A motion for a new trial in the case of Louis E. Jesmer and Geo. A. Barrett vs. the village of Princeton was argued before Judge Parsons on the 6th inst. The S. Corey Show arrived in this village Saturday and have pitched their tents on North Main street. Mr. Corey informs us he has some good attractions this season, and this being his opening week, there is not the usual number of features that will be booked when the season opens up. The outfit is attracting large crowds. We understand that arrangements are under way to have the Corey attractions during the coming county fair.

PATIENCE.

Patience is a virtue which, if you have it not, you should strive to attain. Patience is really the capacity for and habit of enduring or suffering. It is shown by the serenity with which we submit to the annoyance caused us by others on the one hand and is displayed in a wider and deeper sense by the fortitude which one exhibits in the concerns of life, in good and bad fortune.

"Sliver" said that Zimmerman would have a ball team for at least two games this season, with Princeton, and if "Sliver" umpires it is safe to say that our neighboring village will have more than a ball team. He is decidedly there and then some. One thing is certain, and that is that the games will be interesting.

They found it in excellent condition—scarcely a dent appeared upon the surface—although it was laid a year ago, and there has been considerable heavy hauling over it. Princeton may have its main thoroughfare paved this year.
