

WILSON'S NAME DRAGGED INTO HAZING TRIAL

Midshipman Parker, Testifying
In Defense Of Gilmer, De-
clares Superintendent Intimat-
ed To Seniors That He Believ-
ed In Practices.

STICKS TO STORY ON CROSS-EXAMINATION

Testifying as a witness for the
defense in the court martial of
Midshipman John P. Gilmer, Jr.,
charged with hazing, Midship-
man Willis C. Parker, Jr., also a
first classman, stated that Rear-
Admiral Henry B. Wilson, superin-
tendent of the academy, had in-
timated to the members of his
class that he believed in hazing.
This was the most extreme
statement yet made tending to
show approval of a certain
amount of hazing, or customs
generally so classed, by officers
of the service, particularly sta-
tioned at the academy, and in-
dicates that this will be a line
of defense in general to the charges
of hazing now lodged against
midshipmen of the first class.

Admiral Addressed Class
Midshipman Parker's statement
of the incident connected with Admiral
Wilson's speech was that it took
place last May when the members
of his class were about to become
first classmen, the superintendent
bringing them together in Memorial
Hall and speaking to them of their
duties as first classmen.

According to Parker, Admiral Wil-
son intimated that he believed in haz-
ing, and then, checking himself, said,
"I can't say that; it is against the
law, but the freshness ought to be
taken out of the plebes."

Sticks To His Story
Parker said that the first state-
ment of the Superintendent caused a
general laugh, which fixed the in-
cident in his memory. Cross exam-
ined by Judge Advocate Murphy, Parker
stuck to his story with exactness.

Portions of the letter to the class
from Admiral Wilson were read to the
witness, including the admonition
that, "instruction is as necessary as

ELECTION RESULTS PLEASE GOVERNOR

Adoption Of Amendments Marks
Consummation Of State Re-
organization Plan

Governor Ritchie who manifested
the keenest interest in the late cam-
paign has issued the following state-
ment concerning general results of
the election:

"The adoption of the Fewer Elec-
tions amendment and of the Comptrol-
ler-Treasurers' amendment marks the
final consummation of the reorganiza-
tion of the State Government of Mary-
land, which was the major plank in
the Democratic platform of 1921 and
which the people at that election ap-
proved.

"Part of this reorganization it was
possible to effect by statute; the re-
mainder required Constitutional
amendments.

"The statutory part was passed by
the Legislature of 1922 in the form
recommended by the Reorganization
Commission, with no material change.

Effective January 1

"This legislation goes into effect on
January 1, 1923, and under it the ex-
ecutive and administrative depart-
ments of the State government will
be reduced from about 80, as at pres-
ent, to about 20. In addition to this,
a council composed of the Governor
and important department heads will
meet constantly to consider State af-
fairs, and numerous provisions are
made looking to greater economy and
efficiency.

"The next result is sure to be a
much better supervision over the pub-
lic business, a much closer connec-
tion between the work of the differ-
ent departments, and in general a
governmental structure which will
approach as nearly as possible the
lines which an efficient business cor-
poration would follow. The saving
from the general reorganization
promises to be well over \$100,000 a
year, without counting the saving
which always comes from greater ef-
ficiency.

Fewer Elections Will Save \$350,000

"The Fewer Elections amendment
will result in terms of four years for
State and county elective officials, and
in abolishing all but municipal elec-
tions every other year. This will re-
sult in a minimum saving of \$350,-
000 every year. It will relieve the
people of the unrest, the excitement,
the interruptions to their business and
the general economic loss which an-
nual primary and general elections
cause. It will assure the highest pos-
sible grade of members of the Leg-
islature.

"The other constitutional amend-
ment makes the terms of the Comptrol-
ler and the Treasurer four years
instead of two, so that they may con-

WEATHER COOLER, SO NAVY GRIDDERS PUT GINGER IN PRACTICE

Cooler weather helped to put zest
in football practice at the Naval
Academy yesterday afternoon, and it
was noticeable that the work was faster
and harder than has been the
case in practice for some time. To-
day the last hard practice will be
held before the game against St.
Xavier's on Saturday.

