SOLE AGENTS FOR THE KINGDOM OF

The Celebrated Taro Flour

—MADE BY THE—

ALDEN FRUIT AND TARO CO.,

ARE PREPARED TO OFFER SPECIAL

Inducements to Plantation and Shipping Agents

TARO FLOUR is packed in suitable containers for transshipment between the Islands and for foreign shipment. Special orders will be received and packed in any style required.

THIS FLOUR IS FAR SUPERIOR TO THAT MANUFACTURED LAST YEAR.

GRAND SUCCESS!

The new method of making Poi out of TARO FLOUR has reduced the time from 2 1/2 to ONLY ONE HOUR. The old method of cooking it in a bag has been discarded. There is no need of building a fire specially for the purpose, for it can be cooked at the same time that the ordinary meal is being prepared.

Take an agate iron or porcelain lined saucepan, and pour into it one part of Taro Flour to two parts of water. Mix well and be sure there are no lumps. Place the saucepan over a good fire and stir the Flour and water with a wooden spoon or stick until it becomes thick, which will take from three to five minutes, according to heat employed. After it is thick, occasional thorough stirring is necessary, adding a little warm water from time to time to prevent its getting too thick. Put it into a calabash or large bowl, and let it stand from two to three days, when it will become nice and tart.

Should the Poi show a tendency to become cloggy or lumpy, it can easily be remedied by straining it through a piece of netting into a pan or bowl, and smoothing it down either with a potato masher or wooden spoon.

Persons preferring sweet Poi will find that by cooking the Flour according to the above instructions while preparing their evening meal, and letting it stand overnight, it will be in proper condition for use on the following morning.

The Equitable Life Assurance Society
OF THE UNITED STATES.

From the beginning, the Equitable has been the pioneer in all reforms affecting the security, convenience, and advantage of policyholders. It was the first company to issue incontestable policies; the first to make such policies payable immediately, instead of after the delay of a stipulated number of months; the first to simplify the policy contract, and remove from the business technical and confusing complications; the first to apply the Tontine principle to life assurance; the first to issue a policy guaranteeing the payment of the entire reserve and a full share of the accumulated profits to each policyholder at the end of a stipulated period; the first to introduce the Semi-Tontine policy, which, in addition to all the ultimate advantages secured under the Tontine system, is "non-forfeiting," and has a surrender value during its earlier years.

During the twenty-six years and a half of its history, it has written \$105,000,000 more of assurance than any other company during the same period!

No other company has approached the Equitable in the success achieved and surplus accumulated, and the results of management in the past furnish the best guarantee for the future, to intending assurers.

Notice to the Residents

—OF—

Hawaii, Maui, Kauai, Molokai & Oahu

The existence of a properly organized EXPRESS & BAGGAGE CO. is very much to be desired by all parties residing on these Islands, especially out of Honolulu; which need I have undertaken to fulfil in the most perfect manner as will be seen by the following:

1st—I have arranged with WELLS, FARGO & CO.'S Agents at Honolulu, to deliver all Packages or matters of Express ("which they receive from foreign ports") to parties residing out of Honolulu, such matter to be forwarded by me to my Agent at the point of its destination, he to deliver to the party addressed and collect charges, which will avoid the trouble of remitting small drafts or writing letters to Wells, Fargo & Co.'s Agent in Honolulu.

2nd—The Agents in Charge of the offices at the different ports in these Islands are prepared to receive from all parties in their District such matters of Express for shipment through Wells, Fargo & Co. from these Islands to any part of the world.

3rd—I am also prepared to receive invoices of Goods, make entries at Custom House under Power of Attorney and ship such freight or goods to parties out of Honolulu. Parties traveling to and from any points in these Islands may have their baggage or parcels checked and delivered by me without any trouble or loss.

4th—I am fully prepared to make purchases in any line of General Merchandise, such goods to be purchased by me wherever parties ordering may be desired and shipped by me to such parties through my Agents.

5th—I am ready to pay and collect bills for or from any person residing on these Islands with quick dispatch.

The above I guarantee to execute faithfully. Such an opportunity has never heretofore been offered to the Residents of these Islands. All I ask is for a trial that you may be convinced of my business ability.

DR. J. COLLIS BROWNE'S CHLORODYNE.

THE ORIGINAL AND ONLY GENUINE.

Advice to Invalids.—If you wish to obtain quiet refreshing sleep, free from headache, relief from pain and anguish, to calm and assuage the weary aching of protracted disease, invigorate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvelous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff), to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.

CHLORODYNE acts like a charm in Diarrhoea, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cures short attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Menstritis, &c.

From Sykes & Co., Pharmaceutical Chemists, Medical Hall, St. Paul, January 5, 1888. To J. T. Davenport Esq., 32, Great Russell Street, Bloomsbury, London.

Dear Sir.—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy for general utility, we must question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are sorry to say, are now relegated to the native bazaars, and, judging from their sale, we fancy they sojourn there will be but evanescent. We could multiply instances of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhoea and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy and as a general sedative, that have occurred under our personal observation during many years. In Cholerae Diarrhoea, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never need any other form of this medicine than Collis Browne's from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a DELIBERATE BREACH OF FAITH ON THE PART OF THE CHEMIST TO PRESCRIBE AND PATIENT ALIKE. We are, Sir, faithfully yours, Sykes & Co., Members of the Pharm. Society of Great Britain. His Excellency the Viceroy's Chemists.

CAUTION.—Vice-Chancellor Sir W. Page Wood stated that Dr. J. Collis Browne was, undoubtedly, the inventor of Chlorodyne; that the story of the defendant Freeman was deliberately untrue, which, he regretted to say, had been sworn to.—See "The Times," July 13, 1886.

Sold in bottles at 1s. 1/2d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Caution.—Beware of Piracy and Imitations.
