sion and has a world of meaning. How much suffering is summed up in it.

The singular thing about it is, that pain in the back is occasioned by so many things. May be caused by kidney disease, liver complaint, consumption, cold, rheumatism, dyspepsia, overwork, nervous debility, &c.

Whatever the cause, don't neglect it. Something is wrong and needs prompt attention. No medicine has yet been discovered that will so quickly and surely cure such diseases as Brown's Iron Bitters, and it does this by commencing at the foundation, and making the blood pure and rich.

Logansport, Ind. Dec. 1, 1880. Logansport, Ind. Dec. 1, 1880.

For a long time I have been a sufferer from stömach and kidney disease. My appetite was very poor and the very small amount I did eat disagreed with me. I was annoyed very much from non-retention of urine. I tried many remedies with mo success, until I used Brown's Iron Bitters. Since I used that my stomach does not bother me any. My appetite is simply immense. My kidney trouble is no more, and my general health is such, that I feel like a new man. After the use of Brown's Iron Bitters for one month, I have gained twenty pounds in weight.

One Thousand Boston Longs Quit Work.

Boston, Aug. 15.—The 'longshoremen's organizations of Boston and East Boston struck this morning, in accordance with their decision, for 40 cents an hour for day work, 50 cents for night work and 80 cents for Sunday work, During the past two years they have been getting 30 cents an hour for day work and 40 cents for night work. It is claimed that at the best they cannot make more than \$7 a week, and that the work is irregular and arducus. They state that they have given the steamboat companies a month's notice, and not having received any reply, deem that the time is ripe for the strike. It is estimated that about a thousand men have entered into the strike, and as the organizations are under good discipline, a firm attitude will probably be maintained.

Driver Boys' Strike. WILKESBARRE, Aug. 15,—There are no signs of any compromise between the striking driver boys and Charles Parrish & Co., and the driver boys and Charles Parrish & Co., and the streets are full of idle miners who are in favor of the action of the boys. It is the intention of the operators not to comply with demands made by strikers. If the latter do not return to work this week the mules at the Empire mines will be removed Monday and the mines be declared idle until the strikers return to work upon the basis offered to them.

Charles Parrish & Co. issued an order this afternoon that work would be resumed at the Hollenback mine tomorrow. This will give the disatisfied portion of the driver boys a chance to return to work upon the basis offered

DUBLIN, August 15.—The preparations for the unveiling of the O'Connell monument and the opening of the exhibition indicate that the occasion in point of numbers present and display will exceed anything that has ever before occurred of a similar character. Visitors are constantly arriving from every part of Ireland, England and Scotland. Many buildings were illuminated last night. The monument committee held a meeting Sunday night, at which the mayor presided. It was decided that Right Hon. E. Dwyer Gray should readja short address from the committee handing

The absence of Cardinal McCade is fluor commented upon.

Many houses in the leading streets display flags, either green with Irish harps upon them and no crown, or the Star Spangled Banner.

The Union Jack is nowhere to be seen.

The city was astir by 6 o'clock this morning for the opening of the exhibition and the unveiling of the statue of Daniel O'Connell. Bands paraded the streets, followed by large growds.

Mr. Littlefield was born in Wells, Sept. 23d 1804. He received a public school education and then studied law, being admitted to the bar and practicing law in Bridgton. After the death of William Pike Mr. Littlefield took his office, and soon after formed a law partnership with Hon. W. P. Fessenden, which was dis solved by Mr. Fessenden's removal to Portland in 1830. He practiced law in Bridgton for fifty-three years. He was secretary of the State Senate 1831-2, a member in '37-'39, and in 1838 its president. He was representative in Con-Cumberland district in 1848, and Representative in the State Legislature in 1856. He was elected to the XXVIIth Congress as a Demo-Democrat. He was one of the committee appointed to build the new meeting house in 1834, and was elected parish clerk when the Free Will Bantist Church was re-organized in 1870.

Mr. Littlefie d was a lite-long Democrat, a lawyer of ability, one of the most influential citizens Bridgton has possessed and was respected by everybody. His tall, massive form, clad after the style of the Congressmen of ante bellum days, and supported by his ivory headed cane, his strong face, clear eye, and crisp, gray hair, will be long remembered by all who have been familiar so many years with his presence. He was a kindly, courteous gentleman. He leaves a son and two daughters.

YORK REPUBLICANS.

