TENNIS SCHEDULE DELAYED BY PROTEST

Mix-Up in Handicaps Necessitates Re-playing of Preliminary Round Match.

TODAY'S TENNIS MATCHES.
At Beretania—
Eklund vs. Guard.
Castle vs. Deerr.
Gray vs. winner O'Dowda-Naquin.
At Pacific Club—
Barnes vs. Renton.
Sinclair vs. winner Nicholson-Waterhouse.
At Manoa Club—
Greenfield vs. von Damm.

Right off the reel, in the preliminary round, a protested match has set the schedule back in the Hall Cup tournament. A mix-up in the handicaps in the O'Dowda-Naquin affair caused the trouble, and after a formal protest had been entered by the latter, the committee decided that the match must be played again.

It was a childish mistake in the first place, and if there was any doubt as to the point allowance it should have been settled before play commenced. If, on the other hand, both men were perfectly satisfied when they started in, a protest seems hardly in order.

The trouble rose over the fact that O'Dowda, who is rated at Class 'D' scratch, contended that he owed half-fifteen to Naquin, who is Class 'E'. A minute's consideration would have shown that O'Dowda being on the even mark and Naquin on the plus side of the handicap, the latter was entitled to receive the odds.

With one set on each side of the net, Naquin was point-match with 5-3, 40-30, but he became unsteady and the Ewa youngster pulled level and then won the deciding set 7-5. The match will be replayed on the Beretania courts this afternoon.

The Barnes-Savage match, which went to the former in straight sets, was productive of more pace than any tennis seen on local courts for some time past. Barnes wasn't afraid to hit the ball, and time and again scored clean aces by hard smashing and driving.

Waterhouse and Nicholson had a hard fight for two sets, the latter taking the first 8-6, and the former capturing the second 6-4. The deciding set was started, but it soon became too dark to see the balls and by previous arrangement the set will be replayed this afternoon. Waterhouse's peculiar service was the interesting feature of this match. When the younger Doherty first came to America people marveled at the height to which he threw the ball when serving, and the length of the arc described by his racquet. But Doherty never reached the service heights of Waterhouse. It's only on a particularly clear day that the ball can be seen at all at the top of its flight, and Waterhouse often has time to light a cigarette and take a few puffs before it descends within racket reach.

The Castle-Deerr match this afternoon should be interesting, as should also the Eklund-Guard. It will be remembered that Eklund won the Cas-

LANGFORD AND JOE JEANETTE

California will have the first semblance of a championship contest since Ad Wolgast was in active service when Sam Langford and Joe Jeanette, the colored heavyweights, met at Tom McCarey's Los Angeles club for a 20-round bout on Saturday afternoon, November 11.

The two negroes signed up articles for their match recently in New York, and so far as known, the match will be carried out according to program. The announcement made in London of the prospective retirement of Jack Johnson, even though that announcement be taken with a grain of salt, lends some additional interest to the affair that is slated for the south. The pair have met on several occasions and Langford has had the better of the fights. Jeanette claims that he can beat Langford over a long distance and has been clamoring for this opportunity for some little time.

This means that Hugh McIntosh will have to whistle and wait for the star attraction he hoped to spring on the Antipodean fight fans, and that "Beggars Sam" won't be journeying on the next boat, as was previously announced.

WOLGAST STILL HOLDS OUT FOR A FORTUNE

NEW YORK, N. Y., Oct. 16.—Abel Levy, backer of Matt Wells, English holder of lightweight honors, announced tonight that the 10-round fight between Wells and Wolgast, which was carded today for October 28, had been called off for the present, owing to the refusal of Tom Jones, Wolgast's manager, to accept a \$10,000 guarantee, agreed at 133 pounds at 3 p. m., and to hold the bout at the club proposed by George McDonald, Wells' manager, but Jones wanted a larger guarantee. It is possible, however, that the money question may be arranged.

Entry blanks and all necessary information can be secured by addressing the Hawaiian Poultry Association or any of the departments above indicated.

