The Twentieth Infantry will not arrive here until about the 25th inst. The transport Scandia will not sail until the 27th, as she cannot be got ready before that time. When the very best Bicycle produced in America is quoted at \$50, you may be sure that rock bottom has been reached. I venture to predict that an end has come to those annual reductions that have so demoralized trade. Only the finest of equipments, with rigid economy of management, can produce such a marvel of cheapness as a standard American Bicycle at the prices quoted in advance for '99. Do not look for any more sweeping reductions. Capital must have fair returns, and the American artisan will have good wages.