The Work They Did Yesterday. A ROUSING CONVENTION AND RING-

(Special Dispatch to the Press. ALFRED, Aug. 15 .- York county has been debatable ground since 1856, when the Republican party, then just formed, carried it. The Republicans have carried it since-though sometimes by narrow majorities-whenever they have put forth their strength. In "off years," when no stirring issues are presented, and the voters are indifferent, the Democrats have generally carried York. They will not this year. The Republicans-if one can judge by the enthusiastic convention held here today-are thoroughly interested in the campaign, are determined to win and are convinced that this is one of their years. The old shire town has never seen a larger assembly than that which gathered in the court-house yard today and overflowed into the streets on either side. The veterans present were reminded of the meetings during war times, and the younger men found no precedent in their briefer political experience by which to judge

The convention met at ten o'clock, went to werk at once, and finished its business by one. The ticket nominated was a long one, and the contest for places on it animated—for it was felt that this year, nomination is equivalent to election. The delegates were called to order by Col. Mark Wentworth of Kittery, and the Hon. Caleb B. Lord of Alfred, one of the Republican pioneers, was made chairman. Soth E. Bryant of Kennebunk and Calvin Hayes of Kittery were secretaries. For Senators there was lit-le contest except in the Southeastern district, from which opposing candidates were presented by Saco and Biddeford, those cities which are always sparring with gloves. The following ticket was named: Barak Maxwell, Wells; Ernest Goodall, San-

ford; Joseph Smith, 4th, Biddeford. For County Attorney Frank M. Higgins of Limerick, was nominated by acclamation, and for Commissioners, B. F. Pease of Cornish and Richard L. Goodwin of Berwick. For Treasurer two ballots were taken, the second resulting in the choice of Richard

Stanley of Lyman. His competitors were Charles E. Weld of Buxton and Seth Warren of Hollis. For Sheriff two ballots were taken, the second resulting in the choice of George Getchell of Wells. His competitors were George H.

James Meserve of Buxton. The ballot for Clerk of Courts ended in the having 86 votes to 68 for W. H. Downs of The freedom from loss of life is very remark-

For Register of Deeds five ballots were taken, the candidates being Justin Leavitt of Buxton, Samuel W. Junkins of York, W. S. Hasty of Saco, and John M. Harper of Waterboro. After the fourth ballot Messrs. Hasty and Harper withdrew, and the fifth ballot resulted in the nomination of Mr. Leavitt by 87 votes against 78 for Mr. Junkins. This completed the ticket-an exceptionally

strong one, which will command the suffrages of every Republican voter in the county. So acceptable was it that in all the contested cases the defeated candidates moved to make the nous but good-natured fights, and promised to

Frederic Rebie as our standard bearer in the present campaign.

After making the nominations and filling the list of committees the convention adjourned, the largest delegate convention ever held in York county, and one of its most significant features was the presence of the old axe-men cratic growth 25 years ago. The speakers had a great audience which, judging from its frequent and hearty applause found ample pleasure in listening to the distinguished speakers. Senator Frye opened his speech happily by remarking that York county was the only county that ever proposed him for Governor of Maine. This reference to the sound judgment of the county put his hearers in the best of humor, his sharp and brilliant arraignment of the Democratic party for its sins of omission and commission, and to his scathing criticism of to vote the Fusion ticket by giving them offices, party to which he belonged for twenty-five he knew would not be confirmed, or if confirm. ed would not accept-thus paying compliments after the Chinese fashion-was satirically commented on, and the methods of our shifty Governor exposed. The main part of Senator Frye's speech was given up to consideration of tariff and revenue questions, rebuttal of the Democratic charge of excessive taxation and exposure of frauds practiced by Democrats in Southern Congressional districts. He spoke about two hours, and was followed by Gen. Raum, who discussed briefly and vigorously the national issues at stake in the campaign and called the attention of his audience to the ecessity of electing a Republican House of

RIVER AND HARBOR BILL.

Senator Hoar Explains Why the Massa chusetts Delegation Voted in Its Favor. chusetts Delegation Voted in Its Favor.

Boston, Aug. 15.—Senator Hoar has addressed a long letter to the people of Massa chusetts which will appear in Wednesday morning's papers in which he gives the reasons which governed the Massachusetts delegation in voting for the River and Harbor appropriation bill. The senator says "What is the river and harber bill which has been the subject of such criticism? It appropriates \$18,738,875, but of this sum \$5,368,500 are for special improvement of the Mississippi river according to the design of an eminent commisial improvement of the Mississippi river according to the design of an eminent commission specially appointed in a former year to frame a plan for that purpose; \$40,000 for reclamation of malarial and pestiferous flats near the White House, and \$247,500 for future surveys. To neither of these items so far as I can learn is there objection anywhere. Deducting these three extraordinary items each of which might properly have been in a separate bill there remain \$12,722,875 as the subject of discussion.

discussion.

The expenditure of last year was \$11,451,-300. Further, of this whole sum 12,700,000 there is but 1,353,453 that is new; all the rest is for public improvements partially completed, most of which have been going on for years, many of them under contracts and all or nearly all of which if abandoned would cause the less of all money previously expended.

pended.

