

## FORD'S OFFER WOULD AID IN EMERGENCIES

Minority Report Of Senate Agri-  
cultural Committee On Muscle  
Shoals Project Submitted To-  
day—Draws Comparison With  
Other Proposals

## WOULD NOT CREATE SUBSIDY, IT IS HELD

(By The Associated Press.)

WASHINGTON, D. C., Aug. 4.—Ac-  
ceptance of Henry Ford's offer for  
purchase and lease of the govern-  
ment's vast nitrate and water power  
projects at Muscle Shoals, Ala., was  
stated by Republican and Democratic  
members comprising a minority of the  
Senate Agricultural Committee in a  
report submitted today to the Senate.  
Strong protest was entered by the  
members against the acceptance of the  
government ownership and operation  
plan proposed by Senator Norris,  
of Nebraska, the committee's chair-  
man.

The report was presented by Sen-  
ator Ladd, Republican, North Dakota,  
and was signed by Senator Kappa,  
Republican, Mississippi; Senator Car-  
raway, Republican, Louisiana; Smith,  
South Carolina, and Hefflin, Alabama,  
Democrats. It estimated that the govern-  
ment had lost \$3,000,000 at Muscle  
Shoals since the armistice, by failure  
to develop and operate the project,  
and declared the quickest way to stop  
these "losses" is to accept Henry  
Ford's offer for the purchase and lease  
of the government's Muscle  
Shoals properties.

**Some Objections Apparent**  
"Certain objections to the Ford offer  
seem apparent," the report said,  
"but we insist without fear of suc-  
cessful contradiction that none of the  
objections to the Ford offer can be  
remedied and solved by government  
ownership and operation—by the govern-  
ment going into the power busi-  
ness or entering the uncharted and

## "BABY SHOW" WAS FEATURE AT GLEN BURNIE LAST NIGHT

More than 5,000 persons attended  
the Glen Burnie Carnival last night,  
which was featured by the annual  
baby show. With 75 entries, the work  
of the judges was anything but easy.  
The prize for twins was won by  
Dorothy and John Marshall, children  
of Mr. and Mrs. Joseph Marshall of  
Glen Burnie. Other awards were as  
follows: For babies one year old and  
under, won by Madelin Mattie Bryant,  
16-month-old daughter of Mr. and  
Mrs. Raymond Bryant, 1707 Penning-  
ton Ave., Curtis Bay; prize for a baby  
one and two years old, won by Wil-  
liam S. Crisp, 16-month-old son of  
Mr. and Mrs. William Crisp, of Brook-  
lyn Park.

Tonight will be "Mardi Gras" night  
at the carnival.

## FUNERAL OF HENRY B. MYERS TOMORROW

The funeral of Henry B. Myers,  
prominent merchant of the city, head  
of the Henry B. Myers Co., who died at  
his residence, 570 West street, yester-  
day, will take place from there to-  
morrow afternoon at 5 o'clock (day-  
light-saving time) and interment will  
be in Cedar Bluff cemetery. Arrange-  
ments for the funeral are in charge  
of Funeral Director B. L. Hopping.

## WATER WITCH CARNIVAL TO START TOMORROW

The annual carnival given by the

## GOVERNOR LIVING LIKE SOLDIER BOY

Chief Executive Of State Visits  
Maryland Guard In Camp  
And Awards Medals

Fifteen hundred soldiers, officers  
and men of the First and Fifth Mary-  
land Infantry and the One Hundred  
and Fourth Medical Regiment, yester-  
day welcomed Governor Ritchie to the  
camp at Edgewood Arsenal, where he  
is leading the life of a soldier for  
three days.

It was "Governor's Day" at the  
camp, and the occasion was duly  
celebrated with an elaborate program,  
comprising presentations of service  
medals and one Distinguished Service  
Medal, a review of the troops, athletic  
contests and a dance.

Today the Governor will be present  
at the review and present the trophies  
to the winners in the regimental ath-  
letic contests. The camp will bivouac  
tonight, in preparation for breaking  
camp tomorrow. The Governor will  
go to Baltimore for a meeting of the  
coal distribution committee, but will  
return to camp to spend the night.

## Presentation Of Medals

Shortly after the arrival yesterday  
of the Governor, who reached the  
camp from Annapolis at 12:30, thirty  
medals, in recognition of continuous  
service for periods ranging from five  
to 20 years, were awarded. One of  
these was presented to Adjutant-Gen-  
eral Milton A. Reckord, who has spent  
20 years in the service of his country.

