## REPUBLICAN MEETING AT EMMA SQUARE CHEERS BROWN

### REPUBLICANS SHOW THEIR FEELING TOWARDS CANDIDATE FOR SHERIFF BY THE GREETING LAST EVENING

### DEMOCRATS ARE NOT PLAYING FAIR GAME

### CHILLINGWORTH SHOWS HOW HAWAIIANS ON TICKET ARE KNIFING McLANAHAN AND BALANCE OF OTHER HALES

The Republican meeting at Emma Square last night was well attended till a shower of rain drove part of the audience to their homes, but even the audience that remained was enthusiastic in a greater degree than has been the case at any meeting of either party in this section of the city.

When A. M. Brown stepped on the platform he was cheered to the echo and when he arose to speak it was several minutes before he could get a hearing from his audience. Charlie Chillingworth was another candidate who was received most enthusiastically. He seems to have friends wherever he goes and his speech, showing the double dealing on the part of the Hawaiians on the Democratic ticket, was one of the features of the evening. George Davis as usual made a hit with his oratorical flights. His suggestion that the Republicans meet their opponents in joint debate was one which appealed to almost everyone. Clarence Crabbe presided and conducted the meeting in a most approved style.

John W. Cayser, candidate for County Attorney, was the first speaker to address the meeting. He said: "Gentlemen, if you don't believe in the principles of the Republican party but believe in a party which has no principles, well and good. But, if you are a good Republican you must stay with your party through thick and thin and vote for its ticket from the highest candidate to the last on the ticket."

"The Democrats do not expect to carry their ticket but are trying to elect one or two men at the expense of the others. Their campaign is one of abuse and not of argument. The claim that they are trying to break the machine. The idea of a Democrat, a man of the party of Hearst, of Tammany, trying to break a machine. It is like Satan rebuking sin."

"As a matter of fact in these islands the Democrats have no party. They are simply a few shreds and remnants and as usual with this kind of goods are a pretty cheap lot and will not wear well. Their party consists mostly of a few disgruntled Republicans who have been seeded out from our ranks or have been refused nominations when they tried to foist themselves on us."

"I remember the first Republican convention held in the Territory. Curtis P. Inoué was there talking Republicanism from morning till dark. What he has been since you all know, but what he will be tomorrow neither you, I nor anybody else knows."

I see that W. W. Thayer, my opponent on the Democratic ticket, says he has been down to the police station and has seen a lot of officers loafing there. Now, Mr. Thayer is a very able little man, but I must say that I doubt very much if he has a very good idea of work. His idea of one who is not a loafer is probably a man who does not play golf well."

Charlie Huatace was the next speaker. He talked in Hawaiian, stating that if the Democratic party got in it would be bad for business in the city and in that way would hurt all the people. He told the women to make their husbands vote for the Republican party, which gave them pot and fish as otherwise they would go without.

He asked who helped the husbands to get clothes for the women and children, not the Democrats or Home Kulers but the Republicans.

Geo. A. Davis was the next speaker, representing W. W. Harris, who could not be present on account of illness. He said: "What appropriations can the Democratic party give to the islands for fortifications, public work of

all kinds and public buildings. They can pass no measures through Congress. What can they do? Nothing. They, if elected, will tell you to wait till Bryan is elected. They will wait till they hear the horn of Gabriel and then he will never be President.

"I believe that the control of the police will be placed in the Board of Supervisors, where it belongs. Do you believe that a man like W. W. Harris will be or can be controlled by any machine?"

"We give you here a ticket as strong and good as has ever been seen in the islands. We will send out a challenge to the Democrats to meet us in public debate in the Opera House. Will they accept it?"

"We have a Civic Federation here. Do you hear anything from them in regard to the questions of the day. No. It is an irresponsible body, controlled by a few men who get in a back room and say whom they will strike off the ticket."

"Now with reference to the granting of liquor licenses. There have been notices sent out by the Anti-Saloon League, another unrepresentative body. Liquor selling will never be given up in the seaport town of Honolulu. What is needed is a high license and an inspector who will prevent adulteration of liquor. The Anti-Saloon League is trying to decide for you who you shall elect. The convention alone had the right to select the Republican candidates, and you alone have the right to elect them."

"The Democrats have Trent to offer. What reform has he or Mr. Moore proposed in their two years in office. None that I know of. Trust those who have done well and return them to office."

W. O. Smith, when introduced, first spoke in Hawaiian, in closing in English, he said:

"We are Republicans and our delegate at Washington is a Republican. He sees that the Republican party has done more for the country than the Democrats. There is no such thing as a Home Rule party in the States and sooner or later all the members of that party here will line up with the Republicans or the Democrats."

"Unless the party goes all wrong as in Chicago, when a great independent ticket was supported by men from both parties, a ticket should never be split. The ticket here is not wrong and should be voted as a straight ticket by all."

W. T. Rawlins said: "The Republican platform is for all, the rich and poor, the working man and the capitalist, and is broad enough for all of us to stand upon."

"In reference to the increase of the pay of teachers, that and the founding of an agricultural college are both prominent planks in the Republican platform. We believe that the young people of the Territory should have an education to fit them for the duties which they must perform in later life and this plank in the platform should therefore recommend itself to every parent here."

"This Territory depends on sugar, an agricultural occupation. For this we need an agricultural college that the people from these islands may be trained to take the places of responsible bility and consider need not be imported from Europe or the mainland."

"We believe in more restrictions in the liquor laws and a high license. I believe that saloons are a necessity. But the profit should go into the hands of citizens who pay the taxes and not to foreigners."

Nothing can be said against the candidates of the party. It has never been against law and order but always for the advancement of the country in every way. Remembering this you must surely vote the straight ticket on November 6th."

A. M. Brown was heartily applauded as he said:

"Fellow citizens, I need hardly tell you that as the candidate of the Republican party I ask you for support for myself and the whole ticket. Iauka is promising you much. He is now promising positions twice over in the police force to the politicians who are working for him. He must, if he puts in his political heels, turn out men who have done their duty for years. Is that right? (Cries of No! No!) If he does not, he must break his word."

"The conditions cannot be made better here in the liquor business till the Legislature changes the liquor laws. High license is needed and will be given if you elect Republicans to the Legislature."

"There is a certain party here trying to down Brown, not to elect Inoué or anyone else, but simply to beat Brown. They care not who else is elected."

The liquor laws should be amended in one particular, that the police may be able to keep the women and children out of the saloons. Under the present laws this cannot be done. In closing I ask support for myself and for every man on the ticket. If elected we promise you a good, clean administration."

A. V. Gear was next introduced to the audience, who cheered him heartily. He said:

Gentlemen, it is easy for you to see what the Republican party has done for you. Every benefit which has been received in the Territory or County is due to their work. Look at the work which they have done on the roads. Take the repairing of Emma street. Was that done by Democrats? Take the work done on Punchbowl street. Are Democrats responsible for that? Look at the school buildings of Honolulu were they erected under the care of Democratic officials?"

The Republican party is the party of progress. It has always done the best for the citizens of the Territory and of the country. Stand by the men whom you know. Do not run hafter a party without a principle. Give as your united support."

E. A. Long said: "The Republican party is for good government for all and special privileges for none. In perfect organization there is strength. This you find in our party. The honesty of the party and its candidates in above reproach. It has kept and will keep all its pledges and promises."

"If you are opposed to trusts and combinations of capital which tend to

## CRISIS OF GIRLHOOD

### A TIME OF PAIN AND PERIL

Miss Emma Cole says that Lydia E. Pinkham's Vegetable Compound has Saved Her Life and Made Her Well.

How many lives of beautiful young girls have been sacrificed just as they were ripening into womanhood! How many irregularities or displacements have been developed at this important period, resulting in years of suffering!

A mother should come to her child's aid at this critical time and remember that Lydia E. Pinkham's Vegetable Compound will prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities.

Miss Emma Cole of Tallahoma, Tenn., writes:

Dear Mrs. Pinkham: "I want to tell you that I am enjoying better health than I have for years, and I owe it all to Lydia E. Pinkham's Vegetable Compound."

"When fourteen years of age I suffered almost constant pain, and for two or three years I had nervous and pain in my side, headaches, and was dizzy and nervous, and doctors all failed to help me."

"Lydia E. Pinkham's Vegetable Compound was recommended, and after taking it my health began to improve rapidly, and I think I saved my life. I sincerely hope my experience will be a help to other girls who are passing from girlhood to womanhood, for I know your Compound will do as much for them."

If you know of any young girl who is sick and needs motherly advice, ask her to write Mrs. Pinkham, Lynn, Mass., and she will receive free advice which will put her on the right road to a strong, healthy and happy womanhood. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge.

restrict the liberty of labor then vote the Republican ticket. If you do not wish to go on record as opposing good wages for workmen, vote the Republican ticket. If you believe that the water system should be brought under the control of the county government, vote the Republican ticket. If you are in favor of the quick opening of public lands, of liberal appropriations for our unfortunate brother citizens on Molokai, vote the Republican ticket."

A. D. Castro seemed to have many friends in the audience who applauded him heartily as he took the platform and said:

"We believe in an honest and economical administration of affairs and I would like to see if elected. We will I selected continue to make laws which will protect the small farmer of Hawaii. (Applause.)"

"Thirteen hundred and twenty-five immigrants are now coming across the Atlantic and when they arrive here I wish them to find that the Republican party has placed one of their own race in a position to make laws to aid them."

Charlie Chillingworth was warmly applauded. He said:

The Hawaiians on the Republican ticket are asking and working for the entire ticket. The Hawaiians on the Democratic ticket are asking for support only for themselves and not for the rest of their candidates. No one has ever heard of a Hawaiian on the Democratic ticket asking for anyone to vote for E. B. McClanahan. They put him up as a joke to lead their ticket. We are different, we know that we need the advice and support of such men as W. O. Smith and W. T. Rawlins. I honor the Republicans for placing a man like Kohio at the head of your ticket."

"The Hawaiians on the Republican ticket are playing fair but those on the Democratic ticket are trying to play false with us and with Mr. McClanahan, whom I respect and honor as a brother attorney and the Democratic leaders are shutting their eyes to it, that they may elect one or two men."

"I realize that I may be committing political suicide by making these statements but I wish to see the entire ticket elected. If I do not wish to be elected myself."

F. T. Waterhouse was introduced as the man who was going to beat "Beacon" Trent. He said:

"I wish to call your attention to one thing. Look over the two tickets and you will see that for the Legislature we have nominated lawyers, who understand this work. There are none on the Democratic ticket. If you elect the Democratic ticket there will be no lawyers in the legislature."

"I ask you to support and elect the entire ticket. I thank you for your attention."
