HARROWGATE SPRINGS
Montgomery county, Alabama.
THREE DAYS JOURNEY FROM NEW ORLEANS.

THE proprietor of this establishment has the pleasure of announcing to his friends and the public in general, that he will be in readiness by the first day of May to receive visitors. He will also state for the benefit of those at a distance, that there have been large improvements made, and others are now going on, and the rapid progress for completion, which will enable the subscriber to accommodate a much larger number than heretofore, and at the same time much better.

Families can be accommodated with good rooms, or those who prefer can have large cabins detached from the main building.

It is deemed unnecessary to say anything in particular of the character of these waters, for it is generally believed that they are not inferior to any in the Southern States. All the amusements that are generally found at Watering Places, will be found at this. The best music that this part of the country affords, is been engaged, and will be in readiness at the Springs during the whole season.

The subscriber will avail himself of this opportunity in returning his unfeigned thanks for the very liberal support given him last season, and hopes by the exertions that have been made in improving and extending the accommodations, to merit a liberal patronage the present season.

NO CURE NO PAY

DR. JOHNSON'S, Office 130 Bienville street, confines his practice to the treatment of Venereal Diseases, in all its different forms.

Dr. Johnson, from a residence of many years in Hospitals in Europe, devoted to the treatment of Venereal Diseases, and from his present extensive practice in that particular branch of the profession, guarantees a safe, speedy and effectual cure to such persons as are troubled with any of the following diseases, viz:—

Gonorrhœa, Gleets, Stricture, Chancres, Bubos, Seminal Weakness, Affections of the Bladder Kidneys, Loins, Urethra, Prostate Gland, Swelled Testicles, Eruptions on the Skin, Sore Throat, Pains in the Joints;

And the numerous symptoms which generally follow his disease.

Recent cases cured in two or three days without the use of Mercury, interruption from business, or alteration in the mode of living.

A medicine to prevent Venereal Disease can be obtained at Dr. Johnson's. It is upon the recipe of the Baron Larrey, a celebrated French Surgeon, and was used by him during the several campaigns in which he served as Surgeon General in the French Army.

Sold by Dr. Johnson, at his office. Those persons having any affection of Venereal Disease, and about taking sea voyages, or removing to the country, would do well by giving Dr. Johnson a call, as proper medicines for their cure in the shortest time can be put up with written directions for their use.

Office open from 7 in the morning until 10 o'clock at night.

ABERNATHY'S DYSPEPTIC ELIXIR.

Dr. Abernathy, the greatest of American surgeons, was of opinion that nineteenths of the diseases that afflict mankind originate in the stomach. This Elixir was used by him with the most unprecedented success in his private and public practice for upwards of forty years, for the restoration of health to the afflicted.

Loss of appetite, Flatulency, Distention of the Stomach, Pain in the side, Heaviness of the Head and inclination to sleep, Irregularity of the Bowels, and in all cases where Indigestion or a costive habit is found to exist.

This medicine must not be numbered among the list of quack nostrums now before the public, as it is the noble invention of the ablest and most scientific surgeon Europe ever produced, and the secret of preparing it was purchased by the agent for a very large sum. It is agreeable and pleasant to the taste, acts as a mild aperient always keeps the bowels free, imparts vigor and strength to the system, and cheerfulness to the mind, and a few bottles removes the most confirmed cases of Dyspepsia or Indigestion, and prevents a return at any future period.

NEW YORK, 17th August, 1838.

SIR:—In consequence of leading a sedentary life, I have been troubled, more or less, with Indigestion for ten years; for the last three years my sufferings have been insupportable. I have tried several physicians, and a number of quack medicines, without deriving any benefit. I despaired of ever obtaining any permanent relief, and resigned myself to the most hopeless despair until persuaded by many friends to try Abernathy's Dyspeptic Elixir. I have now finished the fourth bottle, and know not how to express my admiration of its wonderful virtues and the miracle it has performed in restoring me to that health which I might lost forever. Send me half a dozen bottles and except my thanks for the blessings you have conferred by restoring me to perfect health.

I remain yours,
JACOB MONROE.

HEMORRHOIDS.

HAY'S LINIMENT.—No Fiction.—This extraordinary chemical composition, the result of science, and the invention of a celebrated medical man, the introduction of which to the public was invested with the solemnity of a deathbed bequest, has since gained a reputation unparalleled, fully sustaining the correctness of the lamented Dr Godley's last confession, that "he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant, Solomon Hays, the secret of his discovery.

