

BULLETIN'S SPORTS—BREEZIEST AND BEST

JAPANESE TO PLAY TOMORROW

International Affair Between Chinese and Japanese Ball Tossers Promises Well.

Two snappy ball games are in prospect for tomorrow afternoon at Athletic Park, in the usual double-header form. In the opener the All-Chinese, the team that has taken over the playing name of the first string men, now touring the mainland, will stack up against the J. A. C. Juniors, while in the second game the J. A. C. Seniors will play against a picked team.

Both these games should prove interesting, and should give a fair line on the ability of the Japanese Athletic Club this year, both in senior and junior company.

Following is the lineup for the All-Chinese—J. A. C. Junior game:

	J. A. C. Jr.
Cho Bui	Yamashiro
En Sue	Wakita
Ahaha	Oda
Tin Yin	Kono
Kuanli	Sawai
S. Kahalewai	Sekiya
J. Xavier	Ozaki
Ping Kong	Omura
Tom Yen	Nii

Substitutes for the All-Chinese team are Leong Hoon, Ah In and Ahong. Players who appear on the All-Japanese rolls, and who may be used in the games, are Matsuchi, Kewamoto, Mumuna and Yamamoto.

Admissions of 25 and 35 cents will be charged.

FEW 3RD SACKERS

At least four of the eight teams of the American League are none too well fortified at third base. Detroit is none too sure of Morlarity, while Cleveland has five players to try out in that position. New York is so uncertain about the position that Wolverton may play it himself, while in Washington Griffith will be forced to try out two youngsters, Morgan and Foster.

Chicago has a star in Lord, and Baker, of course, could not be improved upon for the Athletics. Larry Gardner is expected to prove sensational in the position for Boston, and Jimmy Austin, while far from being in the same class with the three mentioned, will undoubtedly prove satisfactory for the St. Louis Browns.

While there appears to be a scarcity of third basemen just now, the coming season may develop a couple of stars in that position.

WAVE BALL LATEST.

SAN JOSE—Every time Elmer Stricklett, inventor of the spitterball, goes back to the majors after a "spell" in the minors he takes a new delivery with which to make good. This time he has perfected and got control of a "wave ball." The "wave ball" is a dry spitter, delivered from between the two middle fingers and the thumb, and has twice the speed of an ordinary spitter. The speed forms an air cushion ahead of the ball and gives it a wave motion from side to side, similar to the break in the usual picture of a streak of lightning. Stricklett is on his way to rejoin Brooklyn today. His wife accompanies him and he will spend a few days with his parents in Kansas en route.

M'FARLAND HAS NEVER MET A CHAMPION

Though Packey McFarland has been one of the most prominent fighters of recent years, he has never fought for the lightweight championship. This is principally due to the fact that his opponents insist on his making 133 pounds at the ringside, which he finds too difficult, and yet he refuses to enter the welterweight class.

As a boxer and ring general McFarland compares favorably with the late Joe Gans, though the colored boy could do the lightweight limit without any trouble and engaged in many more fights for the title than most of his kind. Because of his failure to enter into long battles for the championship McFarland is looked upon more as a boxer than a fighter.

Johnny Evers is reported to have wiped the froth off his chin and become normal again. We believe it. At a recent fight in New York he bumped into Umpire Breman, and in the course of the conversation there was not even a faint mention of the umpire's ancestry, one of the favorite topics of John's delightful repertoire.

PUNAHOU PLANS CLASS SERIES

Sixty Ball Players Will Be In Uniform and Inter-Class Games Open Season.

The baseball season at Punahou is to be inaugurated next week with an interclass series, in which all four classes of the college will be represented. It is expected that about 60 players, which represents a large majority of the available material, will be out after places on the class teams.

"The class series should give us a good line on varsity material," said Coach Ricker yesterday. "It's hard to say at this time just what sort of a team we will have, but these class games will bring out a lot of men who would not put on a suit if competition was for a first team only, and in this way some stars may be uncovered. Baseball will start immediately after the Easter vacation or some time during the first part of next week."

Ran Hitchcock, star pole vaulter and track athlete, is captain of the Oahu College team this year. If Punahou can win the baseball championship from Kam and High School it will have a clean sweep in the three big sports for the year—football, track and baseball.

SAWED OFF SHORT

4

Not much fight talk heard round town these days.

There will be a meeting Monday night at 7:30 in the office of Charles Chillingworth to discuss the Haleiwa race. All interested in the long-distance run and bike fixture are invited to attend.

Four-ball foursome tournament at the Country Club tomorrow. Players who wish to enter must report in person before 10 a.m. No entries accepted by telephone, messenger, wireless or carrier pigeon. Very formal stuff is golf these days.

While the faculty of the Polytechnic High School of San Francisco put it all over the senior class at a baseball game recently, a game witnessed by nearly 1000 people, it was not the fault of Miss Genevieve Nagel, the winsome student who pitched for the senior class and who was the only girl who took part in the game. Miss Nagel pitched all but one inning, showed better speed than Walker, the taciturn pitcher, walked but one man against her opponents, made fewer errors than any of the boys who played on her side, and altogether made a great big hit with everybody.

The players, handicaps, and positions were as follows:

BLUES REDS
S. Baldwin, 4 No. 1 Dr. Baldwin, 3
L. Redington, 1 No. 2 G. Denison, 2
H. Summer, 1 No. 3 H. Billingham, 3
W. Billingham, 5 back H. Damon, 2
No scoring was done in the first hr. 1.

