TOO THE AFFLICTED.—We wish to call the attention of our readers to the advertisements of Dr. Dow, a regular medical man, whose professional education is not surpassed by any physician in the country. His having devoted his attention for many years to a particular branch of the profession, and having been extremely successful in curing long standing and difficult enses, such as were considered almost incurable, is sufficient to commend him to the public as worthy of the extensive patronage he is daily receiving. To those acquainted with the Doctor, we say nothing as to his skill, honor, or integrity, as they are well known; but strangers in search of a physician, we would recommend to carefully read Dr. Dow's advertisements, and be sure, when calling on him, to observe that his office is in Second street between South and Gay sts.

Herewith is appended one of the remarkable cures that this wonderful medicine has effected.

New York, Oct. 4, 1845.

To Dr. S. H. Sweetser.—Sir: Last October, being now twelve months since, I contracted a violent cough and cold in returning late on

A COLD NIGHT FROM A BALL, the sudden change from the warm air of the room, to the intense degree of cold without, I think was the exact cause of sit, at first it was

CONFINED PRINCIPALLY TO MY HEAD and body, and such was the pain I saffered that I was forced to go to bed for three days. During the time I was in bed I took

which drove it from my head and body, but it left me with a violent cough; I then had recourse to a GREAT MANY MEDICINES, GREAT MANY MEDICINES,
I saw advertised in the papers for coughs and consumption, and some of them appeared at first to give temporary relief, but none of them appeared to have sufficient strength to eradicate the disease.

After pursuing the course for about three months, during which time I took about
FIFTEEN BOTTLES OF DIFFERENT
MIXTURES,
Syrups and Balsam, and I found that my cough had settled into a backing cough, and that in addition to it, I was now troubled with

settled into a backing cough, and that in addition to it, Lwag now troubled with A PAIN IN THE BREAST.

This I had all the winter with different degrees, of severity, according as I would contract fresh cold; however, as the Spring came on, my cough abated very much, and the pain in the side and breast would only trouble me at intervals, during the Summer months. I became nearly well, but as the Fall set in, every little cold I contracted caused the most violent CGUGHS, attended with very severe PAINS in the BREAST and SPITTING of BLOOD. Seeing a circular of yours, setting forth the good effects of your EXTRACT OF LIVERWORT AND TAR, and being impressed with the idea that a medicine propared from tar would prove

BENEFICIAL IN CONSUMPTION.

I was induced to give your medicine a trial, so I procured a bottle and commenced taking it according to the directions. Soon after commencing it I began to experience relief; the tar appeared to heal my breast and lungs, and cause me to spit up immense quantities of matter and phleghm. Before I had finished the second bottle, my cough had entirely left me, but I though I had better take a third bottle, though long before I had finished it, I was entirely well. Thus has your invaluable medicines performed one of the most remarkable curies eyer known.

One of the most eminent medical writers who has remarks very justly, that the greatest difficulty attending the treatment of Consumptive cases, is in the first

PATIENTS TO TAKE A MEDICINE for what they consider a mere cough or cold; some re-mark, its only a cold; I always let a cold take its own course, and it usually wears off itself. Now in some cases THIS MAY BE TRUE, but I can assure those suffering with a cough or painta the breast, that in

ASTIMA OR DIFFICULTY OF BREATHING can be effectually cured by the extract of Liverwort and Tar. Bronchitis and Sore Throat will also yield to its astonishing effects.

DR. SWEETSER'S EXTRACT OF LIVERWORT AND TAR will be found extremely useful to those who suffer from the evil influence of night sweats.
