A POINTER

The rainy season is coming, and if you want to shield water like a duck you must be provided with a Rain Coat. I have just received a new invoice of Ladies' English Macintoshes—in fact, I shall make a leader of these goods for the next few weeks and at such prices that I expect to see every lady in Honolulu properly clad for rainy weather.

White Shoes

will not be worn in muddy weather. The reason is apparent and doesn't need explanation.

Tan Shoes

will probably take the place of the white ones for the next few months, and to match these I have an elegant line of Tan Stockings in numerous shades.

Hats

Oh, yes, Trimmed or Untrimmed? Untrimmed! All right. Just pick out the shape. They are all new and the very latest. After you have selected one that suits your peculiar style of beauty I will introduce you to our expert milliner, who will help you select the trimming and I guarantee to finish you a hat that you won't be ashamed of.

Belts

Nothing looks so pretty around a lady's waist (except an arm) as one of our Belts. I have both Silk and Leather with new designs of Buckles. If you don't believe me come and try one on (not the arm but the Belt).

As usual,

J. J. EGAN, 514 Fort street.

VOLCANO ACTIVE AGAIN.

Manager Lee Dismisses the Public Mind of Untrue Reports.

Mr. Lee, manager of the Volcano House, has written to friends here saying that the impression that the fire was all out at the Volcano is a mistaken one. For about two weeks the fire at the crater was almost invisible, owing to the great and dense clouds of steam issuing from the pit. But now he takes great pleasure in stating an entirely different condition of affairs. On the 20th inst. the fire loomed forth again with its accustomed brilliancy and the lake is now active again.

He further states that the first snow of the season was visible on both Mauna Kea and Mauna Loa on the morning of the 20th, which of course indicates cool, bracing weather, the thermometer at present ranging from 48° to 50° in the morning and gradually warming up to 68° and 70° at noon. He believes that a sniff of this fresh mountain air and the changed condition of the Volcano ought to be an inducement to many to make the trip.

This news of the renewed activity of the Volcano is most welcome. Many of the older prophets say this change is the forerunner of greater activity.

Only a Scar Remains

Scrofula Cured—Blood Purified by Hood's Sarsaparilla.

"C. I. Hood & Co., Lowell, Mass."

"It is with pleasure that I send a testimonial concerning what Hood's Sarsaparilla has done for my daughter. It is a wonderful medicine and I cannot recommend it too highly. Sarah, who is fourteen years old, has been afflicted with Scrofula ever since she was one year old. For five years she had a running sore on one side of her face. We tried every remedy recommended, but nothing did her any good until we commenced using Hood's Sarsaparilla. My married daughter advised me to use Hood's Sarsaparilla because it had cured her of dyspepsia. She had been troubled with that complaint since childhood, and since her cure she has never been without a bottle of Hood's Sarsaparilla in the house. We commenced giving it to Sarah about one year ago, and it has conquered the running sore, and she is now perfectly well."

Only a Scar Remaining

As a trace of the dreadful disease. Previous to taking the medicine her eyesight was affected but now she can see perfectly. In connection with Hood's Sarsaparilla we have used Hood's Vegetable Pills, and find them the best."

Mrs. SARAH GRIFFIN, Seattle, WASH.

LADIES' COLUMN.

That there is considerable interest being taken in our proposed Volcano trip is quite evident from the various questions asked us. As we have said before we would like to send you all at our expense, but our Quick Sales and Small Profit system of doing business does not leave us margin enough for that, so we have been to see Mr. Chase, the General Passenger Agent at his office, Williams' Art Rooms, and made this arrangement with him, viz: That to any person forming a CLUB of not less than ten people, (holding one or more of our Sales Tickets) he will issue a round trip ticket to the Volcano at a Reduced Rate. You can go whenever you please, but must all go together. He further says that any one wishing to join the party can do so independently of the Club if they have one of our checks. To those who wish to make the Volcano trip, now is the time to take advantage of the reduced rate. We have so many new things to talk about this week, it's hard to know where to begin, but we must call your attention to the fine line of Ladies' Underwear just received.

THE WAR

between China and Japan will cause prices for their silk fabrics to go higher; no country can fight and weave silk at the same time. The price has already advanced and the papers state that the war is likely to be "on" for two or three years. It behooves the careful buyer to purchase now. We had an immense stock of Japanese Goods ordered before war was declared, consequently we can continue to sell at the old prices as long as our present stock holds out, and then the War will force prices up. Our last consignment consists of Silk Dress Goods, both figured and plain; Morning Gowns for Ladies and Gents, Silk Kimonos, Smoking Jackets, Silk Pajamas, Japanese and China Ware, Screens, Lamp Shades, Lunch Baskets, etc., etc.