Yesterday's work covered the dif-
ferent phases of football, the varsity
taking the ball for a portion of the
time and then having a period of de-
fensive work, a strong scrub trying
to carry the ball. While the Varsity
had the ball, straight plays were
used mostly, though an occasional for-
ward pass was interspersed. Most of
these worked for small or moderate
gains, but on one occasion the pass
was intercepted by DeSantis, an An-
napolis boy, who was playing on the
second team backfield.

In addition to Barchet and Math-
ews, Carney, left guard, and Norris,
Barchet's understudy at fullback,
took a rest. Hughes played fullback
for the whole scrimmage period, and
did fine work. Except for his lack
of weight, he has every element for
a running back. Conroy, McKee and
Cullen made up the backfield, at first,
but were afterwards replaced by Fla-
herty, Flippin and Hamilton.

NEGRESS PAYS FINE FOR ASSAULT AND BATTERY

Arrested by Patrolman S. A. Jones,
of Eastport, on a charge of assault
and battery, Stella Crowdy, colored,
was adjudged guilty at a hearing be-
fore Police Justice William S. Welch,
of Annapolis. A fine of \$10 and costs,
amounting to \$12.75, was imposed.
Stella paid and was released. Hattie
Pinkney, another negress, was the
victim of the assault.

DEMOCRATS WON FIVE OUT OF SEVEN IN W. VIRGINIA

(By The Associated Press.)

CHARLESTON, W. VA., Nov. 9.—
West Virginia elected a Democratic
senator and 4 Democrats and 2 Re-
publicans to the House of Represen-
tatives, replacing its solid Republican
delegation in the last congress. Sen-
ator Howard Sutherland today con-
ceded his defeat by his Democratic
opponent, former Congressman M. M.
Neely and the count of votes had
progressed sufficiently to make Mr.
Neely's election certain.

Ohio "Dry" By 290,000
(By The Associated Press.)

COLUMBUS, O., Nov. 9.—With four
hundred and fifty-three precincts still
to report indications were today that
the majority against the wine and
beer amendment might reach 200,-
000.

CONDUCTING SANITARY SURVEY OF OYSTERS IN WATERS NEAR HERE

Making the trip on the State steam-
er Robert M. McLane, federal officials
connected with the Bureau of Chem-
istry are engaged in a survey of cer-
tain oyster beds under the waters of
Chesapeake Bay. The survey will
continue about 10 days. It is the first
survey for ten years in Maryland
along sanitary lines.

The natural beds in the vicinity
of Annapolis, and Cambridge are be-
ing examined first, these points hav-
ing been reported by State conserva-
tion officials as being polluted.

GOV.-ELECT PINCHOT PLANS TO TAKE REST

(By The Associated Press.)

PHILADELPHIA, PA., Nov. 9.—
Gifford Pinchot, Pennsylvania's Gov-
ernor-elect, announced today that he
plans to slip out of the city for a few
days' rest and, he announced, to per-
fect plans for a new State budget and
for a government re-organization
scheme to be presented to the legis-
lature.

Late returns indicated that Mr.
Pinchot's plurality was increasing.
Figures received from 7,560 of 8,021
districts in the State gave him 735,-
069 votes to 539,577 for John A. Mc-
Eppan, his Democratic opponent, a
lead of 225,492.

The returns showed that the Demo-
cratic candidate carried 27 of the 67
counties. Unofficial returns indicated
that the Democrats gained six con-
gressmen in Pennsylvania, giving
them a delegation of 7 and that they
also had increased their representa-
tion in the legislature.

MODIFICATION OF DRY LAW ALREADY BEING CONSIDERED

(By The Associated Press.)

WASHINGTON, D. C., Nov. 9.—
Proposals for legislation modi-
fying the Volstead act to permit
the sale of light wines and beer
were regarded today at the Treas-
ury as extremely likely to be
made shortly.

Meanwhile, however, Secretary
Mellon was reported as holding
that the Treasury's policy of a
strict enforcement of the Volstead
act, despite the expression of pub-
lic opinion in different states,
will be continued until Congress
acts.

BRUCE CARRIED COUNTY BY 261; MUDD GETS 574

Senator-Elect Polled 4,287 Votes
Against 4,026 For France—In-
cumbent Congressman Ran
Ahead Of Ticket Getting Total
Of 4,442, To Roberts' 3868.

