NEW YORK, April 14.

The acting Collector of this port has received the following dispatch:

Halifax, N. S., April 14, 1866.

The city medical officer reports that up to last evening one hundred and seventy deaths, including forty who died on the passage from Liverpool, had occurred on board the steamer England. He reports the disease as probably a severe form of ship fever, with many of the prominent symptoms of cholera. It amounts to a regular plague. The surviving passengers have been removed, some to Her Britanic Majesty's receiving ship Pyranees, and others to tents on shore at the quarantine ground. The disease is apparently decreasing.

To the Public.

HAVING been engaged for more than twenty years in the Hair Dressing business, and knowing as I do all the preparations that are offered for the restoration of the Hair, and how they are made and what composed of, and knowing most of them to be useless, and some injurious, and feeling the great need for some preparation free from injurious substances, such as Oils, Alcohol, and Sugar of Lead, Lac Sulphur, (a most poisonous preparation) injurious to the health of the hair and body; I have endeavored to supply the want by preparing an article that is free from oils of all kinds, and all substances known to be injurious. It will keep the hair moist and glossy longer than any oil, cures all humors of the scalp, stops the itching of the head, prevents the hair from falling off in the worst cases of fever or other disease, and will not soil the nicest silk. My Balm is not a Dye, but purely a Dressing for the Hair and a Medicine for the Head. It should be in every house; it is just what is needed to clean the heads of children, from the babe to the eldest child, for it is free from everything that will irritate the scalp, cures the humors and stops the itching of the head. I here offer the names of a few persons who have used my Balm. Let them speak tor them-selves.

Mn. Todd:—I feel it due to you, as a public benefactor, to state that my hair was falling off very badly, and I was troubled for a long time with a disease of the head known in the medical world as Porrigo, which causes severe itching of the head. I tried your Hungarian Balm, and to my surprise and pleasure my hair stopped falling off, and the humor has entirely left the head.

C. R. PACKARD, M. D. Boston, Mass.

I have tried Todd's Hungarian Balm, and I conside the best article in use for the hair. J.B. WEBB, Gorham, Maine.

I have been using Todd's Hungarian Balm, and car say that it is the best dressing for the hair in use. My hair was falling off very fast, and by the use of half a bottle of the balm it has stopped falling off entirely and is fast thickening up, and is in fine condition. F. H. STROUT, Portland, Maine.

MR. Todo:—I had lost my hair by a disease of the scalp, and on the top of my head there was a place as large as a silver dollar, entirely bald, smooth and glossy. I was told by judges that it would never grow, but I can give you fifty names, if needed, to prove to any one who may doubt the fact, that the hair has grown out as perfect as on any part of my head; and I know it was brought out by the use of the Hungarian Balm. You are at liberty to publish this.

Respectfully yours,

CHARLES B. SAVAGE, Bath, Mc.

FROM THE DAILY PRESS. TO THE FAIR:—We were slow to believe all we heard in praise of this article, but with such testimony as the following, given by well known citizens, our oubts have given way.

Mr. Tedd: Dear Sir—My wife had been troubled for a long time with a humor in the head, causing severe itching, and the hair was falling off very fast. I had tried many remedies offered to the public without receiving any benefit. I had but little faith that it could be cured. I bought a bottle of your Hungarian Balm, and the first application stopped the itching, and in two or three days the hair stopped falling off. I consider it the best medicine in use for the head.

Yours, CHARLES WALKER.
