Our Future Prospects.

That Deming has great chances of soon becoming an oil center of considerable magnitude is now pretty certain. The El Paso Oil Company is already at work on the ground with a drill, and Mr. W. H. Orser, of this city, has received reliable and positive information from Bakerfield, Calif., that parties in that city who have been here and examined the oil indications, have shipped an hydraulic boring machine and will set one to begin the sinking of a well upon property which they secured on the quiet while here. One of these gentlemen, while here a few weeks past, said to the Herald: "The prospects for oil at Cook's Peak are far ahead of anything we have ever found at Bakerfield, and I shall invest here." And now, as an evidence of his good faith in this country, he is on the road with machinery. Not a man claiming to have any knowledge in oil matters, that has investigated the prospects in this section, but has said that the chances of finding oil in paying quantities were of the most promising, and that they invariably have backed up their assertions by investing in the lands and stock, we are bound to believe that they are sanguine in their assertions.

Men are scattered all over the land today who, when Dame Fortune came knocking at their door, were either away from home or too lazy or knew too much to open the door and admit the lady. As a consequence these same men are now wandering around, known as chronic cranks, and joking because the other fellow has more money than they.

There are many intelligent and sharp business men in this locality who are taking all the stock in this oil enterprise that their means will admit of and we predict that in the near future they will realize most handsomely upon their investment.

Grant county will give a necktie entertainment on the 7th of next month, at Silver City the county seat, at which Jose Sanchez and Andres Calles will be the principal guests, although much against their personal wishes. With the hanging of these two men will begin an era for the betterment of this whole southwest, and it is to the credit of the men of Grant county who compose the jury for their trial that such is the case. There has been too much leniency and willful blindness, in years past, to the depredations of a certain class of men like Sanchez and Calles of whom the world is better off by their being out of it.

Your attention is directed to the full page advertisement of the Luna Co. Oil Development Company this week. Over 300,000 shares of stock has already been sold, mostly to local people. Shares will sell at 10c for only a few weeks yet. As soon as sufficient stock is sold the work of development will be begun. You should invest in this enterprise, if you have the interest of this section at heart. Read over the ad and be thoroughly convinced as to the claims of the company.

Last Monday William Park, while attempting to shoot James A. Wiley, who was giving damaging testimony in Judge Crowley's court in Central, Grant county, was himself shot and killed. Several parties in the court room engaged in the fracas and just who killed Park is not known, and from the statements of the affair it would seem to make but little difference.

It is almost certain that the proposed railroad from Bisbee, Arizona, will come to Deming. If it does Deming will get a smelter and other good things. The officers of the road were here last Saturday looking over the ground, and spoke encouragingly of coming to Deming.

The New Mexico Territorial Fair will be held in Albuquerque October 15th to 19th. Hon. J. A. Mahoney has been named as vice-president for Luna county.

Deming will send a fine mineral and agricultural exhibit to the territorial fair. We can send no fruit exhibit, a late frost having killed all the fruit.

Real estate continues to change hands in this city. Deming is on the upswing and is fast coming to the front.

In this era of improvements would it not be wise to devote attention to some of our sidewalks?

Gov. Otero has appointed John Orser, of Cook's, a notary public.

Shudders At His Past.

"I recall now with horror," says Mail Carrier Burnett Mann, of Levanna, O., "my three years of suffering from Kidney trouble. I was hardly ever free from dull aches, acute pains in my back. To state all my ailments made no good. I began to use bottles of Ely's Kidney Pills. I made me feel like a new man. The pills relieved my back, stomach, liver, kidneys, and bowels. Perfect satisfaction guaranteed by J. P. Byron. Only 50 cents."

Make Money in California.

In citrus groves, vineyards, ranches, beet sugar, oil wells, mines. You can get there for only \$25 via most direct line. Inquire at Depot.

SOMETHING ABOUT PAUL JENNISON
 "America's Greatest Violoncellist."