HEAVY CUTTING IN CONGRESS FIGHT

Verification of the returns of Tues-
day's election in Anne Arundel county
gave Senator-elect William Cabell
Bruce a majority of 261 over his Re-
publican opponent, Senator Joseph I.
France, while the majority of Con-
gressman Mudd, Republican, over his
defeated Democratic opponent, Clar-
ence M. Roberts, is 574. The slight
increase in the majorities of each of
the successful candidates, compared
to the estimates of yesterday, was
brought about by the official vote of
part of the first precinct of the First
district, which was not received until
today.

The total poll in the county for
Senator and Congressman follows:

Bruce, 4,287; France, 4,026.

Roberts, 3,868; Mudd, 4,442.

Congressman Mudd, it will be
noted, polled 155 more votes than
Senator-elect Bruce.

Rev. James L. Smiley, Socialist
candidate for Senator, polled 182
votes.

The vote on the referred law, or
"Three County Commissioner Bill,"
was:

For, 1,937; against, 2,967.

Majority against, 1,060.

Studying Election Returns

An analytical study of the figures
furnish some interesting compar-
isons, at least to those familiar with
political conditions of the county.
They show material waverings here
and there in the poll for the respec-
tive candidates, whatever may have
been the influences contributory
thereto.

Standing out above all else, per-
haps, is the manner in which Con-
gressman Mudd, Republican, re-elected,
held on to the vote in Annapolis.
It was reported that many of the col-
ored voters were cutting him, but if
they did, the figures fail to show it.
Instancing this is the vote of the
Fourth Ward of Annapolis, where the
greatest proportion of the colored
vote is centered. That many Demo-
crats, as has been the case in former
campaigns, gave their suffrage to him
also champions no doubt.

Comparison In Figures

Senator Bruce's heaviest vote in a
single precinct was in the Second
Ward of the city, his total poll being
469; while out in the county his high-
est mark was in the first precinct of
the Third district, the home of former
Sheriff Frank S. Revell, which gave
him 340. France's highest precinct
vote came, of course, from the Fourth
Ward, his total being 507. In the
county his high watermark was in the
second precinct of the Third district,
266. The first precinct of the same
district gave him 263.

High Votes For Roberts And Mudd

Roberts, the defeated Democratic
candidate for Congress, received his
highest figure in the Second Ward of
the city, 355, and in the rural sections
the high mark was in the first pre-
(Continued On Page 2.)

WOULD TAX LIGHT WINES TO PAY SOLDIERS' BONUS

(By The Associated Press.)

CHICAGO, Nov. 9.—The soldier
bonus bill, with an additional
provision to pay the bonus by a tax on
light wine and beer, will be re-intro-
duced in Congress by Representative
Fred E. Britten, of Illinois, he an-
nounced here today.

"NED" DUVALL HERE; CONVALESCING FROM SURGICAL OPERATION

Major Edmund P. Duvall, United
States Army, better known as "Ned"
Duvall, famous athlete at St. John's
College 15 years ago, and a native of
Annapolis, is here on a visit to rela-
tives and friends.

"Ned" has come here to convalesce
from a recent illness. Taken down
by appendicitis, he was operated upon
a few weeks ago at a hospital in
Charlotte, N. C. The attack is said to
have been an aggravated one. The
former star of the gridiron is steadily
recovering from a weakened condi-
tion. He is able to be about and is
being warmly greeted by many
friends. "Ned" is here, at an auspici-
ous time, for he will be enabled to
witness the football warriors of his
alma mater in the annual game
against the ancient rivals of Johns
Hopkins, to be staged on Homewood
Field, Baltimore, November 25.

U. S. REINFORCES ITS FLEET AT DARDANELLES

WASHINGTON, Nov. 9.—The
cruiser Pittsburgh, flagship of Vice-
Admiral Long, in command of Ameri-
can naval forces in European waters,
has left Gibraltar for Constantinople
"for eventualities," the Navy Depart-
ment announced yesterday.

The Pittsburgh is expected to ar-
rive within four days and remain in-
definitely. Admiral Long, who is on
board, recently transferred his flag to
the Pittsburgh from the battleship
Utah and it was expected that he
would "in the course of events" pro-
ceed to Constantinople and thence to
various other European ports. The
renewed crisis in the Near East, how-
ever, caused the Navy Department to
issue orders for Admiral Long to pro-
ceed at once.