Referring to internal improvement he says:
"People get more for their money from this
class of appropriations than any other. These
works are permanent. The money is expended by a board of engineers and this board is
made up of experienced army officers and has
the confidence of the country more than any
other nublic body not excepting the supreme
court itself. No member of Congress or anybody else can influence a dollar of expenditure. Economy and honesty of expenditure of body else can influence a dollar of expenditure. Economy and honesty of expenditure of no dollar in this department has ever, so far as known, been challenged. The constitution authorizes these expenditures only when the advantage received by the public repays the cost and when that advantage is an advantage to the commerce with foreign nations or among the states. If the expenditure be wasteful or be merely for individual benefit it is to be condemned that it does not follow from this statement because a harbor or water-way is within the limits of one State or county it is for that reason local only. If the effect of the public work be to annex that community to the great system of national or international ways and that community be of sufficient importance or will be by the improvement made of sufficient importance to make that annexation a national benefit then the expenditure is warranted. By this test must each item in the river and harbor bill stand or fall.

the river and harbor bill stand or fall,
Of course senators generally connot personally investigate every item which goes to make Of course senators generally connot personally investigate every item which goes to make up this or any other of the appropriation bills, but having reasons for believing the provisions of this bill were just and honest we had the further fact that no human being so far as I know had ever pointed out one single item, great or small, that he thought wrong. Much general denunciation there was outside and a little in Congress, but no man to the best of my belief—and in this I am confirmed by my associates and especially by members of the committee—ever pointed their finger to one single item and said this is local, this is a job, this is for individual and not public benefit." In regard to the President's veto he says: "No man feels more deeply than I the public and party reasons which make it desirable to support the President. But the duty of a Senator or Representative, when the President returns a bill with his objection, to vote on its reconsideration according to his own consciencejis as clearly setforthjin the constitution as the duty of the President did not point out any instance in which he thought the bill unconstitutional. He did not refer to the information on which he acted that we might see whether it were he or we that were deceived and we were therefore left to our own resources."

The Senator concludes as follows: "Whether

that were deceived and we were therefore left to our own resources."

The Senator concludes as follows: "Whether the policy of this bill is to be popular in Massachusetts this afternoon, this week or this year I do not know; but one thing I do know it is in the line of all her traditions and sure sooner or later to command her support."

Russia to Renew Some Old Claims.

ALEXANDRIA, Aug. 15.—Two decrees of the Khedive were promulgated to-day. One authorizes the British admiral and commander of the force to occupy such points on the Suez Isthmus as they consider useful for military operations against the rebels and inviting the Egyptian authorities to acquaint inhabitants, particularly canal exployes, with the decree. The other authorizes the British authorities to prevent importation of coal and munitions of war along the coast between Alexandria and Port Said, and in the event of contravention of the order to seize the prohibited articles.

ALEXANDRIA, Aug. 15.—According to reports ALEXANDRIA, Aug. 15.—According to reports by natives from Kafr el Dwar, Arabi Pasha on Sunday called a meeting of the Ulemas, and obtained from them a fetna deposing the Sultan, and naming the Sheriff of Mecca as Caliph. Arabi, it is said, is organizing the Bedouins, and has appointed commanders for those at Charties and at Garbieh, in upper Egypt.

ROBBED OF \$20,000.

Rascality in an Illinois Town-A Cashier

CHICAGO, Aug. 15.—The News Kewanee special says yesterday afternoon two men called at the First National Bank in that city and asked permission to leave their satchels a short time. About 6 o'clock while Cashier Pratt and his lady assistant, Miss Palmer, were cashing up, the men knocked at the door and asked for the satchel. Miss Palmer opened the door, when one man grabbed her by the neck and choked her nearly insensible. The other man rushed by her toward the vault, near which Pratt was standing, struck him on the head with a revolver, knocking him senseless. Pratt and Miss Palmer were then forced into the vault. The men then secured about \$20,000, of which \$6000 is in gold, and walked out of the town. Pratt and Miss Palmer after working over an hour, succeeded in break-000 Stolen. ter working over an hour, succeeded in breaking the lock and released themselves. Both are badly injured. A SALISBURY MYSTERY.

Capt. Thomas Chase Found Dead Under

Play.

SALISBURY, Mass., August 15.—Yesterday afternoon Capt. Thomas Place of Salisbury Plains left home to get his cow from the pasture. The cow came home alone in the evening, and Capt. Chase not appearing an alarm was given, a band of men raised and the woods and pastures searched all night, without avail. This morning the search party found him in an open space, dead. His head and hand were badly bruised and there was a terrible gash in the left side. Medical Examiner Snow is now holding an inquest in the woods. George Pousland, a wood driver, was within 100 yards of the spot where the body was found, and heard cries for help yesterday afternoon, but did not go near the place to ascertain the cause. Many think that Capt. Chase was gored to death by his cow, and others think a murder has been committed, as no blood was found upon the cow or its horns.

An Irish Member Named.

London, Aug. 15.—In the Commons this evening Phillip Callan, (Liberal) member for Louth, removed his complaint regarding putting aside at instance of a court of Roman Catholic jurors, who were on the panel during the sitting of the special commission at Dublin. Sir Williom Harcourt, home secretary, accused Callan of abusing forms of the House by introducing a subject twice in the same evening. He said this was another instance of the way in which certain Irish members set themselves in hostility to the administration of justice. Callan then exclaimed repeatedly, "It is false." The Chairman called upon Callan to withdraw the imputation, but instead of doing so he repeated the objectionable statement. The Chairman thereupon named Callan, and on motion of Gladstone, he was suspended, 58 to 3.
