Newport News, Aug. 1.-The Cen tral Labor Union, which hitherto has refused to recognize delegates from Afro-American labor unions, has officially announced that hereafter such representatives will be recognized and given seats in that body. "Look at the violence of to-day. Over 8,000 murders and nearly as many suicides in our own land is the record of one year. When a brutal mob will kick a black man to death. drag him through the streets with rope around his neck, stretch him to a pole and riddle his body with bul lets and then burn body till it is charred, it should be branded by all lawloving people as violently brutal and red-handed murder. God destroyed the earth once for such wickedness.

Liberty Centre, O. February 15, 1894. To whom it may concern: I most heartily recommend "Hoyt's Sure Cure for Piles" to all who suffer from this annoying disease. I suffered with Piles for years, and tried various remedies, none of which afforded more than temporary relief. About six months ago I procured one tube of Hoyt's Sure Cure and used it according to directions two weeks, at the end of which time the ulcers disappeared and have not since returned. REGULAR GRAND SEASON.

Will Open Aug. 23 With "In Old Ken-

The fall and winter season at the Grand opera house will open Sunday night, August 23, with a presentation of the old favorite play, "In Old Ken-

During the summer the theater has undergone the usual cleaning and renovating, and when the season opens it will be spick and span with new carpets and brightened and renovated both in front and back of the curtain. House cleaning in a theater means a deal of work. It means a cleaning of the walls and draperies, the washing and polishing of all the woodwork, and the renovating of the seats, requiring a large corps of working people for several weeks.

With the opening of the fall season the management will open for use, for the first time the new ladies' waiting room. Over \$2,000 has been spent in providing for this accommodation, and it is one of the most beautiful and complete rooms of its kind connected with any playhouse in the West. "In Old Kentucky" needs no introduction to local theater-goers. Even though last season was the tenth or

APPEAL TO PIUS X.

Afro-American Editors Want New Pontiff to Intercede to Stop Lynching.

Colorado Springs, Col., Aug. 6.-The Afro-American Editors' association, in ession here, has adopted resolutions appealing to Pope Pius X. to intercede in the race problem of the United States. The resolutions recite the fact that there are "hundreds of thousands of Negroes who are affiliated with the Roman Catholic church, and, as the Protesant church, the ruling power of this country, has persistently refused to take any action looking to a stopping of indiscriminate lynching," the pope is appealed to for redress.

The petitioners state they have con fidence in the influence of the new pope as a man of the masses to gain the confidence of the people in this country. They also ask the pope to in-struct the Roman Catholics, "who form a majority of the labor unions in Amer ica," to use their influence to gain the idmission of Afro-Americans to a full brotherhood in the industrial army.
