Just Like Gold Coin.

For more than fifty years has PERRY DAVIS' PAIN KILLER stood the test against all remedies prepared to eradicate pain, and today stands at the head of the list among the medicines that are so essential to keep at hand in the home.

It is not a new fangle remedy nor do the proprietors lay claim to any wonderful revelation of the ingredients that enter into the manufacture of this ever popular remedy.

It is perfectly harmless, you need have no fear of becoming habitually inclined to its use.

For Colic, Cramps, Dysentery, Colds, and all painful affections, a few doses will certainly give relief. You cannot afford to be without a bottle in the house.

Your forefathers used it and found it beneficial.

Why experiment with some remedy that is new and its effect on the system unknown?

It has many rivals but no equal.

The new 35c. size contains over double the quantity of the 25c. size.

RETURN FOR A BLESSING.

Youthful Mr. and Mrs. Albert Church Grow Tired of the Tropics.

Oakland, June 5.—Mr. and Mrs. Albert T. Church, who were married on the high seas some weeks ago and immediately sailed for Honolulu, have returned and are now staying with their respective families. Church is but 18 years of age, while his wife, who was Miss Angie M. Fisher, is just past 16. The couple were not very favorably impressed with the islands, and returned to Oakland to brave angry parents. Church is the son of Mrs. Sarah J. Church of 1102 Tenth street, and will receive quite an inheritance when he becomes of age.

The young couple met while attending the High School, and forsook their school life to get married.

Victoria's Many Titles.

The proposal that Queen Victoria make an addition to her many titles upon the occasion of the longest reign grows in popular favor, and perhaps something will come of it. There are plenty of precedents, says a London correspondent of the New York Sun, for there have been fifteen changes in the royal style and title since the time of William the Conqueror. The Queen is said to be hesitating between calling herself "Queen of the United Kingdom of Great Britain and Ireland, and of the Dominion of the British Nation, Defender of the Faith, Empress of India," etc., and a formula which would describe her as Empress of India and the British Colonies. The dominating idea of those favoring the change is to bring the colonies in somehow, because it is supposed that the colonies will never be wholly happy and thoroughly loyal until the British monarch's sovereignty over them is expressly set forth in her title. The fact that they have managed to rub along very well heretofore without it is regarded as an argument worth serious attention.

Two Reporters at the Jubilee.

Among the mighty dignitaries who will throng Victoria's palace halls and add the glow of genius and the light of virtue to the pomp and splendor of her jubilee will be two ex-reporters—John Hay, Ambassador Plenipotentiary of the United States, and Whitelaw Reid, special envoy to convey to her royal and imperial Majesty the congratulations and distinguished considerations of the American people. The high honors attained by these once arduous workers of the press are enough to stimulate the spirit of even the most weary of newspaper men by the thought that there is a bright and glorious future for every journalist who will quit the profession and marry an heiress.—The Call.

BY POLICE AT CALLAO.

Inquiry here confirms the story coming from Lima to the effect that the State Department has lodged a demand with the United States charge of legation at Lima for the release of the mate of the American bark "Uncle John." He was ashore on December 19 last at Callao, and was arrested because of his constant demand for "Rainier Beer." On tap or in bottles at the Criterion Saloon.