It is now used in the principal hospitals, and the private practice in our country, first and most certainly fo the cure of the Piles, and so extensively and ally as to bottle credulity, unless where its effects are witnessed Externally in the following complaints:

For Dropsy—Creating extraordinary absorption at once.

All Swellings—Reducing them in a few hours

Rheumatism—Acute or Chronic, giving quick ease.

Sore Throat—By Cancers, Ulcers or Colds, Croup and Whooping Cough—Externally, and over the Chest.

All Bruises, Sprains, and Burns—Curing in a few hours.

Sores and Ulcers—Whether fresh or long standing, and fever sores.

Its operations upon adults and children in reducing rheumatic swellings, and loosening coughs and tightness of the chest by relaxation of the parts, has been surprising beyond conception. The common remark of those who have used it in the Piles, is "it acts like a charm."

THE PILES—The price, $1 is refunded to any person who will use a bottle of Hay's Liniment for the Piles, and return the empty bottle without being cured These are the positive orders of the proprietor to the Agents; and out of many thousands sold, not one has been unsuccessful.

We might insert certificates to any length, but prefer that those who sell the article, should exhibit the original to purchasers.

CAUTION—None can be genuine without a splendid engraved wrapper, on which is my name, and also that of the Agents.

DEAFNESS.

GUTTA VEGETABILIS, AN INFALLIBLE REMEDY FOR DEAFNESS.—The great success which has attended the application of this valuable remedy in some hundred cases in the Westminster Dispensary (for diseases of the eye and ear) for which Letters Patent have been obtained by Mr Taylor, M R, from the English Government, and the sanction it has received from the Royal Academy at Medicine in Paris, as well as from the following medical gentlemen Mr Harrocks, Sir Astley Cooper, Drs Rus on, Curtis, Drake and I. Segalas, Aurist, &c. and other artists and surgeons, interest to none in medical science, who have used and recommended it

The fame of the Gutta Vegetabilis, throughout France and Germany, caused its speedy introduction into almost every country in Europe, and millions were presented to Dr Taylor for from all parts, congratulatory of its extraordinary. The certainty with which the Gutta Vegetabilis was continually applied can be attested by many thousands. Since the revolution of 1829, their majesties Louis Philippe, King of the French, and Leopold King of the Belgians, conferred on Dr Taylor the title of honorary Aurist to their respective, as a compense for the many restored to hearing or otherwise cured by the application or the one tried Gutta Vegetabilis. These letters of Royal favor will be hopes be considered to encourage all whom are afflicted with deafness, arising from any cause to apply his remedy.

In London, Paris and Brussels the number cured by it is incalculable, as well as in the principal towns of the three kingdoms.

In Dublin 495 cure or less deaf!=were restored in the Dublin and Cork Institution for Deaf and Dumb, and one of cure of Lyons, (France) 236 were restored to hearing, 1836 to which was 89 years of age and one 81. In the last seven years operations performed in the cities in the south of France were unfolding for their number and the length of time they retained.

For proof of its efficacy, we will submit the following cases The Rev John King, curate of John's Church, Manchester, had become so deaf, from colds, as he could not hear a hand of one of his Lyons, (France) 236 were restored to hearing, 1836 to which was 89 years of age and one 81. In the last seven years operations performed in the cities in the south of France were unfolding for their number and the length of time they retained.

For proof of its efficacy, we will submit the following cases The Rev John King, curate of John's Church, Manchester, had become so deaf, from colds, as he could not hear a hand offensive fifteen yards distant. From a person so deaf as to be totally growing upon him for a number of years, during which time he applied to many and noted Aurists and Physicians, who operated and applied every thing their ingenuity could suggest, without the least evidence of relief. Dr Drake recommended and applied Taylor's Gutta Vegetabilis, and strange to tell he had not used a second bottle until he could hear as well as ever he had. For particulars of this case, see London Medical Journal for Oct 1833

Dr Andrews of Edinburgh, says of the Gutta Vegetabilis—at my practice, as well as in the hospitals—I find it to be a most valuable remedy in case of Catarrhal deafness, arising from almost all causes. I have generally found that one to two bottles produce a perfect recovery in some instances a greater number was necessary, varying under the directions of my years, attended with a cure in three to six weeks. In special some exceeding distant from the accompanying the ringing of bells all disagreeable noises removed and the patient restored to hearing by using the Gutta Vegetabilis.

