TIDES.

Table with columns for Day, High Tide, Low Tide, and times for Monday through Sunday.

New moon Jan. 1, 1900, at 3:30 a. m. Tides from the United States Coast and Geodetic Survey Tables: The tides at Kahului and Hilo occur about an hour earlier than at Honolulu.

Hawaiian Standard Time is 10h. 30m slower than Greenwich time, being that of the meridian of 157 30. The time whistle was at 1:30 p. m., which is the same as Greenwich 0h. 0m.

MOVEMENTS OF STEAMERS.

Steamers due and sailing today and for the next six days are as follows:

Table with columns for Arrive (Steamers, From, Date) and Depart (Steamers, For, Date).

OLAA SQUATTERS WAITING.

The settlement of the land question by Congress is the measure which most interests the average squatter on Hawaii. The men and women who have settled upon lands in Oloa have faith in Congress and believe they will be given an opportunity to purchase the lots at the price charged for some quality of land in the United States.

These people have no idea that they will be allowed to retain their present holdings without money or without price. So strong is their faith they have not only retained a firm of lawyers in Washington but have sent a representative to place the matter before the members. One of the settlers says: "We are willing to pay a reasonable price for the land, but we do not consider that particular land worth \$20.00 per acre, one of the prices set by the Government in Honolulu. Of course there are some people on the land posing as settlers who can hardly be considered such, but when you think how many people have secured titles to land in Oloa without carrying out their part of the agreement following the example? The receiver or recorder of the land department under United States laws may be more exacting and the 'sooners' will be weeded out. In the main the people who have settled upon public lands in Oloa are bona fide settlers and are living up to the requirements of United States laws. Most of them have made improvements and have gone into agriculture to a limited extent. This I believe, will work to our interest for the facts will all be placed before Congress at the proper time. Any objections there may be to our action comes from the Government officials in Honolulu and we attach very little importance to it. Our cause was properly placed in the beginning, and so far we have won; we believe the final result will be satisfactory to us." - Hawaii Herald.

"A HEART AS STURDY AS AN OAK."

But what about the blood which the heart must pump at the rate of 70 times a minute? If the heart is to be sturdy and the nerves strong this blood must be rich and pure. Hood's Sarsaparilla makes sturdy hearts because it makes good blood. It gives to men and women strength, confidence, courage and endurance. Hood's Pills are non-irritating and the only cathartic to take with Hood's Sarsaparilla.
