FIGURES OF TRADE

NEW YORK, Oct. 5.—Money on call was easy at 4 to 5 per cent. The closing rates were 4 per cent.

Exchange closed steady; 60 opened with rates 486 to 487 for actual rates, 486 to 486¼ for sixty days and 488½ to 489 for demand.

Government bonds closed steady; currency, 6s, 107 bid; 4's coupon 114 bid; extended 2s registered 100 bid. Pacific railway bonds closed: Union firsts, 107 bid; sinking funds, 103; Centrals, 105 bid.

Stocks were not so active during the morning hours today as during the same period yesterday; but still there was a fair amount of business done. The sales amounted to 150,000 shares. New England was again the feature, showing some wide fluctuations on heavy transactions. It was weak in the early trading and fell 1½ per cent, but the decline was fully recovered later. Toward noon the stock market fell again to the lowest price. With the exception of New England, whisky trust, and a few others, the market was firm. The general list was at one time 1 to ¼ per cent higher, but a part of the advance was lost toward the middle of the day. Hocking Valley developed a marked weakness just before noon, declining 2 per cent. There was no increase in trading during the afternoon, while prices were irregular and in some cases weak. New England continued weaker. At the close the energetic professional point which has been pulling up the price for the past few days called a halt today and the price of the stock was allowed to say. It closed at a decline of 1¾ for the day. Hocking Valley closed at a decline of 2¾ per cent, on the news that the Boodin suit against Stevens, Burke and others had been decided in the defendants' favor. The general market closed irregular, but in most cases ½ to 1¼ per cent higher. Sales for the day amounted to 368,317 shares.

Chicago Grain.

CHICAGO, Oct. 5.—Wheat strong and higher, chiefly because Liverpool was quite high. A good many of the longs unloaded heavily, and the result was a decline which left the market 1@5 to ⅝ lower at the close. The corn market was firm at the opening and a little higher during part of the colder weather, and some frost in northern Wisconsin and Michigan. The receipts were somewhat less than had been estimated, which helped the market. At the start the firmness began to give way to a difference, when wheat was observed to be sagging and the slight gain with which the market opened and 1¼@ besides were knocked off the starting value. Oats attracted little attention and were dull. Hog products showed decided strength, male lines. The receipts of five hogs were about 5,000 less than expected, with prices at the yards 5 to 10c higher. There was a good demand for everything, was little on sales and higher prices ruled. Pork gained 25 to 32½, lard 7½c, and ribs 35c for October, and 10 to 15c for latter deliveries. The closing prices were:
