ATTEMPT MADE TO DYNAMITE TAFT

President Passes Spot Ahead of
Explosion, Which Injures
Several Persons.

MANY ARRESTS ARE MADE

The Presidential Party Sails for
Home—Colonel Goethals
for Governor.

(By Federal Wireless Telegraph.)
PANAMA, December 26.—
(Special to The Advertiser)—
Fifteen minutes after Pres-
ident Taft had passed on his way
to the ball in his honor tonight
at the National Theater, a cigar
stand near the station on Cen-
tral avenue, the principal street
of the city, was blown up with
dynamite, while the street was
still lined with police. One man
was badly injured.
Several arrests were made.
The mayor and the reception
committee hurried from the hall
to the scene of the dynamiting.

FOR CIVIL GOVERNOR.

(By Federal Wireless Telegraph.)
PANAMA, December 26.—(Special to
The Advertiser)—President Taft has
decided not to nominate the Civil Gov-
ernor of Panama, and some of the sub-
ordinate officials, until he returns to
the United States.

It is expected that Colonel George
Goethals will be appointed Civil Gov-
ernor.

Today's program included a visit by
the President to the Culebra cut of the
canal and also an automobile trip to
the ruins of old Panama City, which
was sacked and razed in 1671 by the
Pirates, Henry Morgan, who was
made a knight by King Charles II on
his return to England.

The Presidential party sailed from
Colon at six o'clock this evening, on
the United States warship Arkansas,
and is due in Key West Sunday.

Colonel Goethals will return to the
United States at the same time on
board the battleship Delaware.

DYNAMITE CASE TO JURY.

INDIANAPOLIS, Indiana, December
26.—(By Associated Press Cable)—The
cases of the labor leaders accused of
having transported dynamite across the
continent, and of having participated in
various ways in the dynamite outrages
that for the last five years have shocked
the nation, went to the jury this morn-
ing. It is expected that that body will
have difficulty in deciding the cases, as
there are many defendants and the
cases are extremely complicated. The
government attorneys are confident of
victory.

POLICE TO RESCUE OF CONSERVATIVE CHIEF IN LISBON

DR. ANTONIO JOSE D' ALMEIDA.
Whose arrival at Lisbon caused a riot
which required police and troops to
quell.

(By Federal Wireless Telegraph.)
LISBON, Portugal, December 26.—
(Special to The Advertiser)—With the
arrival here of the Conservative chief,
Dr. Antonio Jose d' Almeida, who had
been hastily summoned back from
Switzerland, a monster demonstration
took place which resulted in all the
police and military forces being called
out for the preservation of the public
order.