The drawings didn't distribute the players very evenly for the Hall event. Sinclair is the only player rated in Class 'C' or better who appears in the lower half of the draw. This means that it will be a case of dog eat dog with the cracks in the early rounds.

Yesterday's Results.
Barnes beat Savidge, 6-4, 6-3; Gray beat Irwin, 6-4, 6-3; Renton beat Smith, 6-2, 6-3; Thompson beat du Roi, 6-7, 6-3, 7-5.

WOLGAST-WELLS PURSE A FORTUNE

English and American Champions Finally Sign Articles—Picture Profits.

NEW YORK, N. Y., Oct. 16.—A new high mark for the financial end of ten-round bouts was reached here today, when Ad Wolgast, the lightweight champion of the world, and Matt Wells, the lightweight champion of England, were matched to fight the latter part of this month for a purse and moving-picture privileges that will amount to at least \$50,000.

Wolgast is to receive not less than \$22,500 and Wells will receive a round \$22,000. Of the total amount to be distributed \$25,000 is contributed by a moving-picture concern for the privilege of taking the boys in action.

The battle will be staged at the old Seabach Palace at Coney Island. A license will be applied for tomorrow, when the articles of agreement will be attested. According to the agreement Wells will weigh 133 pounds at 3 o'clock. The date of the fight will be announced within the next few days.

BOXING THE THING NOW AT LEILEHUA

A good boxing card was put on at Schofield Barracks last Tuesday night, and there is a general revival of interest in the glove game at that post in consequence. Another show will be pulled off in the near future.

Sergeant Bauersocks of the Fifth Cavalry and Blacksmith Allen of the Field Artillery went at it for fifteen fast rounds, and when the last gong rang the bout was declared a draw. Private Swaggart took a decision from Private Kauffman in six rounds, and Private Smith of the Hospital Corps scored a clean knock-out over Corporal Bowen in the early seconds of the second round.

POULTRY SHOW PLANS ARE MADE

The Hawaiian Poultry Association has secured the National Guard shooting gallery, on Miller street, between Beretania and Hotel streets, for its annual exhibition to be held on the 12th, 13th, 14th, 15th and 16th of December next. The Federal Experiment Station, the Territorial Board of Forestry and the College of Hawaii will cooperate with the poultry association so as to make the coming show larger and better than the former ones. An invitation is therefore extended to all who are interested in the growing of fruits, plants and flowers to make entry.

Entry blanks and all necessary information can be secured by addressing the Hawaiian Poultry Association or any of the departments above indicated.

MAY TOUR MAUI.

Following the Senior League ball season, which closes October 29, there is a probability that a picked team recruited from the ranks of the four teams, will make a trip to Maui to engage in a post-season championship series with an all-star aggregation from the Valley Island.

Several prominent Portuguese baseball fans residing on Maui are stirring up interest there in the proposed series, and the matter has been taken up with members of the P. A. C. here. It is likely, however, that even if the Portuguese win the Oahu League race, they will not travel to Maui as a team, but will strengthen their line-up with a sprinkling of Stars, Hawaiis and J. A. C. men.

SWATFEST NETS FREE FOOTWEAR

In Boston the high-salaried ball-players have found a way to earn shoes for themselves as well as "shoes for the baby."

The Boston Herald, speaking of a recent game between the Boston and Detroit teams of the American League, at which there was an attendance of 33,904 people, had the following to say:

"Stands, bleachers and the great horse-shoe space behind the ropes filled as if someone had upset an immense pail of humanity, and it was trickling to all corners at the same time. Only the big football games produce like gatherings in these parts, and these, if more colorful in certain respects, are never as representative gleamings as yesterday's multitude."

"Just before the game started, and when all that was needed to give the 'bottle a championship flavor' was a band, a delegation of shoe people from Brockton marched into the grandstand behind the following of some very acceptable brass. It developed later that Geo. E. Keith was at the head of this crowd, and that they were his employees."