A physician to the Emperor of Russia speaking of Dr Taylor's Gutta Vegetabilis says—I have employed all my skill and talents to find out a useful preparation for the relief and cure of Deafness, and I must confess that I have never found in any thing so good, as the Gutta Vegetabilis. You are fully at liberty to use this my testimonial in any manner you please.—Dr Taylor's Gutta Vegetabilis. You are fully at liberty to use this

IMPURITY of the blood is a fruitful source of the greatest diseases SARSAPARILLA is well known to be the most effectual purifier of the blood and fluids of the human system in existence. LUCINA CORDIAL.

LE CORDIAL DE LUCINE OU L'ELIXIR DE LA FAYETTE.—The United States Agent for the Lucina Cordial or Elixir of Love, returns his grateful acknowledgements for the liberal patronage which he has already received, and also for the many testimonials which have been sent him marking the the almost marvellous efficacy of this inestimable medicine. The most decided reputation of the Lucina Cordial warrants the agent in so obtaining his long sustained object; but for the benefit of those persons who may not yet be aware of its merits he would explicitly state that it is Dr. Magnin's celebrated discovery, which has created such a sensation in France.—That it speedily restores the virile powers, where they have been exhausted by disease or otherwise, and sustains fully re-creates the present functions; that it is an effectual cure for the fluor albus, and stays all that it certainly never discovered for the removal of impotency in males and barrenness in females. Owing to its easily investigation its qualities, it is also highly useful in gleet, obstructed, difficult or painful menstruation, incontinence of the urine, or involuntary discharges thereof, chronic eruptions of the skin, dropsical affections of the aged &c.

It is under that all diseases of society may receive the benefit of Dr. Magnin's discovery, the Agent has proceeded to consign that the Cordial shall be sold in bottles of six ounces each, at the reduced price of $3 which is less than one half the price charged for it in France.

MARRIAGE PHYSIOLOGICALLY DISCUSSED. Translated from the French of Jean Dubois, M. D. by William Greenfield.

Part 1st. On the necessity of Marriage!
Part 2d. Instructions in courting, with a care for Love!
Part 3d. " " " "
Part 4th " " " "

Marriage Physiologically Discussed is the most useful, and decidedly the most interesting work that we ever read. It will break up home rakes and spinsters, and make more than married men at women than any publication that has ever been sanctioned by the court of Queen—*Broadstreet*.

This is a great book, and will be productive of much good in the community. It is true it contains much strange humbuggery, but then the subject is its excuse, and if the Psalms had written on it, he could not have been at a more advantage. We especially recommend it to "Courting," to the attention of all young ladies and gentlemen that may be in quest of partners.—*Legal Courier Des Dames*.

To orders can be had between Magazine and Camp street. Price 75c.

EDUCATION—FRENCH and ENGLISH.—Mr Dubois, formerly arrived in this city, begs leave to inform the citizens of New Orleans that he will open an academy on Monday, 14 January, at No 19 Toulouse street, for the instruction of youths of both sexes, in French and English, in which he will be ably assisted by Mrs. Dubois and Mrs. Mercier, who speak both those languages with great facility and purity, and who will take charge of the department of the young ladies.

Mr Dubois will give a whole attention to the young gentlemen confided to his care, and flatters himself that he will give entire satisfaction to those who may honor him with their confidence. nov 1

"THE TRUE RICHES OF LIFE IS HEALTH"

WE KNOW that health and the ability to labor, constitutes the wealth of the great mass of the people in this, as in most other countries. To preserve, therefore, that health by natural means is a grand, moral and political scheme to be fulfil which, requires no almost attention. The unprecedented popularity and universal approbation which this medicine has achieved throughout the United States, the Canadas, Texas, Mexico, and the West Indies, fully justify Dr. Peters' in warranty and consequently recommending them to the special notice of the afflicted.

Peters' Vegetable Pulmonic Comfort, most effectual and economical remedy for diseases of the human constitution, that it never been discovered. Dr. Peters, the inventor of this invaluable medicine, from his knowledge of the human system, derive from a long and extensive practice, has arrived to the conclusion, that the great and primary causes of most diseases is a derangement in the functions of the liver, or in other words an increased or diminished secretion of the bile.