After a review of the troops, who  
were marched in massed columns  
across the golf course, the Governor  
witnessed a program of athletic  
events at Walker Field. These in-  
cluded races, shot-putting contests,  
high-jumping and a tug-of-war. They  
were watched with evident interest by  
the Governor, who did not hesitate to  
cheer when a feat of skill or a test of  
strength was displayed.

The events lasted until six o'clock.

## FEARING SEIZURE BY FRENCH, GERMANS FIND NEW BANK DEPOSITORIES

(By The Associated Press.)

PARIS, Aug. 4.—German banks  
within the last forty-eight hours have  
transferred to banks in Holland and  
Switzerland between sixty million and  
70 million French francs, which had  
been on deposit in French banks and  
in America, the Associated Press  
learned today.

The money was hurriedly with-  
drawn, it was understood, in antici-  
pation of its being seized by the  
French government as part of the  
penalty to be imposed upon Germany  
for her refusal to pay the two mil-  
lion pounds sterling installment due  
for private debts contracted before  
the war with Frenchmen.

## FIRE HEAVILY DAMAGES BUILDINGS AT STATE FAIR GROUNDS, COLUMBUS, O.

(By The Associated Press.)

COLUMBUS, O., Aug. 4.—Fire, be-  
lieved to have been caused by defect-  
ive wiring, caused damage estimated  
at \$500,000 to the administrative  
group of five buildings at the State  
fair grounds today.

Five firemen were injured fighting  
the flames. State officials say the de-  
struction will not prevent the annual  
fair being held on the dates sched-  
uled.

## GARRETT OPPOSED TO SALOON, BUT FAVORS LIGHT WINE AND BEER

(By The Associated Press.)

BALTIMORE, MD., Aug. 4.—John  
W. Garrett, candidate for United  
States Senator in the Republican  
nomination contest, defining his posi-  
tion on the Volstead act, today made  
the following statement:

"I am opposed to the return of the  
saloon, but I favor amendment to the  
Volstead act to permit the manufac-  
ture, transportation and sale of light  
wines and beer, including cider and  
home-made wine."

## TELEPHONE SERVICE TO PAUSE ONE MINUTE IN BELL'S HONOR

Clarence L. Clemson, local  
manager for the Chesapeake and  
Potomac Telephone Company an-  
nounced that there will be a  
pause of one minute in telephone  
service late this afternoon as a  
mark of honor and respect to the  
memory of Dr. Alexander Graham  
Bell, inventor of the telephone.

The time fixed for this testimo-  
nial is from 7:25 to 7:26, (daylight-  
saving time), or 6:25 to 6:26,  
(eastern standard time). The  
time fixed is the exact time that  
the funeral services for the late  
inventor will begin.

Like tribute will be paid by the  
telephone service of the American  
Telephone and Telegraph Com-  
pany throughout the United States  
and Canada. Approximately 13-  
000,000 telephones will be affected  
by this pause.

## ARRANGE TRIP ON BAY FOR CITIZEN-SOLDIERS

Those Now At Camp Meade  
Coming Sunday To Embark  
On Steamer Harrington

## NAME RECEPTION BODY

Annapolis will be the gathering  
place for a short time on Sunday for  
the large number of young men from  
every section of Maryland who com-  
prise the citizen soldiery spending  
this month in training at Camp  
Meade, this county. The citizen-sol-  
diers are coming here to embark for  
a boat trip on the bay. Final details  
of the trip have not been completed,  
but the boys will leave Camp Meade,  
via the Washington, Baltimore and  
Annapolis Electric Line, about 1:15  
in the afternoon, and the steamer  
Governor Emerson C. Harrington, of  
the Claiborne-Annapolis ferry line,  
will take them out into the bay.

The Rev. James M. Magruder, of  
"Hockley," near Annapolis, has been  
designated chairman of the entertain-  
ment committee on this occasion, ac-  
ting in conjunction of the general citi-  
zens' committee of Baltimore, of  
which George A. Mahones is chair-  
man. Members of the Rotary Club of  
Annapolis have also interested them-  
selves in the trip of the young men  
and will take care of them while on  
the trip aboard the steamer.

## Local Committee Named

In addition to the Rev. Magruder,  
the following have been designated as  
a local committee to help look after  
the boys and accompany them on the  
steamer: Mrs. James M. Magruder,  
Rear-Admiral Henry B. Wilson, Su-  
perintendent of the Naval Academy, or  
a representative named by him;  
Judge and Mrs. Robert Moss, Mayor

## TWO BASEBALL GAMES ON LOCAL CALENDAR TOMORROW AFTERNOON

Baseball fans will have two attrac-  
tions to witness tomorrow afternoon,  
one at the Naval Academy and the  
other on the diamond at St. John's  
College.