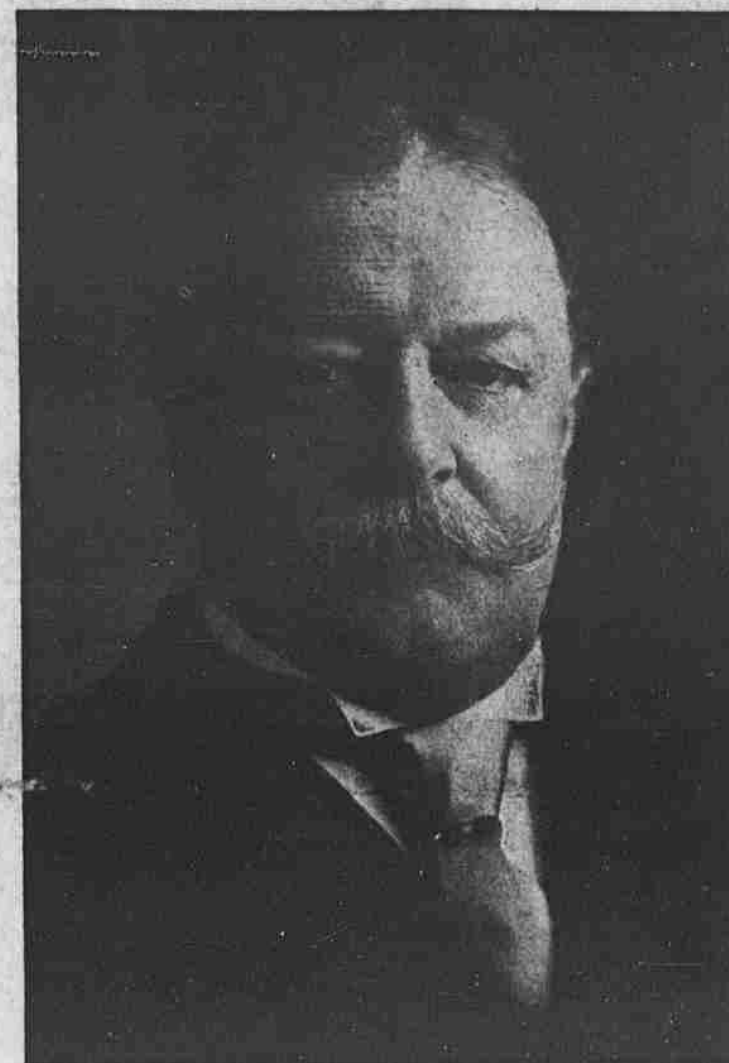

Dr. Almeida was greeted with
hisses and groans as he stepped ashore
from the steamer. A riot followed and
Almeida was hastily removed from the
midst of the mob, after considerable
difficulty. The troops are being held
here under arms and developments are
looked for momentarily.

The affair was caused by the political
division between the Conservative and
Democratic wings of the backers of the
Portuguese Republic.

PRESIDENT-ELECT IS FIGHTING THE GRIPPE

Keeps His Bed on Advice of His
Physician, But Will Begin
Travels Today.

(By Federal Wireless Telegraph.)
PRINCETON, New Jersey, December
26.—(Special to The Advertiser)—More
as a precaution than a consequence of
his light illness, President-elect Wilson
decided to stay in his room today.

He had his appointments transferred
from the State House to his home here.
The Governor has been fighting what
he thought was a mere cold since Mon-
day, but he learned today from his phy-
sician, Dr. James Caronehan, that he
had met and conquered a second attack
of grippe.

The Governor spent a restless night
and said he felt much better this morn-
ing. Nevertheless, he took his phy-
sician's advice and is staying indoors.
The doctor pronounced Wilson well
enough, however, to make the trip to-
morrow to Staunton, Virginia.

WOULD SUPPRESS OPIUM EVIL, BUT PEOPLE EVASIVE

(By Federal Wireless Telegraph.)
PEKIN, China, December 26.—
(Special to The Advertiser)—In
view of the unsatisfactory position
of the opium question the Chinese
government has issued a manifesto
reiterating its desire to suppress
the evil and save the people from
a life of degradation.

The manifesto expresses the fear
that although the government is in
earnest the people are evasive.

The Advertiser received a cable last
night stating that the American-
owned Steamship Columbia had sailed
from Seattle for Honolulu.

CORN FLAKES LIABLE TO BE TOASTED SOME

Government Begins Proceedings
Against Big Company
for Conspiracy.

(By Federal Wireless Telegraph.)
DETROIT, Michigan, December 26.—
(Special to The Advertiser)—Attack-
ing the practice of manufacturers in
attempting to fix a uniform jobbers'
and retailers' price for products, the
government here today entered a suit
against the Kellogg Toasted Corn Flake
Company.

