

Basket Ball Records Fall in Game at 'Y' Last Night

KEOKUK Y ROMPS WITH HAMILTON

Scoring Records Are Shattered in the Game Played at Y. M. C. A. Here Last Night.

TOTAL COUNT 80 TO 3

Game Ends Successful Basketball Season for Keokuk Teams—Allen Stars Last Night.

One scratch basket and one free throw, both made in the second half, gave Hamilton the total of three points made in the game with the Keokuk Y team here last night. The final count, a record on the local floor, was 80 to 3. The score would have been but little different had Hamilton been working with the Y instead of against it.

The first half of the game ended with the score of 45 to 0, and at that time it appeared that the visitors would be blanked in both sessions. Heiser, however, got away with a lucky shot in the second period while another point was added by La Monte on a free throw.

This game ends a most successful season of basketball for Keokuk teams, both high school and Y. M. C. A. The Y team has made a remarkable record during the season, having won nearly all of their games by very lopsided scores. The high school lost but two games on their regular schedule and avenged these games by defeating later the teams that had been victors earlier in the season.

LIVINSKY IS FAVORED IN FIGHT WITH MOHA

Milwaukee Wags Dub New Yorker "Busy Izzy" and Offer Even Money on Moha.

MILWAUKEE, Wis., March 21.—Battling Livinsky, dubbed the "Busy Izzy" of gloveedom by local humorists, arrived tonight and inspected his training quarters. Although he will be here only two days, the busy fighter will do as much training as some other scrappers might in a week. NEW GRAND STAND PLANS CONSIDERED

Baseball Association to Submit Proposition at the Meeting of the Grounds Association Soon.

NEW SUITS ORDERED

Home Garb Will Have Indian's Head on Shirt—Road Clothes Will Be Very Classy.

A meeting of the Baseball Grounds association directors will be held within a few days when the baseball association will offer a proposition which will result in the construction of a grand stand at the new park for use a year from this summer when the street car extension to the park has been completed.

The baseball association expects to submit a proposition for the renting of the park at a figure which will make the baseball park a paying proposition to the owners. As it is, the baseball park is paying practically no return on the investment. The baseball association has quite a large amount of material for the construction of fences that will be sold to the grounds association at cost. This material was originally purchased at a cost of several thousand dollars but was sold to the local club for about \$300. It is all practically as good as new.

The local club has decided upon the color of suits to be ordered for the Indians within a few days. The new suits are to be made of the best material and will be very pretty. The home suits will be of plain white. The traveling suits will be of steel gray color with a blue and red silk stripe. On the home suits it is planned to have the face of an Indian, with no name or letter. The traveling suits will bear the name of the club on the front of the shirt, the name to be placed in Chinese fashion, running up and down instead of across the front as is the usual order.

With the opening of the big league schedules but three weeks away, interest in things baseball is on the increase. Two weeks hence will see the leader of the Indians in the city getting things ready for the annual reception of likely, and unluckily, baseball material. Abbott is expected on the fifth of April. He will go over the contracts the local club has received and will prune down the list that is to report. Traveling expenses will then be sent out and railroad companies will then be expected to do the rest.

CHICHESTER'S PILLS

Phil Keating of Newark, N. J., one of the younger members of the Irish-American A. C. won the annual St. Patrick's Catholic club's marathon, run here today in 36 minutes, 15 3-5 seconds. His handicap was three minutes.

Always an Active Enemy. Above all things, be on your guard against your temper. It is an enemy that will accompany you everywhere to the last hour of your life. If you listen to it, it will frustrate all your designs. It will make you lose the most important opportunities, and will inspire you with the inclinations and aversions of a child, to the prejudice of your gravest interests. Temper causes the greatest affairs to be decided by the most paltry reasons; it obscures talent, paralyzes every energy, and renders its victims unequal, weak, vile and insupportable.—Fennelon.
