\$350,000 More For Mahuka Site

Kuhio Cables Success Of Effort ---\$200,000 For Hilo Building

Governor, Honolulu

Have secured two hundred thousand for public building Hilo, and three hundred fifty thousand to condemn remainder Mahuka block Honolulu. Returning Siberia.

KUHIO

Such was the text of a cablegram received this morning by Acting Governor Mott-Smith from Delegate Kuhio, but no details were given as to the manner in which this money was secured, whether by a special appropriation bill or by an increase in the amount carried by the original one.

This action of the United States Government in appropriating the extra \$350,000 to condemn the remainder of the property shows that there has been strong influence brought to bear in Washington to get this large appropriation in addition to the liberal one at first granted by Congress to purchase a site for the new Federal building.

At the time the matter was referred to the Merchants' Association and to the Chamber of Commerce two weeks ago when the first intimation came

PUBLIC MEETING WILL BE HELD ON HARBOR LINES BY UNITED STATES OFFICIALS

(Special Correspondence) HILO, Hawaii, June 18.—On the afternoon of July 14 there will be a public meeting in Hilo to discuss the Hilo harbor lines.

This announcement was made last week by Major Winslow, the army engineer officer who has charge of all the Federal construction work in the Islands. He arrived on Thursday in the Wilhelmina, returning to Honolulu Saturday in the same boat.

On Thursday afternoon Major Winslow had a conference at the Hilo Hotel at which he announced his intention to call a meeting. Those present were Lieutenant Quinn, who has charge of the local harbor construction work; President E. E. Richards of the Board of Trade, Judge Parsons and the editor of the Hilo Tribune.

Major Winslow called attention to the law which provided that in no harbor or river on which Federal appropriations had been expended could any wharf be constructed without the approval of the Secretary of War.

He explained that harbor lines were

of two kinds, namely pierhead lines and bulkhead lines. A pierhead line was a line beyond which no structure of any kind could be built. A bulkhead line was a line beyond which no structure could be built except on piles or columns which would allow the free flow of the tide through them.

About two months ago B. F. Dillingham had told Major Winslow that the Hilo Railroad Company was contemplating building a new wharf facilities which would be sufficient to take care not only of the present traffic but also of the additional traffic which would be created when the new railroad extension into Hamakua became operative. It had, however, not been decided yet whether the company would build a new wharf at some place other than that where the present railroad wharf is, whether it would build a new wharf alongside the old one.

As soon as Major Winslow received

BISHOP STREET TO BE EXTENDED

The Acting Governor this morning was in consultation with Messrs. Skingle, Soper and Waldron relative to the proposed extension of Bishop street which has been on the tapis for some time.

Those in consultation with Mott-Smith represent the principal property owners affected by condemnation proceedings to extend the street and the conference was a lengthy one

NO COMPOUNDS FOR HILO BOARD

(Special Correspondence) Hilo, Hawaii, June 17.—That the License Commissioners of this island will, when they hold their meeting on Monday, June 27, follow the example set by the Liquor Commissioners of Maui, by passing a resolution forbidding the sale of compound liquors, appears reasonably certain. That the Board will take the proposition up for

Teddy Jr. Married Today

NEW YORK, June 20.—Theodore Roosevelt Jr. and Miss Alexander, daughter of Mr. and Mrs. Addison Alexander of this city, were married today at the Presbyterian church in Fifth avenue. Colonel Roosevelt and other members of the Roosevelt family were present and attended the reception held at the home of the bride's parents after the ceremony.

THEODORE ROOSEVELT, JR.

Theodore Roosevelt, Jr. has not had time to worry about the carpet business lately.

Since he left his work in the New England carpet factory a month ago he has been busy giving dinners and arranging for his marriage to Miss Eleanor Alexander today. Each day young Roosevelt bought a bouquet of flowers, and he was not satisfied with sending them, but he carried them to the home of Miss Alexander. He is shown in the above picture carrying his daily bouquet.

ALLOWS MOODY TO RETIRE

WASHINGTON, D. C., June 20.—The House has passed the bill providing for the retirement of Associate Justice Moody from the Supreme Bench on account of continued ill health.

M'RAE SEASON ENDS SATURDAY

Popular Players Heed a Call To The Coast

Henry McRae has hearkened to the siren voice of the Coast theatrical magnates and, acting upon a cable received this morning, decided to terminate his successful season at Honolulu with the performance to be given at the Opera House on Saturday evening.

The McRaes are going to the Savoy Theater at San Francisco.

BRIBERY CHARGES WILL FAIL IS RUMOR

Aylett's Statement Now Stands Alone, Is Report

GRAND JURY RESUMES INVESTIGATION WEDNESDAY

Will the charges of alleged attempt at bribery of a member of the board of Supervisors, which have been under rigid investigation by the Territorial grand jury, fall flat and turn out to be founded upon no more than rumor?