The contest at the Academy will be  
between the team of Plebes and the  
Annapolis Athletic Club, while that at  
St. John's will be the fourth battle in  
the series between teams of the re-  
cently organized "Twilight League"  
of the city. The contenders in this  
will be the Odd Fellows and Marines.  
The Odd-Fellows-Marines set to  
start at 4:30, instead of 3:30 as origi-  
nally scheduled, owing to the fact  
that the Plebes-A. A. C. fracas will  
get under way earlier in the after-  
noon.

In the game between the "Twilight"  
teams, each will, of course, be on edge  
to win. If the Marines win they will  
top the league standing, as they al-  
ready have one victory to their credit  
and at present are tied with the Elks  
and Rescues, each of these two teams  
having scored a victory.

There will also be a game at David-  
sonville, in the county, tomorrow  
afternoon. The opposing forces will be  
the nine of that place and the Sea-  
men's Gunnery School of Washington.  
The contest will start at 3 o'clock  
(Standard time). In the evening, be-  
ginning at 8 o'clock, there will be a  
dance in the community hall.

## PASSES MINUTE ON H. B. MYER'S DEATH

Chamber Of Commerce Adopted  
Resolutions On Prominent  
Merchant

In accordance with the recently  
adopted amendment to the constitu-  
tion of the local Chamber of Com-  
merce, the first of the regular bi-  
monthly meetings of the Chamber was  
held last night at the Globe Building,  
West street and Church Circle.

A healthy growth of membership  
was evidenced. The various commit-  
tees entrusted with the work of the  
Chamber of Commerce have buckled  
down to business and much good un-  
doubtedly will result for the benefit  
of the community in general and the  
business interests in particular.

## Henry B. Myers Extolled

Resolutions of regret at the death  
of Henry B. Myers, one of the leading  
business men of this city, were adopt-  
ed, and a floral tribute will be sent  
as evidence of the esteem in which he  
was held. Following are the resolu-  
tions:

Whereas, There has passed  
from our midst Henry B. Myers,  
one of the pioneer business men  
of this community;

And Whereas, The deceased, by  
his industry and probity, gained  
the respect and admiration of the  
people of this city and county;

Be it resolved by the Chamber  
of Commerce that it record the  
profound regret of its members  
at the loss sustained by his de-  
mise, and that their sympathy be  
extended to the family of the late  
Henry B. Myers;

Be it further Resolved, That  
these resolutions be spread upon the  
minutes of the Chamber of  
Commerce; that a copy thereof be  
sent to the press and to the  
family of the deceased.

Acting on the principle that all

## MUNSEY FIGHTS TARIFF FOR SELF INTERESTS, IDAHO SENATOR CHARGES

(By The Associated Press.)

WASHINGTON, D. C., Aug. 4.—  
Frank A. Munsey, owner and publish-  
er of the New York Herald, was  
charged today in the Senate by Sen-  
ator Gooding, of Idaho, chairman of the  
tariff bloc, with fighting the admin-  
istration tariff bill in the interests of  
his investment in Europe.

Asserting that Mr. Munsey had in-  
terests in steel plants, mines, glass  
factories, pottery plants, woolen mills,  
16 beet sugar factories and other in-  
dustrial enterprises in Europe, Sen-  
ator Gooding declared that it was "not  
hard to understand why Mr. Munsey  
had turned his hounds loose on those  
Senators who are trying to protect  
American industry and American la-  
bor."

"Nor is it strange that he has sin-  
gled out the members of the tariff  
bloc of the Senate," he continued, "for  
without the steady influence of the  
tariff bloc this propaganda that has  
been going on by Munsey-Goldman  
and the international bankers and  
their kind would have defeated any  
attempt to pass a protective tariff  
measure at this session."

When Senator Gooding concluded,  
his resolution for an investigation was  
reported adversely by Chairman  
Calder, of the Senate expenditures  
committee.

## DAVIDSONVILLE DANCE FOR TOMORROW NIGHT

The dance to be held this Saturday  
night at Davidsonville bids fair to be  
the best held in the Davidsonville hall  
in a long time. The "Annapolitan  
Four" will furnish music for the oc-  
casion and will see that enough "pep"  
and syncopation are supplied to make  
folks want to dance despite the warm  
weather. There will also be a ball  
game Saturday afternoon between the  
Davidsonville team and the Seamen's  
Gunnery School, of Washington, on  
the Davidsonville grounds at 3 o'clock  
(Standard time), and it is expected  
that many of those who come for the  
game will stay over to the dance that  
night.

