THE BOARD OF HEALTH.

plicants might as well be prepared to stay at home. It will be decided at the next meeting just who will go.

President Smith then presented maps of the proposed cemetery site at Halawa. According to Mr. Dodge's surveys there would be 43 acres of land belonging to the Bishop Estate and 15 acres belonging to the government. Both pieces were at present under lease to J. I. Dowsett. Some of the members thought there would be difficulty in purchasing the land from the Bishop Estate and still more difficulty in getting Mr. Dowsett to sell his lease, but the Attorney-General thought it could be satisfactorily arranged.

Dr. Emerson took occasion to express to the Board his gratification at the general excellence of the quarantine arrangements at the island and the very efficient way in which superintendent McVeigh and his assistants performed their duties. A residence of nearly a month had shown him that the climate of the island was highly suitable and the arrangements generally most excellent. At some future time he would present the Board with a few suggestions by which he thought the usefulness of the station could be still further improved.

President Smith asked the reporters to note the fact that for once the Board adjourned without going into executive session.

THE PROBLEM SOLVED.

For many a score of years has Castor Oil been the pet remedy against constipation and all stomach and bowel trouble with thousands of mothers.

CHILDREN

Dr. Cummins is the first person who successfully disguised the taste without affecting the medicinal virtues of castor oil. The taste resembles honey and does not produce nausea, can be retained by the most delicate stomach.

CRAVE

There are other preparations on the market whose proprietors lay claim to a perfect disguise. We ask that you give DR. CUMMINS' TASTELESS CASTOR OIL a trial and you will agree with us that it has no equal.

IT.

The dose is just the same as Castor Oil.

Price 25 cents a bottle. Be sure that you get Cummins' and take no other.

The Ins and Outs of It.

If you get best wear out of a coat, best work must have gone into it. You can't get good bread out of poor flour.

Moral: You can't get the best out of anything, unless the best is in it; and the best has to be put in before it can be taken out. Now, we have a rule to test those sarsaparillas with a big "best" on the bottle. "Tell us what's put in you and we'll decide for ourselves about the best." That's fair. But these modest sarsaparillas say: "Oh! we can't tell. It's a secret. Have faith in the label."... Stop! There's one exception; one sarsaparilla that has no secret to hide. It's Ayer's. If you want to know what goes into Ayer's Sarsaparilla, ask your doctor to write for the formula. Then you can satisfy yourself that you get the best of the sarsaparilla argument when you get Ayer's.

Any doubt left? Get the "Curebook."
It kills doubts but cures doubters.
