Praise God from whom all blessings flow, etc.

The Black Troops fought nobly.

We slew them all but one and he got his tail feathers scorched.

The salt river packet is loaded with Democrats this morning and they are a sad crew.

Muskogee has been redeemed the tax payers will have a square deal, and public improvements will go on.

The Democrats are routed from A to IZZARD and beaten from hell to breakfast.

This is a Republican City as shown by the returns and it has always been such, but this is the first time we have gotten together.

To the Victors belong the spoils. We mean that no Democrat should apply or be given office at the hands of the victorious Republicans. Put the Democrats on short grass for the ensuing year.

The Democrats found that they could not buy the Negro vote to any extent and those few skunks who did sell are not worth a d— by a d— and half.

The Democrats made a mistake when they said that all the ladies of the town were in favor of the Democratic ticket. This insult cast at the wives and daughters of white Republicans put them on their mettle and they went to work.

The Cimeter is proud of the fact that we helped to make it possible to elect a Republican ticket and then we proceeded to elect the ticket. The credit is due to the black and white Republicans who stood as a stone-wall for Republican success. Hence the Glorious Victory.

Muskogee County will get four delegates to the constitutional convention. Now let us begin and see that they are Republicans. But no traitor need apply.

The Black Phalanx commenced the battle early and kept it up till the last foe had expired.

Big Chief Owen and his cohorts can now retire dissect the odoriferous smell of the dead carcass of Democracy. Big Chief is an expert on the smell biz and can be taken as authority as he smelt the defeat of Democracy.

The Democrats in their ignorance in assaulting the Negroes made an assault upon the wives and daughters of the white Republicans of the town, when they saw their error they began to explain but it was too late.

### Election Hits.

The Democrats fought hard to the last minuet, but the boys in the trenches dug their graves on the 3rd., covered them up and a big ram come on the 4th and settled things down.

Mayor Fite got down from the high pedestal as Mayor to quarrel and argue with ward workers, this showed to what extreme measures old Democrats was pushed. It was not dignified.

Hon Frank Hubbard, conducted a campaign on the high plane of dignity and respectability. Like a General he acted on election day and allowed his lieutenants to do the work. What a contrast between the Republican and Democrat leaders, the latter jumped into brawls with every Negro who felt brawlish.

We believe that there were at least 200 illegal Democratic votes cast and then we beat them and then too when the entire police force were working for the Democrats and intimidating colored voters and dragging worthless Negro blacklegs into the side door to vote.

The Democrats got more than they expected on the stink proposition. On election day every Democrat from the Mayor down tried to get into close contact with the Negro but the Negro would flee, saying I am afraid you will contaminate me by your smell. The Democrats stunk on election day.

At 8 O'clock on morn of battle our skirmishers commenced the firing on the Democratic Camp and kept up a warm engagement until about noon, when the boys in the trenches came out and began a grand charge. It was then that the enemy saw their finish and began to retreat.

On election day the Negroes said to Big Chief Tom Owen and the other Democrat "If you sot still I chop you wid me razor. If you run I shoot de top of your head off" The Demies sot still and when all had been chopped down but one, that one took to his heels and got away and was the only one not slaughtered.

Tom Owen's STINK speech made votes for the Republicans, as there were some Negroes who intended to vote for certain Democrats but that STINK speech and the TIMES-DEMOCRAT COLOR CAMPAIGN drove all of them home.

For the first time in the history of the town the Republican party was united and victory perched on our banners because we presented a united and solid front to the enemy.

A few Negroes worked for the Democrats, some of them slyly and some otherwise, they have tried to connect loyal men with their d— rottenness in order to hide their own dirt but the party leaders know who the traitor are.

The boys in the bloody fourth whiped the enemy early in the game and sent the Democrats Negroes away on the run.

Down in the fighting third the Democrats concentrated all their forces, the Mayor, the police force and all their henchmen in this ward and with a few traitors Negroes cut down our majority, but it was sufficient to save the day.
