Princeton will have no farmers' institute this year but one can be secured for next year if a start is made now. These meetings are a good thing for the farmers and anything that helps the farmers helps the town. Let's begin early and get an assignment before the list is full.

An echo of the old damage suit of Moore against A. T. Townsend and the village of Milaca struck the court house this week in the shape of a notice to the auditor to spread a tax on the property of the village of Milaca amounting to \$1,595.72, to be used to defray the judgment secured against that village. The notice states that the judgment against Townsend was returned totally unsatisfied and the village must therefore foot the bill. P. S. The court house was not moved when the echo struck it.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Dennis Kaliher, of Lake Fremont, was in the village Saturday. He says there is a movement in his vicinity to secure a rural free delivery route which will supply the patrons of the Blue Hill postoffice and the people along the Princeton road between the village and that postoffice.

Last Saturday morning the house occupied by Alfred Munz narrowly escaped destruction by fire. The servant had returned from the Maccabee dance at 4 o'clock A. M., and desiring a fire in the kitchen she took some coals from the parlor stove. Some must have been dropped, for when she returned to the room a few minutes later the carpet, curtains and couch were in flames. Mr. Munz was aroused and immediately began to tear down the curtains and get what he could of the flaming mass out of doors. He finally extinguished the flames, but not until his hands were badly burned.

M. S. Rutherford says that the day of cheap lands in Minnesota is almost past. Last week the Northern Pacific disposed of all of its lands in the State, save a few acres in Pine county, and the new owners will hold them at a much higher figure than has ruled hitherto. The plentiful supply of money with which this country is blessed at present has forced the interest rate down to such a figure that moneyed people are looking for more lucrative investments than loans and are buying up real estate. Only a few scattered tracts of land in Mille Lacs can be purchased below \$6 or \$7 per acre and the tendency of the real estate market is upward still.

The old Newton building on upper Main street, occupied by Prescott's jewelry store, was destroyed by fire Monday morning between 3 and 4 o'clock. The flames had burst through the roof before the alarm was given and had gained such headway that nothing was saved of the goods in stock and Mr. Prescott lost much of his household goods. The fire department worked with a will and made an excellent stop. After the fire was out Judge and Mrs. Keith invited the fire ladders to partake of a hot lunch, an incident which was highly appreciated by the chilled and hungry boys. Mrs. Newton had an insurance on the building of \$1,000, and Mr. Prescott carried a small policy on his household goods.

Don't miss the grand band concert given on our street Monday, Feb. 4.

There was a contest over some Battenburg lace at the residence of Michael Kaliher last Thursday evening in which Mesdames Joseph Jesmer and Julia Kaliher were the contestants. Mrs. Jesmer won and the Catholic society netted about \$75 from the affair. The house was filled with guests and a very pleasant social evening passed.

Loggers in the northern district of Minnesota are enjoying most satisfactory conditions at present says the Mississippi Lumberman. The weather continues cold and all work is as a result being pushed rapidly. Those firms which will put in as many logs this year as last, report that work is fully abreast of last year's and that they have no fear as to the future. Sufficient snow has fallen for all needs and the ice has frozen to a depth which admits of all necessary activities.

Uncle Tom's Cabin, Feb. 4. The grand old play will be given in our city in as new and attractive a form as modern thought and stage invention will permit. The Cummings and Alexanders Co. is commented by press and public to be the strongest organization of its kind on the road. They carry special scenery, trained bloodhounds and a fine band and orchestra.

Small Pox. Two well developed cases of small pox were reported yesterday, one in the family of Martin Moberg and the other in Neils Odman's family, both located in Wyandott. The boys who are suffering from the disease have been employed in the woods near Duluth and have only recently returned. The attending physician says there is no doubt as to the genuineness of the disease and the authorities are taking measures to prevent its spread. The school will be closed and a quarantine of the premises established.

Mrs. I. E. Burgan is visiting friends in the southern part of the State this week.

Don't forget the regular sale of the E. Mark Live Stock company which occurs next Saturday.

Miss Plummer, of Pease, was in the village yesterday making her report for the term of school she had just finished.

The grip still continues its ravages and there are few families that are not afflicted with this most uncomfortable ailment.

Rev. Barnes returned to his charge at Anoka Saturday morning after conducting a series of very successful meetings in this village.

C. W. VanWormer was elected and installed keeper of records and seal by Princeton Lodge No. 93, K. of P., last Tuesday evening and L. W. Pierson a trustee to fill vacancies in the corps of officers.

The weather next Saturday will have much to do with the happiness of many people. Bre'r Groundhog is billed to give the superstitious a sign that will tell them much about what is in store for them at the weather man's headquarters.

The federal grand jury will investigate the case of J. A. Foote when it meets in St. Paul next month. Inspector Myers has given his side of the controversy to the public. It appears that the assistant postmaster increased his own salary and that of his son without authority and later became a candidate for appointment. He attempted to belittle the administration of Mrs. Ryan to further his campaign and his underhand methods resulted in all kinds of unexpected trouble for him.

Genuine Rocky Mountain Tea is never sold in bulk by peddlers or less than 35 cents. Don't be fooled, get the tea made famous by the Madison Medicine Co. C. A. Jack.

How "We" Got There. The question of the relative merits of lawyers and editors as to veracity arose recently at a social affair where both professions were about equally represented. Each of course claimed the honors, but the final settlement of the question was left to a representative of each side. These representatives were to prepare essays and submit them to a committee. The best essay would decide the difference. And this was the prize essay:

"There is one editor in heaven, though how he got there the Lord only knows, but it is supposed he rode on the blind baggage or got a pass. When they found him there they tried to turn him out but he refused to go. Then they hunted all over heaven for a lawyer to serve him with a writ of ejectment papers, but they could not find one, so the editor held the fort and he is there to this day."—Red Wing Republican.
