## HOSPITAL TRUSTEES MUST APPEAL FOR AID OFFICES ARE STILL AWAITING FREAR

### County of Oahu Will Be Rich

By turning over to the counties increased responsibilities and increased funds, the Legislature has given the County of Oahu \$70,000 more to spend, over and above the increased expenditures, than it had before. This includes the \$24,000 for the Queen's hospital, which was cut out of the Appropriation Bill by the Governor and which the County will be asked to make up.

A statement to this effect was made by Governor Frear this morning. It means that the City and County of Honolulu is relatively rich and abundantly able to take care of such institutions as the Queen's Hospital, the Leale Home, etc., as well as to look after the schools, give the traveling public good roads and make other public improvements.

Some interesting sessions of the Supervisors are probable when they begin to cut the cake.

A writ of attachment against the property of the defendant has been issued out of Judge Robinson's court in the matter of Theo. H. Dayles & Co., Ltd., vs. Nyeoka—a suit for \$434.20 for merchandise delivered by the plaintiff to the defendant.

A notice to creditors re estate of W. C. Peacock, deceased, appears in this issue.

### Mott-Smith Will Be An Active President

The principal office of Ernest Mott-Smith hereafter will be in the office of the Board of Health. As President of the Board he will spend most of his time in that office, putting in all his mornings there and devoting the afternoon, or a part of his, to attending to his duties as Secretary of the Territory.

Beyond this, Mr. Mott-Smith stated this morning, he has formed no plans as regards the conduct of his new office. He held a conference, however, with Secretary Charlock this morning with a view to getting a preliminary grasp of the work to be done. From his statements made today, it is evi-

### HOPPER OFFERED TREASURERSHIP

Is Asked By Frear To Accept the Position Now Vacant

William L. Hopper has been asked by Governor Frear to accept the position of Treasurer of the Territory of Hawaii, and now has the matter under advisement. When asked this afternoon if it were true that he had been offered the place, he replied that it was. The Governor, he said, asked him before the Legislature adjourned, to accept, and he did not at that time give any definite reply. The offer is still up to him, he says, and he is considering it.

The Governor, as usual, is mysterious. Nobody, he says, has yet been appointed to the Treasurership, and nobody will be.

Nobody has yet been appointed by Governor Frear to the Treasurership of the Territory, and nobody will be appointed for some days to come. The Governor said that he had not yet found a man for the place, and as he is going to Maui, and possibly to Hawaii, tonight, the matter will probably remain open until after his return.

William L. Hopper is most prominently mentioned on the street today for the treasurership, but when Governor Frear was asked if he was considering appointing Mr. Hopper, he gracefully side-stepped by asking the counter question, "What seems to be the general sentiment in the matter?" And there you are. He loves me, he loves me not. Eeny meeny miny mo, you're it—maybe.

"I was told several times the last

### RESIGNATION STORY WAS A RANK FAKE

Neither Robinson Nor De Bolt Will Quit From Pique

"The Star must have somebody it wants to appoint in my place," said Judge Robinson this morning, when asked about the very obvious fake published in the sheet mentioned, to the effect that he was so sore over not being appointed Second Federal Judge that he was going to quit and leave the country. "I have no intention of resigning now, although they have had me going back to the Coast and all sorts of things for some time."

Judge De Bolt, whom the Star also has on the verge of chucking up his job in a fit of pique because he did not land on the Supreme Bench in place of Judge Perry, was mildly amused when he read the story. "The Star seems to know more than I do about it," he said. "There is nothing in the report."

It is probably true that both men are somewhat disappointed at not receiving the merited promotions, but that they should be so childish as to resign on that account would be ridiculous to suppose. Judge De Bolt may resign soon, but for business reasons, if at all. The salary paid a Judge of the Circuit Court is absurdly inadequate, it is true, especially in view of the increase work caused by turning over to the Circuit Judges the work of the land court and the juvenile court, but if any judge thinks he is not making as much on the bench as he can off it, he can resign for that reason when he gets ready. But it is hardly probable that he will jump his job because he didn't get a better one.

### Victims of Black Hand

NEW YORK, N. Y., April 30.—Eight people perished in a fire here today. Their place was burned as a result of their ignoring a Black Hand threat.

Nelle Schenk Keaweamahi has brought suit for divorce from Henry Keaweamahi on the ground of extreme cruelty. She specifies several choice varieties of cruelty, including drunkenness, wife-beating, desertion and non-support. She asks for an absolute decree and the right to resume her maiden name.

Kanaloa, a Hawaiian youth, seems to have mopped up all the booze in sight before he collapsed yesterday. His trouble was investigated by Judge Andrade this morning, and the Judge whilst recognizing the same effort put up by Kanaloa, had to fine him four plunks.

### 'Trusts'

The importance of trusts has led us to develop our system of handling trust accounts to the very "pink" of perfection.

We invite an inspection of this system. It is plain, concise and accurate.

### SAUCE FOR GOOSE NOT FOR GANDER

Rhodes Gets Increase While Bicknell Whistles

Though the new salary of the Secretary to the Mayor went into effect from the minute Governor Frear signed the bill and made it a law, Auditor Bicknell and the other County officers who were granted an increase of pay by the late Legislature, will have to wait until July 1 for their money.

It is whispered that the reason for the different wording of the bills was due to the fact that certain men high up in affairs were interested in the question of a salary for the Mayor's secretary. Though the pay allowed that functionary under the law is but \$1200, the present incumbent relinquished a position, supposedly more lucrative, to accept it. The actual sum which he is said to receive is \$1800 and it is further said that prominent local Democrats are digging.

