# HOUSE BURNED.

Last Sunday morning between two and three o'clock the residence of Mr. Nick Stewart and all of its contents were burned. Mrs. Stewart was at her father's and Mr. Stewart was also absent. There is a strong suspicion that it was incendiary. We learn there was \$700 insurance on the house and furniture.

# Store Burned.

T. J. Graham's store on the Cookeville road, was burned Thursday night about 11 o'clock. The telephone wire was cut on both sides of the store. There is good evidence there was robbery before the arson. Loss about \$1000 with no insurance. This is a great crime and the perpetrators ought to be ferreted out.

# Homicide.

An inquest was held Sunday on the body of a negro named Willis Stanton, found dead on Mr. Will Cavett's place. He did not remain to defend himself and left the county early Sunday morning.

# From Paulette.

The big guns have come and gone and I think their parting shot hurt no one. The dinner was a success, plenty for every one and enough left to feed four times as many.

Now, let the small fry get a handle on them. The farmers will soon be out of the grass and they can come around with impunity.

Crops are looking well where they have been worked. The corn crop is a certainty. Corn will sell for thirty cents per bushel in November next fall. Potatoes, peas, sorghum, etc., are doing well. There will be a big crop of all these things and we are getting out of the old rut and trying to have something else besides cotton. We can now rest on our laurels and let the good Lord continue to favor us as we have been in the past.

Mr. J. L. Frazier and wife, Mr. Thompson, son and daughter, are visiting Dr. and Mrs. Paulette. Carrie Bent Cockrell is visiting Laura Hittler.

Mr. Bowling preached a very instructive and interesting sermon at Ridgeway Sunday. He advised all, and especially the young men, that they must have some purpose in life, and stick to it if they ever expect to be anything. Good advice.

I was more pleased with Judge Critz's speech than I have been for years. I was with either G. Longino's, Nix's or Maj. Vardaman's. The Judge talked of what he would try to do if elected (and he will be) and he was earnest and honest in his efforts to convince the people that he would be Governor for the whole people. He is a fine Christian gentleman.

Gov. Longino tried to impress upon the people that he was the Moses that brought the state out of the wilderness, in fact, that he is the great I am and Mississippi will be the tail end of the South but for him, while, in fact, all the suits brought against the railroads and corporations were instituted before he was known to the people of Mississippi. Now he has on Sen. Nix's old negro. A Vicksburg paper says Longino appointed a negro a notary public and had no right to do that. I think that a great deal worse than voting to confirm a negro in a petty office. While he disclaimed inviting negroes to the laying of the cornerstone he could not and did not deny that he was a member of the capital commission and he sanctioned the invitation and did not protest against it. Now, I call that hypocrisy. I don't know what it is in politics. I reckon it is just politics.

Wolfe Maj. Vardaman is a fine speaker. I think his ground is untenable and that he would make a better actor than a governor.

Judge Nix looks like a man. There did not seem to be much in his speech. Most of his time was taken up talking G. Longino and Vardaman, and to let him out of it. The legislature could not have well gotten along without him. There is something about a fellow blowing his own horn, and I think he and the Governor blow theirs to a finish, and it was no little horn either.

# I made a statement to the boys while in New Orleans about affairs, and they said I did not know what I was talking about.

I sent you a letter and two clippings sent me by my friend Solter which you will find published for the benefit of the people, and to exonerate me with the boys. This is no lie.

I regret exceedingly that it has become necessary for Emmett Cavett to be forced to publish a letter making a denial of something that the people of Nix have already known to be false. If I were running for an office and could not get a fellow without starting false reports on him, I would crawl in a hole and pull it in after me. As I said before Emmett is just what he appears to be. He has been tried in the fire. There is no doubt in his composition—he is pure gold. His interest is all here. He is a good man that cannot be controlled by any political ring or clique and will make a representative of the people of Nix.

It is an honest, moral, up-right, Christian gentleman, and was never known to turn away from the appeals of any one. Such reports will cut no ice with the people. "Big Bird" will get there with both feet.

# SAD DEATH.

Miss Beale, the only daughter of Mr. John Watt, died last Saturday morning after only a few hours' illness, at her home two miles north of Cookeville.

Miss Beale was apparently well and full of life up to bedtime Friday night, and engaged in singing several of her favorite songs, one of which, "Jesus, lover of my soul," she expressed a desire to sing at her funeral, with no thought, probably, that it would take place the following Sunday evening, when she was quietly laid to rest in the Cookeville cemetery, with appropriate services conducted by her pastor, and attended by a large concourse of people.

Miss Beale was a sweet Christian character, the flower of her home, and will be greatly missed by all who knew her. She attended the closing exercises of the Shugahatch school and was at church Sunday and Sunday night, and she was buried the next Sunday. Oh, how uncertain is life. Was he not right who said: "Blest not thyself of tomorrow for thou knowest not what a day may bring forth." Therefore the importance of heeding the voice of Him who says: "It is a heel, for you know not when the time is."

# He will Arrive in Our City Again.

Dr. S. Waldmann, the well known German Optician, of St. Louis, will arrive in Macon again June 22d, and will remain until June 27th. His office will be at Hotel Macon, and will remain in this city, and can be consulted free of charge in regard to your eyes.

Dr. Waldmann is considered to be one of the best and most scientific opticians in the United States, and he has with him many high and flattering testimonials from all parts of the country.

Dr. Waldmann uses the latest improved instruments in examining the eye. Something that Macon never had before is a first class and reliable optician. Here is proof of Dr. Waldmann's work; he has already fitted quite a number of Macon's best citizens with his superior glasses and they all express themselves as better pleased with his glasses than any they have ever used.

Dr. B. A. Minor and wife, Mr. J. A. Tyson, Mr. Richardson and many others.

Here are few leading citizens of Starkville, Miss., that recommend Dr. Waldmann's work very highly:

STARKVILLE, MISS., June 1, 1933.

Dr. S. WALDMANN.

St. Louis, Mo.

Dear Sir:—I am pleased to tell you that the glasses you fitted for my wife some time since are giving her better satisfaction than any glasses she ever used. She has for several years past tried some of the best oculists and opticians in St. Louis and in other big cities, but never secured glasses to suit her and relieve her eyes entirely until you fitted her, and she is grateful with the result.

W. W. SCALFA.

STARKVILLE, MISS., May 11, 1933.

Dr. S. WALDMANN, St. Louis, Mo.

Dear Sir:—I am pleased to say that the glasses you fitted for my eyes the last time you were in Starkville, are surely a success. They suit my eyes perfectly, and they are superior to any I ever used.

J. S. MONTGOMERY, M. D.

Dr. S. Waldmann.

Dear Sir:—The glasses you fitted for my daughter and myself are a perfect success. Bessie has suffered several years with her eyes and also headache. She was never entirely relieved till now. We are much pleased with your work. You have succeeded where others failed.

Very truly,