Auditor Fisher counted the coin at the treasury yesterday and found it to be correct. The total cash on hand is \$588,366.10, while the balance at the banks amounts to \$1,377,507.48, making the total amount at the disposal of the Territory \$1,965,423.53.

POLO NOW IN FULL SWING AND OUTLOOK PROMISING FOR OAHUS

WALTER DILLINGHAM, WHO WILL AGAIN CAPTAIN THE SPEEDY OAHU POLO TEAM

Polo is in full swing, and from now two periods, the ball passing up and until the championship tournament in down the field without advantage to mid-summer, matches will be played either side. At the opening of the every Wednesday and Saturday after third period Walter Dillingham, center. The Oahu team is in better tered the ball with a pretty near side shape for ponies at the present time backhander, and Sam Baldwin put it that it was when the island title was cleanly between the sticks. Just before time was called Redington caught

the ball as it came out of a scrum and sent it through for the end and last goal of the game.

Weather permitting, the Blues and Reds will play again this afternoon, the teams being practically the same, with the addition of Harold Castle, who will strengthen the Blue line-up at No. 2.

Yesterday afternoon twelve players turned out for practice at Moanalua, and in spite of a persistent drizzle two separate games were keenly contested, one with full strength teams, and the other a knockabout two-as-side affair.

Victory in the main game went to the Blues, by the scant margin of one goal. The winners' handicap total

11 goals, while the Reds footed 9, leaving a margin of 2 goals as the latter's allowance for the full game. Only three periods were played, however, cutting the handicap in half and as the Blues scored two actual goals to their opponents' none, they won out by one point.

The players, handicaps, and positions were as follows:

BLUES REDS
S. Baldwin, 4 No. 1 Dr. Baldwin, 3
L. Redington, 1 No. 2 G. Denison, 2
H. Summer, 1 No. 3 H. Billingham, 3
W. Billingham, 5 back H. Damon, 2
No scoring was done in the first hr. 1.

HONOLULUS ARE STILL IN RACE

If They Can Cop Five of the Six Remaining Games They Will Beat Out the Stragglers.

Y. M. C. A. BOWLING LEAGUE.

	P.	W.	L.	Pt.
Stragglers	30	23	7	767
Honolus	30	20	10	666
Oahu	30	17	13	567
Brunswick-Balke	30	17	13	567
Laeti Club	30	17	13	567
Cosmos	30	4	26	133

By taking two out of three from the much-touted Oahu last night, the Honolus held themselves in the championship race, and still have a fair chance of landing the cup. The crucial test will come Monday night, when the Honolus and Stragglers meet. If the Stragglers can take two out of three they clinch the league championship, their percentage in that case, even though they lost three straight to the Laeti in the final contest, being .664. The best the Honolus can do if they drop two games and take all the others is .666. To win the cup the Honolus must take five out of the six games remaining to be played, and if they sweep two from the Stragglers they are very apt to turn the trick, as they come in against the Cosmos cellar champs in the last series, while the Stragglers have to battle the tough Laeti.

The scores:

	HONOLULUS			
Scharlin	126	138	131	455
Gear	162	118	187	487
Scott	158	121	132	432
Wione	188	175	166	539
Williams	162	131	163	526
	788	773	879	2419
	OAHU			
White	164	217	125	506
E. Emmans	95	135	135	330
M. Emmans	155	138	384	384
Hoops	157	168	154	459
Dyson	146	125	163	444
Bernal	132	167	148	447
	692	842	796	2219

SPLITS.

"Good-night, Stragglers," according to several fans.

Bernal doesn't seem to get his "doo-doo" ball working right.

The cubus fouled eight times in the first game. Some record!

White was high score and average for the Oahu, 217 and 169.

Williams was high score and average for the winners, 265 and 178.

EXPERT FROM COAST MAY BE POLO MANAGER

A. R. Higgins, who has successfully managed the San Mateo Polo Club for the past season, is now in Honolulu having arrived here yesterday morning on the Sierra. He is accompanied by Mrs. Higgins, and will remain probably for some months.

Mr. Higgins comes with strong letters of recommendation and introduction from well-known coast players to local polo enthusiasts, and it is quite probable that some arrangement will be entered into whereby he will talk to the Oahu Polo Club and act in a managerial capacity.

The position of polo manager is one that has grown in importance in recent years, and now all the clubs in the United States and England have competent and experienced men versed in all the fine points of the game, who act in this capacity. Their duties are many and varied. They look to the upkeep of the grounds, assist the captain in picking teams for matches, have general supervision over the grounds and stables, and, above all, expend an abundance of tact in keeping everyone "joined" up to the proper pitch of enthusiasm.

La Foulie was arrested yesterday by police officer Larry Twenty to making a disturbance on Hotel street. Twenty is a driver of the police patrol and is always attentive to the discharge of his duties.

On April 1st, 1912, the Boston Export Co., 93-97 Liberty St., New York, N. Y., U. S. A., earnestly asks every sufferer to give Persian Nerve Essence a good fair trial at their risk. Don't delay, remember to-day, the preparation can be obtained.

and by CHAMBERS DRUG CO.

THE GREAT UNKNOWN.

NEW YORK.—James E. Snell, van, secretary of the Olympic games committee, has received an application for a place on the team from an athlete in Pekin, Ill., who modestly claims a place in five events—the 400 and the 880-yard runs, the Marathon, the running broad jump and the hop, step and jump. The "unknown" asserts
