

The Cimeter Supplement.

WHAT BECAME OF THAT MONEY?

YOU EARNED IT; YOU DREW IT; YOU SPENT IT;
HOW MUCH DID YOU SAVE?

We have the safest and simplest plan in the world to help you. Saving money, alone, will never make you rich. You must invest judiciously, where increase in values will be great. We can meet both the saving and investment sides of this story.

We will sell you a lot in College Heights Addition to Taft at ground floor prices, running from \$5 lot \$80 per lot; you pay us \$5.00 cash down, and the balance in small monthly payments. We charge absolutely no interest.

TAFT WILL BE THE GREATEST COLORED TOWN IN THE SOUTHWEST

It will be the educational center, the commercial and industrial center of the Colored race. It is now rapidly growing. The big industrial school, Halobee Institute, is being built. There is coal, gas and oil in that neighborhood. At this time College Heights Addition is practically the only land or lots on the market there, the oil boom has taken practically everything else off the market. We want to help build up the Halobee Institute and as we give that college a large part of the selling price of the lots, we have them on the market at original prices. Write us today for plat, showing prices and terms, etc. We advise you to place your savings here, where you will get safety and increase in value.
