LATEST FOREIGN NEWS

GENERAL DISMAY AT PRINCE BISMARCK'S REVELATIONS.

Conspiracy Against Spain in the Loo-loo Islands—England's Foreign Policy May Lead to War.

The steamship Alameda brings telegraphic dispatches up to October 30th, of which the following are the most important:

BISMARCK'S REVELATIONS.

Vienna, Oct. 28.—Referring to a statement published in Prince Bismarck's personal organ to the effect that a secret treaty between Germany and Russia was in existence, the disclosure of which it was feared would affect the stability of the Triple Alliance between Germany, Austria and Italy, Austrian newspapers express dismay at Prince Bismarck's revelations, but profess faith in the Emperor of Germany despite the double dealing of the ex-Chancellor.

Berlin, October 29.—The Emperor William is stated to be furious at Prince Bismarck's revelations.

The press reproach Prince Bismarck for his recent utterances.

Vienna, October 29.—The city newspapers are now calmer in their references to Prince Bismarck's revelations, which leads to the conclusion that they have been inspired. They now contend that Prince Bismarck's duplicity will not affect the stability of the Triple Alliance.

ENGLAND'S POLICY FEARED.

London, October 29.—The Marquis of Dufferin, speaking at Belfast, said people in England had no conception of the haunting anxiety experienced by those in high positions on the Continent. The war cloud was ever impending, and Continental statesmen were terrified lest Great Britain's policy should hasten a conflict. Hence the feeling of hostility which was prevalent towards Great Britain.

TROUBLE IN THE LOOLOOS.

Madrid, Oct. 28.—A conspiracy against the Spanish authorities has been discovered in the Looloo Islands, and reinforcements have been sent from Manila in the Philippines.

FIGHTING IN THE PHILIPPINES.

Sydney, Oct. 29.—Late files by the mail steamer from the East show that the revolt in the Philippine Islands continues, and some hard fighting has taken place. A great many rebels have been killed and hundreds arrested, including many leading men. Numbers were shot in the public squares as a warning to the others. A body of eight thousand rebels hold a fort, but they are gradually being surrounded by the Spanish troops, and the worst is considered to be over.

READY FOR FLIGHT.

Constantinople, October 28.—It is reported that the Sultan's yacht is lying night and day opposite a secret passage leading from the Palace.

AN OFFICIAL DENIAL.

London, October 28.—The report that the British squadron in North American waters is to be increased to twice its present strength is officially denied.

NOT HOSTILE TO BRITAIN.

Paris, October 29.—The Temps declares that the Franco-Russian Alliance would not be hostile to Great Britain, and that all disputes between these nations can be adjusted by diplomacy.

INDIAN FAMINE INEVITABLE.

Calcutta, Oct. 29.—There is still no prospect of rain falling, and a famine throughout the country is inevitable.

FIGHTING THE TURKS.

Constantinople, Oct. 28.—A band of Macedonians defeated the Turks at Coroytza, killing 90 and taking 8 prisoners.

THE MATABELE WAR.

Capetown, October 28.—Colonel Baden Powell has destroyed many of the Matabele kraals, and a general surrender of the natives is expected shortly.

ANOTHER HEALTH INSTITUTE. To Be Started by One of Honolulu's Own Young Doctors.

The large bungalow, formerly the residence of the late Dr. Trousseau, entered from both Punchbowl and Miller streets, is being thoroughly renovated and remodeled for the occupancy of Dr. Burgess.

There is a large reception room, an office, an operating room and apartments for special treatment of invalids in various scientific modes. Dr. Burgess is going to start a hydropathic institute, where, besides the water cures, electricity, massage, etc., will be practiced.

There are suites of rooms for medicated baths, separately for men and women. These are being fitted up in most convenient style, and so as to ensure the most absolute privacy. Appliances for all branches of the institute are expected shortly from the Coast.

Dr. Burgess is a son of our esteemed fellow townsman, N. F. Burgess, and does credit to Honolulu for his present enterprise, as well as for the standing he has achieved in the medical fraternity in California. He is a regular contributor to a medical journal of that State.

An Opinion of Chicago.

The Daily Mail, which is printing a series of interesting letters from America, devotes several columns to Chicago, which it describes as the "Queen and gutter-snipe of cities; the cynosure and cesspool of the world; the most beautiful and the most squalid, with widely and generously planned streets of twenty miles, where it is unsafe to walk at night; where women ride straddlewise and millionaires dine at midday; the chosen seat of public spirit and municipal boodle."
