A NEW AND USEFUL INVENTION.

THE SUBSCRIBER would respectfully call the attention of the public to his newly invented PATENT CORPSE PRESERVER.

The object of this machine is to preserve a corpse for any length of tine in a condition not to be offensive. The value of such a machine cannot be estimated, as it addresses itself to those holier feelings of the human heart which cling around the remains of a departed friend, and long for its preservation from decay, long enough at least to allow all who may desire to behold it again, to have an opportunity to do so.

The machine will, without being in any manner

may desire to behold it again, to have an opportunity to do so.

The machine will, without being in any manner offensive to delicacy or unseemly in appearance, preserve the corpse in a state of perfect sweetness, for an indefinable length of time. And is now offered to the public for general use, a this and the approaching season. It is very frequently a matter of deep interest to retain the remains of a deceased friend longer than they can be safely retained without resort to some contrivance to prevent the manifestation ofdecay. In no manner can they be so perfectly preserved as by the use of this invention. The attention of the various benevolent and philanthropic institutions who desire to retain the bodies of deceased members long enough to pay all proper respect to them, is especially solicited. It has been examined by a great many, especially medical gentlemen, all of whom highly approve of It, amengat whom the Inventor has permission to name:—Brs. J. C. S. Monkur, luloes, Thomas, Handy, Whitridge Kinnemon, Stevenson, Smith, Leonard, Durkee, Baldwin; also, flev. Father Hickey, and Rev. Mr. Aldrich. HENRY W. COOKE, ap13 corner of Hanover and Lombard-sts.

This remarkable discovery comprises an entirely safe and novel application of the mysterious power of Galvanism, as a remedial agent. The GALVANIC RINGS, in connection with the MAGNETIC FUID, have been used with entire success in all cases of RHEUMATISM, acute or chronic, applying to the head, face or limbs:

RHEUMATISM, acute or chronic, applying to the head, face or limbs:

Gout,

Tic Doloreux,

Toothache, Bronchitis,

Vertigo, Nervous or sick HeadAche, Indigestion, Paralysis, Palsy,
Epilepsy, Fits, Cramp, Palpitution of the Heart, Apoplexy, Stiffness of Joints, Spinal
Complaints, Lumbago, Neuralgia, Nervous Tromours, Dizziness of the Head, Pains in the
Chest and Side, General Debility, Dea cioncy of Nervous and Physical Energy, and all the Nervous Disorders.

In cases of DYSPEPSIA, which is simply a negrous derangement of the digestive organs, they nave been found equally successful. The RINGS are of different prices, being mide of all sizes, and of various ornamental patterns, and can be worn by the most delicate female without the slightest inconvenience.

THE GALVANIC BELTS, BANDB,

THE GALVANIC BELTS, BANDS,
BRACBLETS, &c.

Are modifications of the invention, and are recommended in more chronic cases of disease, where the Rings do not possess sufficient intensity or power.—
They are add pred to the waist, arms, wrists, ancies, chest, or any part of the body with perfect case. Any Galvanic power that is required may thus be obtained, and no complaint which the mysterious agent of Galvaniem can effect, will fail to be permanently relieved.

CHRISTIE'S MAGNETIC FLUID.

Is used in connection with the Rings and their medifications. This composition has been prosounced by French Chemists to be one of the most valuable discoveries of modern science. It is believed to possess the remarkable power of rendering the nerves sensitive to Galvanic action, by this means causing a concentration of the influence at the seat of disease, and thus giving rapid and permanent relief.

CHRISTIE'S GALVANIC STRENGTHENING
PLASTER.
These articles form a a important addition to the
Galvanic Rings, acting upon the same principle, but
having the advantage of more local application. As
an effectual means for strengthening the system when
debilitated by disease or other causes; as a certain aid
in constitutional weakness; as a preventive for colds,
and in all affections of the chest generally, the Galvanic Strengthening Plaster will be found of
great and permanent advantage.

OG-HOME CERTIFICATES. DO
These testimonials, all of which are from the most
respectable sources, have been selected fro mseveral
hundred of a similar character, which have been procured during the short time the discovery has been
before the American public. SPINAL COMPLAINTS AND DYSPEPSIA

SPINAL COMPLAINTS AND DYSPEPSIA.

Mr. James H. Birney, of 200 Chemut st., corner of Eighth, was cured of Dyspepsis, and Spinal Cemplaint by the use of the Bands, Rings and Fluid. He was unable to sleep at night before using them.

RHEUMATIC GOUT.

To Dr. Christie:

Sir-After a fair trial of almost everything without any good effect, I think I must attribute a remarkable cure to the power of your Galvanic and Magnetic articles. If I am not mistaken in the cause, they have very seriously relieved me of Rheumanc Gout, have very seriously relieved me of Rheumanc Gout, have very seriously relieved me of Rheumanc Gout, have very seriously relieved me of Montania and Magnetic articles. If I am not mistaken in the cause, they have very seriously relieved me of Moneral nervous debility of the system.

Mrs. Mary Jackson, 109 Bank street, New York.

GG-Mrs. Jackson is a relative of Major M. M. Noah, who has kindly added the following:

Dear Doctor—The above case is personally known to me, and is not less strange than true. It is a happy result, to which I bear witness with pleasure. I may state, that some other cases have come to my notice of a nature equally fortunate and successful. Very sincerely, yours,

New York, Oct. 30, 1845.

EPILEPSY AND PALPITATION OF THE

New York, Oct. 30, 1845.

EPILEPSY AND PALPITATION OF THE HEART.

The following case relates to a Clergyman, the son in-law of Mr. Jorn Jacon Astor, of New York: Rev'd. Jonn Bristland, Minister of the Episcopal Church at Bristol, R. I., residing in Main street, base long been subject to distressing attacks of Epilepsy, often falling down insensible. The disease has been accompanied with violent Palpitation of the Heart, and a rush of blood to the head. For three years he has been unable to preach or attend to his other duties. Mr. Bristland has found the most valuable benefit from the Rings, Bands and Fluid, is better in every respect than he has been since his illness, and is now rapidly recovering his health. All symptoms of Epilepsy have left him.

lepsy have left him.

SEVERE RHEUMATISM.

GF Mas. ELIZ. MILLER, No. 90 Popiar street, between Rachel and Budd streets, Philadelphia, has been completely cured of the most severe attacks of Rheumatism for which she had tried every thing is vain. The extreme pain would often compel her to rise ten times in a night, and her hands were drawn up so as to be completely useless. After using the Rings and Fluid for enly 24 hours, the pains enulrely left, and she has not had the slightest attack for a period of several months.

DR. CHRISTIE is in possession of nearly one thousand testimonials, received from persons who have been entirely cured of the most severe Rheumatism, both Chronic and Inflammatory, for which every other "remedy?" was useless. The Rings and Fluid, when properly applied, have never been known to fail in any of these cases.
