SPORTS

Oahu Defeated Cavalry At Polo

Oahu won the polo game by a very narrow margin on Saturday last at Lilehua and had it not been for two fouls, the Fighting Fifth would have surely landed the honors. Sheridan played the game of his life and scored no less than three goals; his riding was splendid and his hitting as clean as it could possibly be.

Quetmeyer also did good work, and his passing to Sheridan helped a lot in the scoring. The horses of the Cavalry were much better than they had last time and the general play all around was much improved.

A large crowd of spectators made the trip out, and the rooting for the respective sides was immense. When the Fifth scored their first goal the fair fans of Lilehua went simply mad with joy, and the Honolulu bunch looked glum.

Fleming, however, came to the rescue, and it was he who scored for the Oahu team with a clean hit that carried the ball straight between the posts.

Walter Dillingham played a beautiful game, and his riding off was a feature of the game.

All the local men played well, and Baldwin and Fleming were very safe. Major Potter also did good work, but the star player of the day was Lieutenant Sheridan, who hardly made a mistake or miss-hit.

The final scores were: Oahu—3 goals, 2 fouls, 4 points. Fifth Cavalry—3 goals, 3 points.

Malolo Defeats Lone Opponent, Maggie

Only two boats started in the yacht race for the Macfarlane cup yesterday, but still a pretty, close race eventuated. The Malolo won from the Maggie by her time allow-

ance. The times of finishing were: Malolo, with a handicap of 2 minutes, 3:32:30, and the Maggie, which sailed from scratch, 3:43:00. The day was a good one for sailing, and the small craft presented a very pretty sight as they flew past Waikiki and made the turn just off the Inn.

The wind was pretty stiff and the yachts lay over to it in great style. Mr. Savidge, in his launch, was of great assistance to the officials, and he arranged it so that the judges' boat acted as a stake boat off Waikiki.

The race was a most interesting one right through, and it is a pity that more of the small craft did not start.

GOOD VAUDEVILLE AT ORPHEUM TONIGHT

Tonight promises to be a gala one at the Orpheum, it being the grand opening of the new motion picture and vaudeville company at popular prices that are popular prices.

For 10 to 25 cents one can see a complete show of over two hours' duration, consisting of singing, dancing, comedy of all kinds, and winning up with a musical comedy sketch by the whole company, introducing musical numbers backed by a chorus of singing and dancing girls.

The expense of bringing here a complete show of this kind in Honolulu at the prices charged requires full houses nightly, and while the management don't claim this to be a Broadway, New York, production, the guarantee is given that the entertainment is as good as can be had for the money anywhere in the United States, and better than ever seen here before at much higher prices. Seats can be ordered by phone in advance by ringing up 681.

CHAMPION WOMAN WING SHOT. WHO AMAZES TRAP EXPERTS

Mrs. Adolph Topperwein of San Francisco, the only woman who entered the Grand American handicap at Chicago, amazed the shotgun experts by her splendid shooting on that occasion. In a day's shooting preliminary to the handicap she finished second with a score of 96 out of 100 targets. Her best record is 99 out of 100, and she holds the record of having smashed 961 out of 1,000 thrown targets, a feat which required four hours and thirty-five minutes. Mrs. Topperwein is now in Canada shooting against the best trap and wing shots in the Dominion. Later she will return to the United States and participate in the eastern handicaps.

One Hundred and Fourteen Fourth of July Victims.—Chicago, July 21.—Twelve more deaths due to cholera as a result of the fourth of July celebration were reported throughout the country yesterday. This brings the total deaths due to the observance of Independence day from all causes up to 114.

Go to sea for Americans.—Butte, Mont., July 14.—E. P. Hutchinson, superintendent of the Washoe smelter, has announced that the policy of the company hereafter will be to employ Americans before alien labor. Matthews also stated that the company store system has been abandoned in Anaconda.

CONFER ON STRIKE.

(Continued from Page 1) have been coming here and asking for workmen to go to the plantations.

"Were any of those agents white men?" asked the reporter.

"Yes, one of them was a white man," he replied.

"Do you know his name?"

"No, sir."

"Is he a fat man, or wivl (thin) man?"

"Oh, not very thin."

While engaged in conversation with the reporter, one of the office helpers, evidently knowing the nature of the reporter's mission, signalled to Horli to shut his mouth, leave the place and follow him. This was done, after Horli had asked to be excused.