So well is he convinced, that it is common for persons to say when they feel unwell, that they are bilious, meaning that they have too much bile on the stomach. On the other hand, when the flow of bile is diminished, the process of digestion is imperfectly performed, the patient becomes weak and emaciated, because nourishment contained in the food taken into the stomach is not properly extracted, and is found in ejected in a crude state. Dr. Peters is confident that the Curious Hygeian Theory, so called, that "majority of the ahood is the cause of all diseases," is a great absurdity. Every one who reflects on the subject a moment, will perceive that impurity of the blood is a secondary not a primary complaint—the effect and not the cause of disease. When the functions of the liver are deranged, and the flow of bile increased, it is often taken up by the absorbent vessels and carried into the circulation, and becomes mingled with the blood, as in jaundice, when the patient shows it in his countenance. Now this impurity of blood is caused by an increased flow of bile, and to remedy it, you must correct the secretions of the liver, and restore it to a healthy state.

Dr. Peters has spent much time in experimenting with different vegetable medicines, for diseases of the liver; and now offers his Vegetable Pills, as the best, most certain, safest and speediest medicine that can be prepared for general use.

Dr. Peters differs himself that his long for experimenting with vegetable medicines has enabled him to discover the true and only substitute answering all the purposes of mercurials without any of their attendant evils. One great quality of his vegetable pills is that they have the alterative principle combined with their cathartic, or operative qualities, so that they not only cleanse the stomach and bowels by purging, but they regulate the liver, change the morbid secretions, strengthens the digestive organs, purify the blood, invigorate the circulation, and give tone and energy to the nervous system.

They are mild and pleasant in their operation, and a very almost immediate conviction of their utility from the first dose. They can be taken with safety by persons of any age; and the feeble, the infirm, the nervous, and the delicate, whose strengthened by their operation, because they clear the system of bad humors, quiet nerves irritability, and invariably produce sound health.

The Vegetable Pills are a sure remedy for jaundice, sick and nervous headache, dyspepsia, costiveness, sick stomach, loss of appetite, heartburn, all bilious complaints, fevers of all kinds, and if taken at the commencement will invariably check their progress, and save the patient from a protracted and dangerous sickness. They are invaluable in nervous and hypocondrical affections, loss of appetite, and a complaints to which females alone are a subject. They operate as a mild and speedy purge and are a safe and efficient remedy for worms in children.

Since I have introduced my Vegetable Pills to the public I have received numerous certificates of their superior efficacy in curing diseases, a no, many letters from respectable physicians, who have used them in their practice with the best success.

I might publish a small volume of certificates, but consider it unnecessary, as the medicine will recommend itself to all who will make trial of it.

The above pills are in boxes, containing 10 pill each.

Price, 50 cents per box.

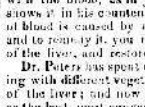
ALLIGATOR LINE.

Mobile to Augusta, via Florida.



Leaves Mobile Tuesdays, Thursdays, and Saturdays, per the splendid steamer Champion, (except in case of storms) to Pensacola; thence per steamer Le Roy to La Grange, and thence four horse post coaches via Marians, Bainbridge, Pinderton, Berrien, Outlaws, and Perry, to Macon, Ga; thence via Milledgeville, and Sparta, to Warrenton, there on per rail road cars to Augusta.

The Champion is in splendid order, with new upper and lower berths, and a good table. The Le Roy has been thoroughly repaired, her accommodations are as handsome as any boat.

The beautiful Santa Rosa Sound, and Choctawatchee Bay present the most interesting steam navigation in the South—being at this season unperfectly land locked.

The Teams are not surpassed on any route in the country; the drivers, to a man, careful and attentive.

The bridges heretofore dangerous have been newly built, so that high waters do not interfere.

The eating houses have been mostly changed, and are now as good as in any road in the South.

It is generally known that the excellency and hardness of the roads enables the teams at all seasons to at the great speed. Their smoothness secures the traveler from the ordinary fatigue of stage travelling.

The Line is now carrying its passengers from Augusta to Mobile in four days and twenty hours, or to New Orleans in four days and twenty hours. Going to Augusta, the line is six days in seven hours. The time actually employed in travelling is the same as in the other direction, but the difference of time on the route, is caused by a day being lost in Pensacola, which, however, is well repaid by the op ortunity it gives of seeing the Navy Yard, the old Spanish Forts, etc. The travel or also sleeps at Macon, and again at Warrenton. This arrangement will enable all the travellers northward, when the line will be the same from Mobile to Augusta, as it is now in the other direction.

BALDNESS.

A BEAUTIFUL head of hair is the grandest ornament belonging to the human frame. How attractive to the best it changes the countenance, and presents a perfect image of the appearance of old age, which is a sure index to avoid or being uncovered, and sometimes even before such discovery. The vests and sources of their acquisition are the remainder of their lives are rendered equally painful to relate.

