Mr. and Mrs. John Teutz and daughter, Dorothy, and Mr. and Mrs. John Bruflodt motored to Monticello on Sunday to see the Misses Ethel Teutz and Florence Lundeen, who are teaching the Lily Pond school a short distance from the city.

Florence Teutz started her duties as teacher in district 36 on Monday

morning. Three carloads of cattle and hogs were shipped from here on Tuesday morning.

Ira Smith and family returned on Tuesday evening from La Porte, where they have been visiting friends and relatives the past week.

Wm. and Otto Jaenicke had the pleasure Tuesday evening of meeting their sister, who just arrived from Germany in company with Mrs. Stahnke of Princeton, who had been there on a visit.

English Channel Air Traffic.

Passenger carrying records are being beaten week after week in the cross channel air lines, between England and France. The last week in August put up a new record, for one Saturday, in spite of the gale on Friday 106 passengers, exclusive of pilots and mechanics, crossed the channel, the first time over 100 have crossed in a day. And it only took 15 machines to carry them. The total for the week was 461 passengers—almost the record number. More than 400 a week have been carried for some weeks past.

Fordson TRACTOR

The Fordson Tractor is taking much of the drudgery out of farm life; it is solving the labor problem; it is reducing the cost of preparing land by almost one half of what it was with horses; and it is saving one third to one half of the farmer's time; and making farm life more attractive.

The Fordson will run your threshing machine—and at the most opportune time for you. It will operate the milking machines, saw your wood, fill your silo, pump the water, and take care of every kind of belt work—

And don't forget—it will plow six to eight acres in a ten hour day, handling two plows with ease.

Thus the Fordson is the ideal year-round tractor. It will pay for its fall and winter keep in many ways.

There's a big story to tell you about the Fordson—and a true one—come in and get the facts. Or, if you prefer, telephone or drop us a card and we will bring them to you.

Odegard's Garage, Princeton

Complete the Joy of Motoring

Have a convenient place for housing your car and making the small repairs.

One of the first requirements of a complete garage is the work bench—you need a place for the tools and accessories. This bench may be built along the side or in the rear, according to choice. Of course, you'll arrange for the windows. Good lighting is first-aid to handy repair work. A concrete floor provides good drainage and you can wash the automobile in all kinds of weather.

Build a garage now. It's a year 'round necessity.

We have a ready built garage for sale cheap.