RENO DIVORCE LAWS TO STAND AS BEFORE

(By The Associated Press.)

RENO, NEV., Nov. 9.—Two proposi-
tions to change the divorce laws of
Nevada, submitted as amendments to
the voters at Tuesday's election, fail-
ed.

One would have altered the period
of residence to one year from six
months and the other in effect would
have ratified the present divorce laws
of the state and forbid their altera-
tion under constitutional amendments
for a period of 3 years.

SPORTSMEN GALORE TO GO GUNNING TOMORROW

There will be hunters—plenty of
them—in all parts of Anne Arundel
county during the gunning season
that opens tomorrow under the law.
With over 300 licenses issued yester-
day which brought the total above the
2,000 mark, there followed another
big rush today and the figures for
licenses issued have now reached 2,-
400. And still the applicants were
besieging the clerk's office at the
Court House this afternoon.

To Preach At Academy Chapel

The preacher at the Naval Acad-
emy Chapel at the 10:45 service next
Sunday morning will be the Rev.
James H. Taylor, D. D., pastor of the
Central Presbyterian Church, Wash-
ington. Dr. Taylor will also address
the Midshipmen's Christian Associa-
tion in the evening.

GAMBRILLS, A. C. TO HOLD CELEBRATION

The Gambrills Athletic Club will
hold a roast-beef supper on Thurs-
day, November 23, at St. John's Hall
beginning at 5:30 p. m. Supper will
be served at fifty cents each for
adults and thirty-five cents for chil-
dren—and oh! boy—they are going to
be "some" suppers too: roast-beef,
chicken salad, potato salad, sweet-
potatoes, slaw, etc.

The members of the club appre-
ciate the support the residents of the
community gave to the baseball team
during the past season and hope that
all persons who were so loyal and
who desire a winning team next year
will turn out in force on the 23rd,
and if you are not a baseball fan—
come anyhow, because you simply
can't afford to miss this splendid sup-
per.

Would Unseat Newberry
(By The Associated Press.)

BIG RAPIDS, MICH., Nov. 9.—Sen-
ator-elect Woodbridge N. Ferris,
Democrat, today announced his in-
tention to work in the Senate for the
unseating of Senator Newberry, of
Michigan.

CAIN, HALFBACK OF ST. JOHN'S, INJURED

His Left Hand Smashed In Sat-
urday's Game Against
Drexel Eleven

Easy victory of St. John's gridders
over Drexel Institute proved costly.
Cain, one of the sterling backs, a
consistent ground gainer and a great
defense player, suffered painful in-
juries to the fingers of his left hand.
The injury, though, is not as seri-
ous as at first thought. This was re-
vealed by an X-Ray examination.
Coach Holan, however, stated today
that it is not likely he will be used
in the game against Dickinson Sat-
urday, which will be the stiffest test
the Cadets have yet had. If he is,
it will be only for a short time.

Others In Good Trim

With the exception of slight injur-
ies, the rest of the team came through
the Drexel setto unscathed and have
been putting in hard practice in pre-
paration for the conflict with Glen Kil-
linger's prodigies.

Captain Kirkpatrick, who was un-
able to play last Saturday, in all
probability, will be able to start
against the Carlisle aggregation.
Finetger, the stalwart centre, is still
on the casual list.

Dickinson, in spite of the setback
at the hands of Gettysburg, has a
very formidable collection of football
artists. In the game last Saturday
several of the first string men were
unable to play on account of injur-
ies, and Dalley, big Red and White
fullback, mainstay of the backfield,
played only a few minutes. At the
beginning of the fray, Killinger's
crew started with a rush and soon
scored a touchdown. This, however,
seemed to be the termination of their
scoring power, and Gettysburg, tak-
ing advantage of the breaks, came out
on the long end of the score.

To "Prep" For Title Games

After the Dickinson game, Coach
Holan of the Cadets, will point all
his work and the preparation of his
charges for the contest for the State
title. The Saturday following the
Dickinson game, his pets encounter
Western Maryland, at Westminster.
Then a week later comes the big game
of the year, the game where all the
diligent practice, conditioning, polish-
ing and finishing is brought to bear,
and the result decides whether the
season has been a success or failure
namely: the game with Hopkins.