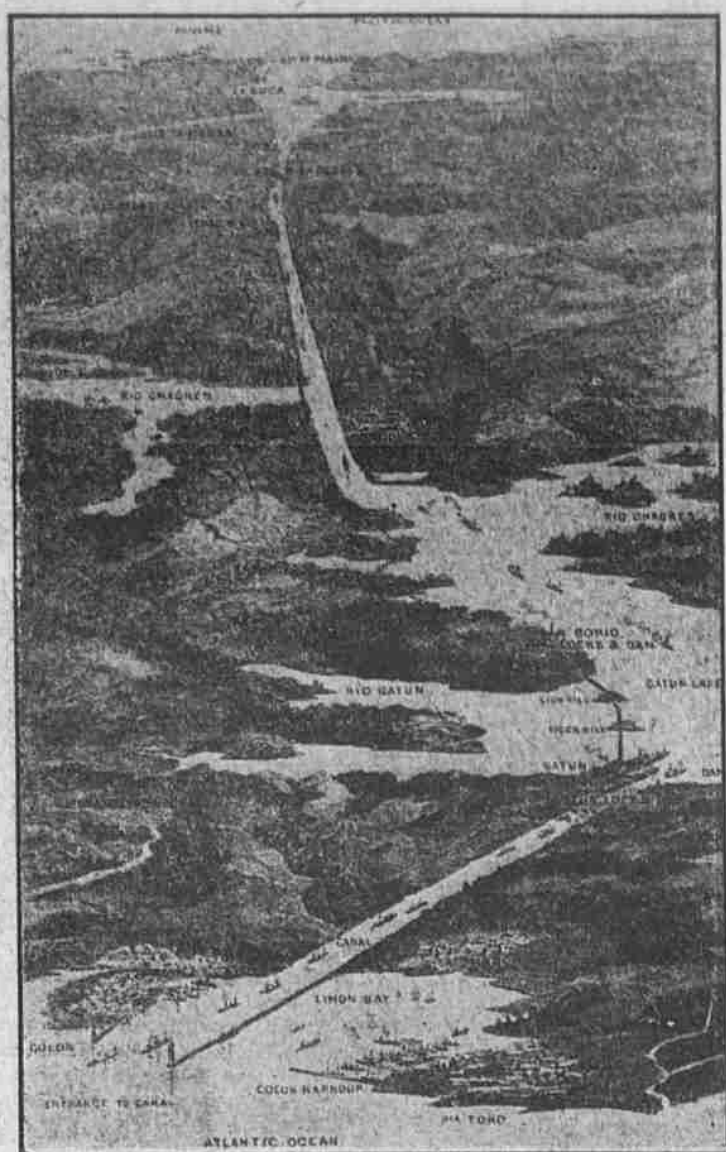

The federal court attacks the plan
whereby the Kellogg company exact an
agreement from the jobbers and retail-
ers not to sell corn flakes at less than
the specified price, penalty for violation
of which agreement being a forfeit of
selling rights.

It is alleged that the company used
the recent supreme court patent mon-
opoly decision to patent the carton
wherein their product is sold, threat-
ening jobbers and retailers selling be-
low the fixed figure with prosecution for
"infringement of patent rights."

The government alleges that this plan
constitutes an attempt to evade the
Sherman anti-trust and monopoly law.
If the government's contention is sus-
tained, it will enable the department of
justice to reduce the cost of living by
forcing manufacturers of staples to re-
move all restrictions on "cut-rate"
sales of their products.

MEXICAN REBELS ARE DEFEATED OFFICIALLY

(By Federal Wireless Telegraph.)
EL PASO, December 26.—(Special to
The Advertiser)—An official federal re-
port made public tonight says 350
rebels under General Salazar were de-
feating Monday by General Blanco and
450 federal volunteers, at Jacona, in the
Casta Grande district.
Twelve rebels were killed, says the
government report, which failed to
state the federal loss.

MAY DISPERSE IMPERIAL DIET

Opposition to Premier Katsura
Will Probably Cause New
Election in Japan.

(Special Cable to The Nippon Jiji.)
TOKIO, Japan, December 26.—It is
learned here from those who are in
constant touch with Japan's political
situation at present, that Prince Taro
Katsura, the premier of the newly or-
ganized cabinet, will soon take action
to disperse the Imperial diet.

The diet met in its thirtieth session
here yesterday. The opening ceremony,
however, was postponed until tomor-
row, December 27, when an Imperial
edict will be received from the Em-
peror and read. The session then will
adjourn over for the new year recess
to the latter part of January.

The members of Seiyu-Kai, or Con-
stitutional party, which possesses a
controlling majority in the chamber of
deputies, are strong in their opposi-
tion to Prince Katsura's new ministry,
representing the Kanryo-Ha, or Bureau-
cratic party. They are planning, it is
learned from an authentic source, to
pass a resolution refusing to recognize
the policies of the new cabinet and to
present it before the Emperor. Should
such prove to be the case, Premier Kat-
sura will take quick action and the
diet will be ordered at once to be dis-
persed.

Kokumin-To, or Nationalist party,
one of the opposition wings in the Im-
perial diet, it is generally expected,
will take a similar stand and support
Seiyu-Kai.

These predictions are expected to
materialize. Meanwhile the bitterness
of feeling against Kanryo-Ha and its
high-handed policies is prevailing
throughout the whole nation. The ex-
citement is considerable.

STEEL TRUST IN PROFIT-SHARING WITH EMPLOYEES

(By Federal Wireless Telegraph.)
NEW YORK, December 26.—(Special
to The Advertiser)—The United States
Steel Corporation, pursuant to its profit
sharing plan in 1909, will offer its em-
ployees next month the privilege of sub-
scribing for preferred and common
shares on the basis of \$100 for the pre-
ferred and \$50 for the common.
A year ago the subscription prices
were \$110 and \$55, respectively.
Just how much of each issue is to be
allotted to employees has not been de-
cided. In 1911, subscriptions were re-
ceived from about 27,000 employees for
an aggregate of 30,000 preferred and
30,750 of common shares.

REFUGEES TELL STORY OF WRECK

Madagascan Reef Holds Bones
of French Steamer Lost Al-
most a Month Ago.

(By Federal Wireless Telegraph.)
MARSEILLES, France, December 26.—
(Special to The Advertiser)—The
steamer Djemma arrived here yester-
day with 145 passengers of the French
steamer Calazie, which was driven on a
reef about forty miles off the southeast
coast of the Island of Madagascar, in
the Indian Ocean, during a cyclone on
November 29.