Dr. Peters has spent much time in experimenting with different vegetable medicines, for diseases of the liver; and now offers his Vegetable Pills, as the best, most certain, safest and speediest medicine that can be prepared for general use.

Dr. Peters differs himself that his long for experimenting with vegetable medicines has enabled him to discover the true and only substitute answering all the purposes of mercurials without any of their attendant evils. One great quality of his vegetable pills is that they have the alterative principle combined with their cathartic, or operative qualities, so that they not only cleanse the stomach and bowels by purging, but they regulate the liver, change the morbid secretions, strengthens the digestive organs, purify the blood, invigorate the circulation, and give tone and energy to the nervous system.

They are mild and pleasant in their operation, and a very almost immediate conviction of their utility from the first dose. They can be taken with safety by persons of any age; and the feeble, the infirm, the nervous, and the delicate, whose strengthened by their operation, because they clear the system of bad humors, quiet nerves irritability, and invariably produce sound health.

The Vegetable Pills are a sure remedy for jaundice, sick and nervous headache, dyspepsia, costiveness, sick stomach, loss of appetite, heartburn, all bilious complaints, fevers of all kinds, and if taken at the commencement will invariably check their progress, and save the patient from a protracted and dangerous sickness. They are invaluable in nervous and hypocondrical affections, loss of appetite, and a complaints to which females alone are a subject. They operate as a mild and speedy purge and are a safe and efficient remedy for worms in children.

Since I have introduced my Vegetable Pills to the public I have received numerous certificates of their superior efficacy in curing diseases, a no, many letters from respectable physicians, who have used them in their practice with the best success.

I might publish a small volume of certificates, but consider it unnecessary, as the medicine will recommend itself to all who will make trial of it.

The above pills are in boxes, containing 10 pill each.

Price, 50 cents per box.

ALLIGATOR LINE.

Mobile to Augusta, via Florida.

Leaves Mobile Tuesdays, Thursdays, and Saturdays, per the splendid steamer Champion, (except in case of storms) to Pensacola; thence per steamer Le Roy to La Grange, and thence four horse post coaches via Marians, Bainbridge, Pinderton, Berrien, Outlaws, and Perry, to Macon, Ga; thence via Milledgeville, and Sparta, to Warrenton, there on per rail road cars to Augusta.

The Champion is in splendid order, with new upper and lower berths, and a good table. The Le Roy has been thoroughly repaired, her accommodations are as handsome as any boat.

The beautiful Santa Rosa Sound, and Choctawatchee Bay present the most interesting steam navigation in the South—being at this season unperfectly land locked.

The Teams are not surpassed on any route in the country; the drivers, to a man, careful and attentive.

The bridges heretofore dangerous have been newly built, so that high waters do not interfere.

The eating houses have been mostly changed, and are now as good as in any road in the South.

It is generally known that the excellency and hardness of the roads enables the teams at all seasons to at the great speed. Their smoothness secures the traveler from the ordinary fatigue of stage travelling.

HARRISON'S SPECIFIC OINTMENT—The great celebrity of this unrivalled Composition, especially in the Northern States, leaves the proprietor but little need to say any thing in its favor; for it has been generally successful to it, that it is beyond all comparison the best remedy for external complaints that has ever been discovered.

Indeed the speed and certainty of its operation is the appearance of miracles; such cures, wounds, burns, fever sores, childblains, white swellings, bad legs, piles, spider & dandelion bites &c. immediately yield to its apparently superhuman influence. Thus if properly applied it will remove an inveterate corn, or bunion and heal a sore in five days, will allay and perfectly cure an ulcer in two weeks; and the most desperate cases of white swelling that can be imagined, have been destroyed by it in less than two months. If the bites of poisonous reptiles its efficacy is truly surprising, and even in the bite of a rabic dog, for if applied in time, its powers of attraction are so wonderful that they will at once arrest the poison, and thus prevent it from pervading the system. It is likewise greatly superior to any in sharne haemorrhoidal disorders for the chafed backs and limbs of horses, for letters, ring worms, chapped lips, and in short for every external bodily evil that may fall to the lot of man or beast.

The proprietor has received at least a thousand certificates and other documents, in favor of his "Sterile Ointment," upwards of a hundred of which were written by respectable members of the Medical Faculty, all breathing the same eulogy and satisfaction.

Prepared at 129 Liberty street, New York, and for sale at 65 Poydras street, New Orleans.
