from a Cloudburst. The rainstorm did considerable damage at Waiahae this morning. A good deal of cut cane was washed to sea, and the fresher uprooted a belt of standing cane. Water stood four feet deep in a paddock. Many of the cocoanut trees and a whole section of kiawe trees were swept down. The water was over the desks in the Government schoolhouse. It is believed the flood was caused by a cloudburst. No such a deluge has been experienced at Waiahae for twenty years. Nothing was damaged about the mill.

LOCAL AND GENERAL NEWS. Diamond Head, 3 p. m.—Weather, cloudy; wind, fresh northeast. That Millani fence was fixed while the item about it was going through the press. It isn't a bad-looking fence now, barring the lack of whitewash. The S. S. Claudine was signaled from Diamond Head lookout station in good time, but the man on the bridge paid no attention to the signal. Charlie flew the letters "J.W.", which mean, "Heave to—stop instantly." Either Capt. Cameron wasn't looking for signals, or he didn't want to risk the possibility of this one being a recall to port. The steamer was only a mile or so off when signaled.

Another Panorama for the Fair.

Among the sights at the Chicago World's Fair will be a colossal panorama, covering nearly 200 square meters of canvas. The subject of the panorama is the Maennichen in the Bernese Oberland. Henneberg conceived the idea, and three noted Swiss painters, Burand, Baudouy, and Furet, with twelve assistant artists, have been working incessantly on the canvas. The artists spent four months sketching in the Maennichen before they began painting. A proof of the panorama has been exhibited in Paris, and the work is pronounced a masterpiece of art. The painting will be finished in a month. It is said that spectators viewing the painting from an exalted platform are so impressed by the realistic mountain scenery that they turn giddy. A special lighter is being built at Paris to convey the panorama to Havre, as the railroad is unable to carry it. From Havre the painting will be shipped on a French steamer to New York en route to Chicago.—N. Y. Herald.

Public Concert. The Hawaiian Band will give a public concert this evening at Emma Square, beginning at 7:30 o'clock. Following is the program: PART I. Are lights illuminate Vienna's Cathedral. Russia and Rome are exchanging correspondence with a view to a reunion of the Orthodox Church with the Roman Catholic. There is great destitution among the non-union locked-out men in England's cotton industry, and efforts are under way to settle the trouble.

It is said that the best passport through the Kurdish mountains is a letter from Dr. Cochran of the American Board of Missions in Persia. On its production the Kurds immediately show the way.

Hollywood Palace is being cleaned and redecorated by order of Queen Victoria, the staircase, picture gallery, and the first-floor suite with ornamental ceilings known as the apartments of Charles I. being entirely renovated.

"In buying a cough medicine for children," says H. A. Walker, a prominent druggist of Ogden, Utah, "never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. I particularly recommend Chamberlain's because I have found it to be safe and reliable. It is intended especially for colds, croup and whooping cough." 50 cent bottles for sale by all dealers. Benson, Smith & Co., Agents for the Hawaiian Islands.

The Daily Bulletin is delivered by carriers for 50 cents per month.

"August Flower"

Mrs. Sarah M. Black of Seneca, Mo., during the past two years has been afflicted with Neuralgia of the Head, Stomach and Womb, and writes: "My food did not seem to strengthen me at all and my appetite was very variable. My face was yellow, my head dull, and I had such pains in my left side. In the morning when I got up I would have a flow of mucus in the mouth, and a bad, bitter taste. Sometimes my breath became short, and I had such queer, tumbling, palpitating sensations around the heart. I ached all day under the shoulder blades, in the left side, and down the back of my limbs. It seemed to be worse in the wet, cold weather of Winter and Spring; and whenever the spells came on, my feet and hands would turn cold, and I could get no sleep at all. I tried everywhere, and got no relief before using August Flower. Then the change came. It has done me a wonderful deal of good during the time I have taken it and is working a complete cure." G. G. GREEN, Sole Man'fr, Woodbury, N.J.

Honolulu Fire Department

NOTICE. Owing to the promulgation of a Provisional Government for the Hawaiian Islands and the Declaration of Martial Law, the Parade of the Department proposed to be held on SATURDAY, February 4, 1893, has been postponed. By order of the Chief Engineer, HENRY SMITH, Secretary H. F. D.

The following choice bit of word painting occurs in Hawthorne's Marble Faun: "Women be they of what earthly rank they may, however gifted with intellect or genius, or endowed with awful beauty, have always some little handicraft ready to fill the tiny gap of every vacant moment. A needle is familiar to the fingers of them all. A queen, no doubt, plies it on occasion; the woman poet can use it as adroitly as her pen; the woman's eyes, that has discovered the new star, turns from its glory to send the polished little instrument gleaming along the hem of her kerchief, or to darn a casual fray in her dress. And they have greatly the advantage of us in this respect. The slender thread of silk or cotton keeps them united with the small, familiar, gentle intricacies of life, the continually operating influences of which do so much for the health of the character, and carry off what would otherwise be a dangerous accumulation of morbid sensibility. A vast deal of human sympathy runs along this electric line, stretching from the throne to the wicker chair of the humblest cottagers, and keeping high and low in a species of communion with their kindred beings. Housewives while you ply the needle, have you ever reflected on the vicissitudes of life? See it that your husbands provide for the future welfare of their families by at once applying for a Policy in the EQUITABLE LIFE ASSURANCE SOCIETY OF THE HAWAIIAN ISLANDS. No more suitable gift could be offered to you."