### LUCAS, APPOINTED WAREHOUSE KEEPER

Succeeds To Important Office In Customs Service

George W. Lucas, son of T. R. Lucas, who has been in the Customs service ever since 1899, has been appointed storekeeper for the bonded warehouse, succeeding Acting Storekeeper M. G. Johnson. When James Kelley, the regular storekeeper, died some time ago, M. G. Johnson, one of the clerks in the Customs service, took charge of the office.

Lucas, who had passed the civil service examination, was given the position, in appreciation of his long and valuable service to the bureau. He is a young man of determination and has come under the personal observation of Collector E. R. Stackable, W. H. D. King, a night inspector, succeeds Lucas. He is the son of the late Captain King, one Minister of the Interior under the Republic of Hawaii.

### MORE IMMIGRANTS

Seventeen more Portuguese immigrants are coming to the Islands on the Aorangi under the auspices of the Board of Immigration. These people were enlisted by Agent Arenor and are from the same section as those arriving some weeks ago and who have gone to the plantations.

### MAN WANTED FOR HEMENWAY'S DEPT

Larnach Logical Candidate for Place But May Not Get It

Attorney General Hemenway is looking for a man to appoint as his deputy in place of Judge Whitney, who has been nominated for the Circuit bench, to take the place made vacant by the resignation of Judge Lindsay.

When the Legislature cut out the salary for a second deputy, it was taken for granted by the members that the man to go out would be Second Deputy Larnach. But when Whitney was appointed to a place on the bench, it was naturally supposed that Second Deputy Larnach would be moved up to the first deputyship, especially in view of the excellent work he has done in the Attorney General's office.

"I suppose the promotion of Mr. Whitney to the bench means that Mr. Larnach will be your deputy, does it not?" Hemenway was asked this morning.

"You can suppose it if you want to," replied the Attorney General, but I wouldn't do any more than suppose if I were you."

"Then you have some one else in mind?"

"Yes, I have two or three but I don't know that I can get any of them to take the place."  
Unless Mr. Hemenway is adopting his old tactics of trying to throw dust in the eyes of the public as to the man whom he is going to give the opportunity of serving the public and of drawing the public's money, his replies certainly indicate that he has no intention of retaining Mr. Larnach, though there are many who believe that Larnach has made the best record of any man in the Attorney General's office at present and that he is the best and most efficient lawyer in the department.

### Judges of Territories

WASHINGTON, D. C., April 30.—The President has appointed Ernest Leeds as Associate Justice of the Arizona Supreme Court and Alfred Colley and Merritt Meehan to the Supreme Court of New Mexico.

There will be a meeting of the stockholders of the Waiawa Consolidated Pineapple Co. on Monday, May 3rd, at 10 a. m. See notice.

### ALL BILLS CAUGHT BY POCKET-VETO

None of the 18 Measures Left In Governor's Hand May Live

None of the seventeen bills or the joint resolution left by the Legislature in the Governor's hands unsigned and unvetted will become law, according to his statement made this morning. Although he has the right to sign bills after the Legislature adjourns, he will not avail himself of the authority, for the simple reason that he does not approve of any of the bills. Some of them, he says, have their good points, but these are more than counterbalanced by their bad ones.

Regarding the wireless bill, his failure to sign which was criticized by ex-Governor George R. Carter, Governor Frear says his reason for not signing it seems to have been misunderstood. The intent of the bill was all right, but its wording was faulty and the measure would not accomplish the object for which it was introduced.

The real purpose of the bill, the Governor says, was to prevent school boys from interrupting wireless communication by cluttering the air up with their own wireless messages. But this purpose was not stated in the title of the bill, and the measure would, therefore, be ineffective in this particular if it were passed. Besides this, there were other defects in the bill which made it advisable that it should not become a law.

Regarding the measure passed doing away with the penalty on delinquent taxes, while the Governor approves of the general idea of the bill, he says it was very faulty in several particulars. The worst fault is that it wipes out penalties already accumulated, thus being in effect a sort of reward of merit for those who did not pay their taxes when they fell due.

A sale of old galvanized iron will take place May 6 at the Custom House.

### COUNTY WILL HELP QUEEN'S HOSPITAL

"We must have a hospital and the sooner people come to realize that fact the better. I, for one, shall stand behind the Queen's Hospital in its endeavor to get an appropriation from the County." This was the answer which Supervisor Quinn made this morning in response to a question from a Bulletin reporter as to what stand he would take in regard to the application of the trustees of the Queen's Hospital for assistance.

The vetoing by the Governor of the \$24,000 item, to assist in the support of the Queen's Hospital during the next biennial period, has put that institution in a position where something must be done at once. The care of the indigent sick of the County falls upon the hospital and its income is not large enough to permit of the carrying on of the work without some assistance, either from the Territory or from the County.

Realizing that the contingency was one that had to be faced at once, the trustees of the Queen's Hospital this morning held a special meeting to discuss what steps should be taken. It was decided that the matter would have to be put up to the Board of Supervisors at once.

A special committee, consisting of George R. Carter, Willard Brown, and G. W. Smith, was appointed to

### To Poison Rudolph Spreckels

SAN FRANCISCO, Cal., April 30. B. W. Soule, a cook who has been out of employment, was arrested today for sending a threatening letter to Rudolph Spreckels. Soule demanded \$3,500, and unless it was forthcoming threatened to poison Spreckels and his wife. This is one of many threats against his life that Rudolph Spreckels has received since he became connected with the graft prosecution.

### TIDAL WAVE ON LAKES

CHICAGO, Ill., April 30.—Six people killed and fifty injured is the total of casualties thus far reported in the wake of the terrific storm that has swept this city.

A tidal wave from the Lakes did a great amount of damage to property. Reports from the Southern States are that over one hundred people have perished.

Asa, the aged Japanese who stole the case of shoes that were intended for Pala store, was sentenced to one year's imprisonment this morning by Judge Andrade.