The passengers gave a thrilling ac-
count of the wreck of the Calazie,
which was proceeding from Diego
Suarez for Mauritius. The vessel was
swept by the terrible seas and the pas-
sengers were in a state of panic.

A group of English passengers gath-
ered in the saloon and sang "Nearer
My God to Thee."

Six of the eight lifeboats were low-
ered away for the passengers and, when
the storm subsided, they were landed
on the desert shore. The officers follow-
ed in the two remaining boats.

Camps were erected and one boat
proceeded to Madagascar, bringing back
aid. The passengers were taken off.
The captain and officers remained at
the scene of the wreck, but it is be-
lieved that the Calazie will prove a
total wreck.

CHILLY TIME FOR KING ON CHRISTMAS

(By Federal Wireless Telegraph.)
LONDON, December 26.—(Special to
The Advertiser)—King George, who is
staying at his country house at Sand-
ringham, was unable, on account of a
chill, to attend church on Christmas
Day and was also prevented from being
present at the Christmas dinner given
by Queen Dowager Alexandra.

It was officially stated today that His
Majesty was quite recovered.

TUBERCULOSIS REMEDY
TO BE GIVEN TO WORLD

BERLIN, December 26.—(Special
to The Advertiser)—In an-
swer to hundreds of letters, tele-
grams and cablegrams that Dr.
Frederick Frank Fredman is re-
siding, asking when he will
give out his famous tuberculosis
remedy to the world, Doctor
Fredman today declared he had
not arrived at a decision as to
what plan will be followed in
making his remedy available in
all parts of the world.

FIERCE FIGHTING IN SLEET AND SNOW

Grecian Army Is Keeping Up Its
Aggressive Attacks on the
City of Janina.

REINFORCEMENTS ON WAY

Turkish Troops Flocking to the
Scene of War From Asia—
General Killed.

(By Federal Wireless Telegraph.)
ATHENS, Greece, December
26.—(Special to The Advertiser)
—Dispatches received here to-
day from the Greek front say
that ferocious fighting is again
in progress in the district of Ja-
nina.
Storms of sleet and snow are
hampering the operations of
both armies, but the Greeks are
steadily pounding away at the
fortifications which bar the way
to the city of Janina, Turkey's
last stronghold to the advance
of the Greeks.

CONFLICTING NEWS.

(By Federal Wireless Telegraph.)
LONDON, December 26.—(Special to
The Advertiser)—A St. Petersburg dis-
patch to the Daily Mail says:

"According to reliable information
Austria has decided to discontinue her
military preparations and disband her
reservists."

The Vienna correspondent to The
Times, however, says that although
Christmas leave has been given to some
reservist officers, there has been no
slackening of the military preparations.

A Salonica dispatch to The London
Times says that in view of the deter-
mined stand the Turks are making at
Janina, a fourth Greek division is now
embarking at Prevesa.

A Constantinople dispatch to The
Times says that further contingents of
Turkish troops from the Black Sea
Provinces have arrived at the Darda-
nelles, where more than 40,000 are now
concentrated.

According to the latest information
David Pasha and his whole staff were
killed during an attack by the Turks
on the Hellenic position, east of Goritza,
about December 16.

Turks Are Stubborn.

LONDON, December 26.—(By Asso-
ciated Press Cable)—With the sessions
of the peace conference still adjourned
pending the end of the holidays, it be-
came known here today that Sublime
Porte is holding out against the terms
proposed by the Allies just prior to the
adjournment.

The demand of the Allies for the re-
linquishment of the city of Adrianople
is believed to be the chief trouble in
the settlement between the warring
powers. The Turkish plenipotentiaries
are holding out against that and it is
said here that they have received secret
instructions from Constantinople
on no account to accede to this feature
of the terms.

On the other hand, the Porte is said
to have enabled secret instructions to its
envoys here, giving them a set of terms
to which it is willing to yield. These
terms, it is reported, do not contain
provisions for the evacuation of Adrian-
ople, nor do they mention the matter
of indemnity.

Still another matter that is causing
the Balkan pot to keep bubbling un-
easily is the fact that, although she
approved of Serbia's concessions, Aus-
tria has so far failed to discontinue the
mobilization of her forces on the Ser-
bian frontier.

(By Federal Wireless Telegraph.)
WASHINGTON, December 26.—(Special
to The Advertiser)—Ambassador
Cabrera, of Mexico, expects to leave
Washington for Mexico City, December
31, and the probabilities are, it was
said at the embassy today, that he will
not return, as he desires to retire and
practice law.

MANILA, December 26.—(Special to

fantry. Death was due to pneumonia.