"Mr. Keith loosened considerably during the afternoon. He gave a pair of shoes to every player making a base hit. Detroit didn't wake up to this until about the seventh inning. Then they went in and hammered off seven in two rounds, bringing their total up to 15 pairs of feet protectors for the afternoon's labor."

"The Sox, on the other hand, were on from the very start, for they hit safely in every inning, and piled up a total of 14 bingles during the contest. 'Trix' Speaker, the star of the Boston aggregation, made four hits and is thus the recipient of certificates entitling him to four pairs of \$5 Walkover shoes. We don't know exactly how he is going to arrange it, but imagine that he will wear a pair on each foot and a pair on each hand."

"Mr. Tyrus Raymond Cobb, the hero of the American small boy, idol of the fans and in the estimation of thousands the greatest man America has produced, not excepting George Washington, John L. Sullivan or Teddy Roosevelt, drew two pairs, as did also Wagner, O'Leary, Crawford, Delehanty, Yerkes, Hooper and Stange."

William A. Lewis, a body guard of Abraham Lincoln during the civil war, and a policeman at the White House with a doorkeeper's duties, for thirty-five years, died at Washington.

Governor Harmon of Ohio was given an enthusiastic welcome upon arriving at Kutztown, Pa., where he made an address at a fair.

DEEP SEA GOLF IS THE VERY LATEST

Bored Passengers Invent Ingenious Scheme for Measuring Balls Driven.

In the course of a recent voyage from Buenos Ayres to New York, there took place on board the steamer Vasari what was regarded by the players as the first organized game of golf ever played at sea. It was, to be precise, a driving competition, for it would naturally be impossible to obtain on board ship all kinds of shots as on land. The method of the game originated by accident. One day a passenger was amusing himself by driving balls from the deck out to sea in order to test a certain driver. The question soon arose as to how far the balls were driven, and another golfer, of a mathematical turn, suggested that it would be easy to measure the drives by stationing an observer at each end of the ship, with the teeing ground between them, each to record the angle at which, from his point of observation, the ball struck the water. The known distance apart of the observers, thus forming the base of a triangle, it was easy to calculate the length of the ball's flight, and assuming that the ball was driven off exactly at right angles from the ship's course, her movement between the time of the ball's leaving the deck and striking the water, it was pointed out, would not affect the result. A stock of golf balls was obtained at Trinidad, and a tournament was held. The two observers were stationed at each end of the base line, 428 feet apart, one on the fore-castle, and the other aft on the second-class promenade deck. At each of these points was fixed a table, on which were scales with a movable pointer. The tee was on the main deck forward, a cocoanut fiber mat being laid down, and a section of the ship's rail being removed to allow the ball a free flight. The forward observer could see the player at the tee, but as the latter was hidden from the aft observer, two signmen with flags stood at each end of the upper promenade in order to warn the aft observer when the ball had been driven off. Both the observer noted the angle at which they saw each ball strike the water, recording them as No. 1, 2, 3, and so on, while at the tee a record was kept of the names corresponding to the numbers. The winning drive was one of 520 feet, made by W. B. Price of the Audubon Golf Club, Louisville, Ky., and among the competitors was an English parson, the Rev. H. C. Coote, rector of St. James', Trowbridge.

CONTINUOUS BALL FOR SEATTLE NEXT YEAR

SEATTLE, Wash., Oct. 4.—Continuously ball for Seattle next year was decided on at the annual meeting of the Northwestern League held here today. The schedule will be so arranged that when the Seattle team is away from home the Tacoma team will play here Mondays, Tuesdays and Wednesdays and the Victoria team Fridays, Saturdays and Sundays. The season will open April 29 and close the first week in October. The details of the schedule will be worked out by Judge McCredie, president of the Portland club. A successor to Judge R. H. Lindsay, retiring president of the league, was not chosen, but D. E. Dugdale, president of the Seattle club, was made league president pro tempore. Dugdale was elected delegate to the national association meeting.