With the reported allegation made by Member Aylett of the city and county Board of Supervisors, that he was approached by Willis Crawford of the City and County Attorney's office, and offered something like six hundred dollars for his vote either favoring the Fort street paving ordinance or to assist in overruling the veto of Mayor Fera, a serious consideration at the hands of the Inquisitorial body?

These, as well as other queries of a like nature, are at present occupying the attention of City Hall employes, business men and also the friends of the interested parties.

The Territorial grand jury adjourned at 1 o'clock on last Saturday afternoon after a three-day session. That body announced that it had not completed its examination of witnesses in the alleged bribery case and asked for further time. Adjournment was therefore taken until 10 o'clock on Wednesday morning, the time set for the regular weekly session of the Territorial Inquisitors.

It is understood that there are

Private Removal Of Royal Bodies

Night Ceremony Will Be Held Friday When Princess Arrives

Next Friday night the removal of the bodies of the royal family of Hawaii to the new mausoleum will take place.

The arrangements for the function have been completed, and only the arrival of the Princess Kawanaakoa on the Sierra, Friday, is needed to go ahead with this removal.

Only members of the royal family will be present during the changing of the resting places of bodies of departed royal persons, and the ceremony will commence at 8 o'clock, lasting for several hours and attended with the pomp and ceremony of royal funerals.

The bodies will be handled only by members of royalty, and no workmen or laborers will be allowed to touch the caskets.

After the bodies have been placed in the mausoleum, Superintendent Marston Campbell of the Department of Public Works will place guards on the work until masons have cemented the caskets into the respective niches in the new mausoleum. The workmen chosen to do this masonry work will be engaged by the royal family, and no outsider will have anything to do with the whole removal from start to completion.

After the bodies are removed, the consecration day of the mausoleum will be set, and this ceremony again will be for members of royalty only. It is understood.

Within a month the monument will be erected over the mausoleum, and the function of laying the cornerstone of this will be of a public nature.

MISFORTUNE OF HUSBAND CAUSES SPANISH WOMAN TO SEEK A TRAGIC DEATH

(Special Correspondence) Hilo, Hawaii, June 18.—A particularly tragic case of suicide occurred yesterday afternoon at Camp No. Five of the Waiakea plantation, when a Spanish woman, named Cenclone Madrona Rodriguez hanged herself in her bed, while her thirteen-year-old daughter was sleeping at her side.

The Rodriguez family has during the past few months had more than its share of misfortune, and it is evident that despondency caused by various troubles led the woman to commit her desperate deed. Her husband has been an inmate of the Waiakea hospital for over a month, suffering from an aggravated case of blood poisoning. He was subjected to a series of operations. First a toe was cut off in order to stay the effects of the poison. Then a foot was amputated and then the other foot, and finally both legs had to be taken off. The woman

had herself been ill for five days, refusing to eat, and was evidently brooding over her and her family's troubles.

Last Friday, a bit before noon, the thirteen year old daughter went to sleep in the bed alongside her mother. A few hours after that a neighbor who came with some tea for the invalid, found her dead, the daughter still sleeping peacefully beside the corpse. The unfortunate woman had cut into strips a piece of cloth which she had purchased some days before for clothing for her children. From this she had fashioned a rope which she had suspended from a rafter which ran directly above the bed. The other end she had tied into a slipknot, which she had fastened about her neck. She had killed herself by strangling, kneeling in the bed.

The woman leaves a husband and six children, the eldest of which is sixteen years of age.

WASEDAS MAY ARRIVE EARLY

Chiyo Maru Leaves One Day Ahead Of Time

Editor Anodera received word from Waseda by the China yesterday to the effect that the Japanese had won their game from the picked team made up from the American fleet stationed in the Orient. Score 6 to 3.

This was to be Waseda's last game prior to leaving Japan.

In a cablegram received yesterday Waseda reported being ready for the trip, also that the Chiyo Maru had left Kobe a day earlier and this may mean a day earlier here.

AUTO SPEEDERS ARE FINED

Beckley And Richardson Plead Guilty To Charge

Five autoists faced the music at the Police Court this morning, and of that number two—George Beckley, Jr., and Frank Richardson—pleaded guilty and were at once fined. Beckley had to pay \$51 in all as it was his second offense, but Richardson got off with \$25 as it was his first appearance.

J. Johnson, J. Santos and Warren Bedford, who were represented by Attorney Lightfoot, waived examination and demanded a jury trial. They were therefore committed to the Circuit Court by Judge Andrade.