## FINE TROUT FISHING IN ANNAPOLIS WATERS ATTRACTING ANGLERS

With the wily trout beginning to  
show signs of increased hunger, de-  
voted of the piscatorial sport who  
are wont to display their prowess in  
adjacent waters are wearing the  
smile that simply won't come off.  
While hard-heads and "spots" have  
been snared here in abundance of  
late, the trout species, until recently,  
has been showing no especial fond-  
ness for nibblin' at the bait.

Now, however, the hunger-strike  
among the trout seems to have come  
to an end, and trout fishin' here-  
abouts again is getting good. As a  
matter of fact, every indication points  
to this month being a busy one for the  
rod-and-reel and drop-line experts.

The splendid fishing grounds that  
abound here have long been the  
mecca of fishing parties from the city,  
and that these same city fishermen  
keep their ears well attuned to "the  
fish are bitin'" cry, is attested by the  
fact that such fishing parties started  
to grow in number almost as soon as  
the trout began to bite.

Off Thomas' Point, Hackett's Point,  
Greenbury and Tolley's Points, the  
fishing craft, both large and small,  
are beginning to dot the bay in a  
manner which plainly shows that the  
followers of Sir Isaac Walton are los-  
ing no time in taking advantage of  
their opportunity to "make hay while  
the sun shines."

Undeterred by such things as a tor-  
rential rain and a thunderstorm, a  
party of Baltimoreans arrived here  
late yesterday afternoon and put out  
in the teeth of the storm for the fish-  
ing grounds off Greenbury Point.  
Having learned that the trout were  
nibblin', they refused to wait until the  
storm subsided, and their efforts were  
rewarded by a fine catch consisting of  
about 30 trout and hard-heads. One  
of the trout landed over the gunwale  
was of a size sufficient to tip the  
scales at the four-pound mark, ac-  
cording to the estimate of Capt.  
George Freeman, of Annapolis, who  
took out the party on the good ship  
"William Powell."

Among those in the party were the  
following: Robert A. Rouse, sales  
manager of the Continental Can Com-  
pany; Clarence O. Dix, of Robert  
Garrett and Sons, bankers; Dr. A. Ben  
Jaeggin; William C. Rouse, general  
superintendent G. Ober and Sons; S.  
Perry Simmons, Jr., and Clayton H.  
Englar, of the Continental Can Com-  
pany, and Master Frederick Morrison.

## MAYOR ACTS TO DETERMINE COAL SITUATION HERE

Co-Operating With Maryland  
Fuel Commission, He Directs  
Police Patrolman To Gather  
Data From Dealers And Along  
Other Lines

## "AMALGAM" ADVERTISED AS GOOD SUBSTITUTE

Municipal authorities of Annapolis  
lost no time in taking steps to co-  
operate with the Maryland Fuel Com-  
mission in the crisis that confronts  
the people of the State arising out of  
the coal situation.

Through telegrams sent out by  
William M. Maloy, chairman of the  
Public Service Commission, and a  
member of the fuel commission, the  
mayors of various cities, the people  
were called upon to meet the winter  
shortage resulting from the strike.  
Immediately upon receipt of a copy of  
this telegram, Mayor Samuel Jones  
took the necessary action to ascer-  
tain the exact state of affairs here in  
Annapolis. He directed Day Police  
Patrolman James E. Lowman to visit  
the several local dealers in fuel and  
to gather all data possible relative to  
conditions here.

## City's Supply Long Exhausted

There is no getting away from the  
fact that this city is hard hit, as far  
as coal is concerned, for it has been  
several months since the supply of  
the dealers became exhausted, and  
they say hope is forlorn. Lucky are  
the persons who, according to estab-  
lished custom, got their winter's sup-  
ply stowed away early in the spring.  
Not a few business houses and private  
residents did this, but in many in-  
stances, it is said, they were unable to  
get enough. Aside from wood, prac-  
tically the only thing in the way of  
fuel in the city is coke at the works  
of the Annapolis Public Utilities Com-  
pany. This company has quite a  
quantity of coke on hand, but it would  
not last long.

## "Trent Amalgam," Substitute

One local dealer, however, is adver-  
tising in the Capital today a good sub-  
stitute for coal as fuel. It is called  
"Trent amalgam," which is said to be
