## GRACE MILLS.

WARSAW, Ill., Oct. 19, 1867.

OWING to a rush of business immediately after and since harvest, we have but recently been able to finish the alterations and improvements in our Mills, which we deemed necessary to enable us to offer to our customers a brand of Flour unsurpassed by any. Having everything in the best of order now, we take pleasure in assuring our friends and costomers that we shall henceforth make our best brand, the

GRACE MILLS.

Uniformly good, so as to be equal to the best, and if possible superior to any other brands manufactured.

Our Mr. HAMNA, whose experience and reputation as a Miller is generally known and appreciated, having taken an interest in our firm, will endeavor to make our grade of such a quality that they cannot fail to merit increased favor. We shall always sell at as low a price as inconsistent with the best of *quality*—but are determined to make the quality superior at whatever cost confident that people will prefer that rather than a saving of a few cents on the sack or barrel.

## Rum and Railroads—Curious and Instructive Table.

From the New York Examiner.

Mr. Welles, in his report, gives us a table "showing the aggregate sales" of liquors, at wholesale and retail, "in the several States and Territories of the Union during the fiscal year ending June 30, 1867, as deduced from the receipts of internal revenue." The value of retail liquor sales that is first cost to the consumer—reaches in a single year, the enormous sum of one billion, four hundred and eighty-three million, four hundred and ninety-one thousand, eight hundred and six-five dollars (1,483,491,865). That is forty-three dollars for every man, woman and child in the country. It is very nearly one-fifth of the entire annual sales of merchandise—including liquors, by wholesale and retail dealers, auctioneers and commercial brokers, during the period ($11,870,327,207). It is more than "the entire product of the precious metals," from all the States and territories west of the Rocky Mountains for twenty years, from 1848 to January, 1868, which J. Ross Browne, in his recent report to the Secretary of the Treasury, estimates at $1,166,000,000. It is more than ten times the total value of all the church property in the United States, given by the census of 1860 as $171,898,582. It is more than one-half our entire national debt (not deducting the cash in the treasury), which was $2,620,760,2,848 on Nov. 1, 1867.

Mr. Delmar, of the National Bureau of Statistics, has published a "summary statement of the length and cost of railroads in the several States at the close of 1867." We will compare this, so far as the cost and equipment of the roads are concerned, with Mr. Welles' statement of the value of the retail liquor sales in the several States for the single year ending June 30, 1867. We remark, in parenthesis, that the wholesale liquor sales are something less than one-half the amount of the retail sales ($600,278,060). This indicates something of the profits of this traffic. It is obvious why we use the returns of the retail sales rather than of the wholesale, as we wish to get at the cost to the consumer. The total present value of railroads is $1,654 050,799—exceeding the annual cost of the liquor drank by less than the worth of the railroads in the single State of Pennsylvania. The comparison of the two items in several States is certainly instructive.

| States and Territories. | Value of retail liquor sales for one year. | Total value of railroads and their equipments |
|---|---|---|
| New York | $246,617,520 | $169,308,180 |
| Massachusetts | 27,079,575 | 71,731,234 |
| Pennsylvania | 132,663,405 | 221,847,857 |

# TO BE GIVEN AWAY

THE GREAT

# KEOKUK LIVERY STABLE

Gift Enterprise Assoc'n,

WILL TAKE PLACE AT

# GIBBONS' OPERA HOUSE

OCTOBER 20, 1868.

THIS distribution of prizes will be conducted on a fair and impartial plan. ALL THE PRIZES ARE PUT IN AT A FAIR VALUATION. Of this fact holders of tickets can satisfy themselves by calling at the proprietor's Livery Stable, corner of 9th and Main streets, Keokuk, Iowa, and examining the property.

Gift Enterprises are often got up solely for speculation with every prize put in at fifty times its true value; but in this enterprise such is not the case. The proprietor hopes in this way to be able to dispose, at once, of his entire Livery Stock at only a fair price, as protracted illness in his family makes it impossible for him to give that attention to his business which it requires.

In looking over the prizes the reader will bear in mind that every horse is SOUND, and of first-class stock, and every Buggy of recent style and nearly as good as new, and all are top buggies. The carriages are worth to-day cash what they are put in at, and so, with nearly everything in the Stable.

**No. of Certificates 5,800.**

5800 Prizes, Valued at $11.600,00.

**Certificates $2 Each.**

*Every Certificate Draws a Prize.*

# THE LIST OF PRIZES

Can be seen in hand-bills; correctly arranged, numbered and valued, which consist of 20 fine horses, 9 fine buggies, 2 fine Carriages, about 20 sets of silver-plated harness, a large lot of Sleighs, Buffalo Robes, Bells, Whips, &c., &c.; also, two fine young Cows, and a large lot of small prizes, too numerous to particularize in this advertisement.

The proprietor pledges himself that everything shall be fairly, openly and honestly conducted.
