THIS IS THE MEDICINE THAT MAKES PEOPLE WELL!

Mrs. Barron's Story

When I was young I was very healthy and happy, but as I grew older I began to feel weak and nervous. I had a great deal of trouble with my head and back, and I was often unable to do my work. I tried many different remedies, but nothing seemed to help. I was very miserable and I thought I was going to die. I had heard of Paine's Celery Compound and I decided to try it. I bought a bottle and I began to take it. I was very surprised to find that I was getting better and better. I was able to do my work again and I was happy and healthy. I have never felt so well since I was young. I am now 60 years old and I am still as strong and healthy as I ever was. I can thank Paine's Celery Compound for all that it has done for me. I have recommended it to many of my friends and they have all benefited from it. I have written this story to let other people know that Paine's Celery Compound is a real cure for all kinds of weakness and nervousness. I have no other words to say but that I am a true and happy convert to Paine's Celery Compound. I have no other words to say but that I am a true and happy convert to Paine's Celery Compound.