At the close of a very successful season (1905-06), wherein he was hailed by the press as the first of American cellists, he refused a very substantial increase of salary in order to broaden his musical and general culture by a residence in Europe. Entering the Conservatory in Leipzig, founded by Mendelssohn, he won the appreciation of Herr Julius Klengel, the greatest technical expert of the instrument, who not only showed him marked attention and many favors, but pronounced him a cellistic genius. In Berlin he enjoyed the inestimable privilege of close contact with Joachim and Hansmann, the cellist of the Joachim quartet, receiving many benefits and kindnesses at their hands. Since then he has played with the Thomas, Damrosch and Bosini orchestras and in quartets with Listmann, Scharf, Mannes, Marum and others.

He now offers himself to the consideration of the American public in a concert company which he has carefully prepared to suit the critical taste of his countrymen, both as regards music and personnel. To assist him he has secured the services of Miss Zada Taylor, contralto of the leading choir of Los Angeles, that of the First Congregational church, who possesses a voice of great power and purity, very sympathetic and true. She has a grand, unaffected manner of singing, in keeping with her handsome face and figure and commanding presence. Miss Kate Condit, the dearest of accompanists, is the third member of the company. One understands why she is so fine an accompanist when one knows that besides playing the piano well she is an excellent organist and a most enjoyable singer.

The musical numbers are all gems by the best composers, exceedingly popular and effective and of the highest artistic merit. Although Mr. Jennison has never smashed balloons, taken milk baths, hunted Colorado lions, or played before King Edward, Emperor William or the Sultan of Turkey, he can play the cello; as the following press extracts attest:
 Terre Haute Express—"Reveals the wonderful possibilities of the cello."
 Cincinnati Enquirer—"His powers gave the greatest satisfaction."
 Mobile Register—"Masterly efforts, wonderful chromatic runs, splendid attack, charming phrasing."
 San Francisco Examiner—"Accomplished virtuoso, beautiful, rich sound tone, marvellous execution."
 Victoria Daily News—"He presented his instrument with mastery, unthought of capabilities."
 New Orleans Times Democrat—"A cellist of the greatest distinction."
 Opera House May 27. Reserved seats 50 cents.

Played Out.
 Dull headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores are all positive evidence of impure blood. No matter how it came so it must be purified in order to obtain good health. Acker's Blood Purifier has never failed to cure scrofulous or syphilitic poisons or any kind of blood disease. It is certainly a wonderful remedy and we sell every bottle on a positive guarantee. J. A. Kinsner & Co.

A large grading outfit belonging to the Milligan Brothers was camped in Deming last Monday night. The outfit had been at work on the west end of the Phelps, Dodge or Bisbee railroad and were en route to El Paso. Their future movements were at the time, uncertain.

Acker's Dyspepsia Tablets are sold on a positive guarantee. Cure heart-burn, rising of the food, distress after eating, or any form of dyspepsia. One little tablet gives immediate relief. 50c and 50c. J. A. Kinsner & Co.

Judge Seaman Field, president of the Board of Directors, will make the presentation address and deliver diplomas to the right young ladies of Deming Public High School, who will graduate next Friday night. Prof. U. P. Duff, the assistant principal, will deliver the address and Prof. W. W. Robertson, the principal, will read the names of those pupils deserving special mention.

If people only knew what we know about Kodol Dyspepsia Cure, it would be used in nearly every household, as there are few people who do not suffer from a feeling of fullness after eating, belching, flatulence, sour stomach or water-brash, caused by indigestion or dyspepsia. A preparation such as Kodol Dyspepsia Cure, which, with an aid from the stomach, will digest your food, certainly can't help but do you good. J. P. Byron.

C. A. Ament, of this city, negotiated a sale the fore part of this week that consisted of a train load of the Chase & McCauley cattle at Hagar. These cattle were sold to L. E. Anderson, of Bakerfield, Calif., and shipped by him to that point. Mr. Ament obtained a price that was highly satisfactory to all concerned.

Ben Rosser, who for several years past has been in the employ of the Victoria Land & Cattle Co., received a telegram last Saturday from his home near San Antonio, Texas that his brother Lee Rosser had been shot and killed. Mr. Rosser started at once for home, nothing of the details of the killing has yet been learned. Ben Rosser is well and favorably known to many in this community and he has the sympathy of all in this sad loss of his brother.
