LADIES' COLUMN.

When'er I take my walks abroad how many poor I see."
Dr. Watts was the author of many hymns, but the learned and revered versifier was never in truer tune than when he wrote the lines we quote. He saw the class he described, just as they are seen now, and many of the causes which in those days created poor people, operates in exactly the same manner to-day—the greatest cause was undoubtedly INJUDICIOUS BUYING, mad waste of money in pursuit of the will o' the wisp of trade, neglect of opportunities, not taking advantage of a QUICK SALES and SMALL PROFIT system. Goods sold on that basis mean a positive saving to you. There is no denying this, and no one ever was made poor by economy.

We hardly know when to commence when it gets to mentioning goods. Our stock is so full of new goods. Our White Linen and White and Colored Cotton Ducks are well worth mention.

We also have some lovely patterns of Cotton Crepes in Morning and Evening shades. These Crepes are new goods and will please you.

Also a full line of Furniture Covering. We want you to look at them, SILK PORTIERES, CHENILLE PORTIERES, and as for RUGS we have almost any kind you want.

Next week WOOLEN GOODS will be heard from.
