

## 52 Years on 75 Cents Repairs

Would you like a separator that will do 52 years' work in a ten-cow dairy on 75 cents for repairs? The last-forever Sharples Tubular is just that kind. Here's the record of a Dairy Tubular that did work equal to 52 years' service in a ten-cow dairy with only 75 cents repairs and ten minutes adjustment.

Hours in use ..... 2,600  
Pounds separated ..... 2,340,000  
Turns of crank ..... 6,837,480  
Turns of bowl ..... 2,496,000,000  
Oil used ..... 6 1/2 quarts  
Time oiling ..... About 8 minutes  
Time adjusting ..... 10 minutes  
Repairs ..... 75 cents

Tubulars are different from all other separators. Dairy Tubulars have waist-low supply cans—a simple bowl suspended from a frictionless ball-bearing. Call and look at them—get all the facts.

## TWENTY-FIVE YEARS AGO

R. D. Byers has tired of his duties as deputy auditor and has gone back to his farm.

The passenger car on this branch of the Manitoba line is a disgrace to that rich railroad company.

It is estimated that there are at least 10,000 bushels of wheat tributary to this point that has not been marketed yet.

Miss Ollie Soule was the recipient of a handsome present from her father this week in the shape of a nice gold watch.

A memorial sermon for the children of E. N. Heath, who died of diphtheria last fall, will be held in the M. E. church next Sunday afternoon.

The resident carpenters, painters and plasterers of the village will not have much trouble in finding work here from now until next December.

Assistant Bishop Gilbert of the Episcopal church preached a very able sermon to a large congregation at the M. E. church last Friday evening.

The portly proprietor of the American house has a big run of custom these days and he is happy. Mr. Newbert intends to remodel his hotel this summer.

The Union regrets the mishap that occurred to S. M. Orton and family last Saturday forenoon by the fire which swept away their home, together with nearly all the household furniture and wearing apparel.

Robert O'Brien and family have arrived from Minneapolis and taken up their abode in the house recently occupied by J. L. Cater and family, which Mr. O'Brien has purchased. The Union welcomes them to Princeton.

The neat little M. E. church was dedicated to the Lord last Sabbath. The services were conducted by the presiding elder of the Minneapolis conference district, Rev. J. F. Wagner, assisted by the pastor, Rev. J. S. Bouck.

An eccentric old bachelor of Greenbush, Hiram Whittier, has had a coffin made for himself. He is enjoying average good health at present, but has provided for a contingency which is sure to occur some time in the future.

There is not much news from the drives this week, but the down river papers are a little off when they say the West Branch logs are out. If the West Branch logs are in the main river three weeks from now the lumbermen who are driving on that stream will be happy.

## Clean Up—Do It Now.

All property owners and occupiers of houses in the village of Princeton are hereby notified that they must, without delay, remove all rubbish, ash heaps, etc., from the alleys and back yards. This is imperative as the public health demands it. So clean up—do it now.

By order of the board of health.  
Tom Post,  
Village Marshal.

## Notice to the Public.

I take pleasure in hereby announcing to the people of Princeton and vicinity that hereafter Nelson's photo studio in Princeton will be open for the taking of pictures the first and third Saturday and Sunday of every month. By so doing I shall be able to serve you better than ever. You are also invited to call and see the pretty new styles of pictures which I am making this spring. If you can not come on a Saturday or Sunday, but please be sure it is on the first or third Saturday or Sunday of the month. Yours truly,  
13-tfc P. J. Nelson, Photographer.

## THE TEST OF MERIT.

Princeton People Are Given Convincing Proof.

No better test of any article can be made than the test of time and this is particularly true of a kidney medicine. Doan's Kidney Pills have stood this test and stood it well. What better proof of the merits of this remedy could you demand than the statement of a Princeton resident who has been cured and has stayed cured? Read the following:

Mrs. J. E. Bates, Main St., Princeton, Minn., says: "I cheerfully confirm all I said in praise of Doan's Kidney Pills when I publicly recommended them three years ago, and I again advise their use to anyone afflicted with kidney trouble. This complaint clung to me for years. My back was weak and I could not stoop without having sharp, shooting pains throughout my body. I had attacks of dizziness and nervousness and a kidney weakness caused me no end of annoyance. My husband finally got a box of Doan's Kidney Pills for me and they proved to be the best kidney medicine I ever used, giving me prompt relief."

For sale by all dealers or upon receipt of price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Aug. Rines Horse Co.

## Hence, We Need Good Roads.

No matter how scientifically a farm may be operated, if the products can not be gotten to the markets, and the most desirable markets, at a minimum of cost, the net result financially is no greater than the lower production with the higher net prices.—Duluth News Tribune.