**AUTOMOBILES CHIEF ISSUE
BEFORE STATE SECRETARIES**

(By The Associated Press.)

FRANKFURT, KY., Nov. 9.—The
automobile, with its attending prob-
lems of registration and taxation, will
be the main topic of discussion at the
annual meeting of members of the
National Association of Secretaries of
State, which meets here November
17 and 18.

Round table discussion will occupy
the greater part of the sessions of the
meeting. Uniform registration in all
States will be discussed, as will auto-
mobile thefts, various forms of tax-
ation and corporation and blue sky
laws.

A report of a committee appointed
at the association's meeting last
year relative to the formation of elec-
tive officers and heads of motor ve-
hicle registration departments being
formed into a single association, will
be made at the first day's session.

OFFICIAL CANVASS OF VOTE NOW BEING MADE

Sitting as a Board of Canvassers,
as required by law, the Board of Su-
pervisors of Elections for Anne Arun-
del county, this afternoon began the
tabulation of the official vote cast in
Tuesday's election. While the official
figures may show a few discrepan-
cies, it is unlikely that they will be
more than a minor nature, and will
not change the result as previously
indicated in the Evening Capital.

EVIDENCE IN HALL-MILLS MURDER READY FOR JURY

(By The Associated Press.)

SOMERVILLE, N. J., Nov. 9.—Final
plans for presentation to the Som-
erset county grand jury of evidence in
the Hall-Mills murder mystery were
discussed in detail at a conference
here of Special Deputy Attorney-
General Mott and his assistants with
Supreme Court Justice Parker and
Alfred Gibbs, grand jury foreman.

Mr. Mott intimated that he would
begin laying evidence against "the
woman in gray" and two men before
the jury Monday, but declined to say
definitely.

REPUBLICANS WILL CONTROL HOUSE BY 19

Election Results Show Big Slash
—Majority In Senate Cut To
Mere Handful—Few Districts
Where Fights Were Tight,
Yet To Report.

GASTON AND DUPONT TO DEMAND RECOUNT

HOUSE MAJORITY FOR G. O. P.
NOW PLACED AT 19

(By The Associated Press.)

NEW YORK, Nov. 9.—Returns
from all but three congressional
districts where results were still
undetermined at noon today,
show 224 Republicans, 205 Demo-
crats, 1 Socialist, 1 Independent
and 1 Farmer-Laborer elected to
the new House of Representa-
tives.

NEW YORK, Nov. 9.—Con-
tinued Republican control of
Congress, but with a Senate
majority cut in two and a House
majority of 160 slashed to a mere
handful, became apparent today
as the results of last Tuesday's
congressional voting became
known.

Tight races in the few unde-
cided districts, not affecting the
general result and delays in
counting, however, threatened to
postpone the final figures until
tomorrow.

Montana For G. O. P.

The general picture of Tuesday's
storm of ballots was virtually finish-
ed early this morning when belated
Montana returns sent the Republicans
over the top in the House contest.
Election of R. Scott Levitt, Republi-
can, in Montana, gave the Republi-
cans the 218 votes necessary to con-
trol the next House, but even these
Republican tidings were coupled with
news of defeat of Representative Mc-
Cormick, Republican, Montana.

No Further Senate Change

Belated returns did not add to the
40 per cent. cut in the Senate Re-
publican majority sustained in the
earlier tallies. They told, however,
of the undisputed victories of Sen-
ator King, Democrat, Utah; Sen-
ator Jones, Democrat, New Mexico, and
of another Democratic victory in Mon-
tana, where Burton K. Wheeler was
elected to succeed Senator Myers,
Democrat. Late returns also confirm-
ed the defeat of another Republican
veteran of the House, Representative
Halvor Steenerson, of Minnesota,
whose place will be occupied by a
Farmer-Laborite, Knud Wefald. This
gave the Farmer-Labor party repre-
sentation in both branches of Congress
for the first time. Dr. Henrik Ship-
stead, Farmer-Laborite, having de-
feated Senator Kellogg in Minnesota.
In the few remaining contests the
fight was so close that talk of con-
test recounts and official counts was
rife.

Gaston Demands Recount
