CHANCE TO LOOK AT STEEL BARGE

Instrument for Revival of River Traffic Will Stop at Keokuk on One of Its Trips.

IT WILL CARRY FREIGHT

Mayor Writes Traffic Agent That Boat Will Be Welcome to Land at Local Wharf.

In order to demonstrate the practicability of the revival of inland navigation, a steel self propelled barge will leave New Orleans July 6, fully loaded with freight. The objective point will be St. Paul, and the barge will stop over at Keokuk.

Mayor S. W. Moorhead received a letter from Guy Donaldson, traffic agent of the Inland Navigation bureau at New Orleans telling of the boat's trip.

The letter follows:
To the Mayor, Keokuk Iowa:
Dear Sir—Mr. John H. Bernhard's gas producer self-propelled shallow draft steel barge No. 5 will leave New Orleans July 6, fully loaded for St. Paul. The object is to demonstrate the practicability of inland navigation revival through the use of money saving boats.

It may be possible to stop the boat at your city long enough to permit a brief inspection, provided no wharfage be charged. Can this matter be arranged?

If you advise me it can, and we can arrange to make a brief stop you will be notified by telegram when the boat will arrive at your city and whether or not it will make a brief stop on the up or down trip.

Yours very truly,
GUY DONALDSON,
Traffic Agent of Inland Navigation Bureau, New Orleans.

The mayor has written Mr. Donaldson that there will be no wharfage charge, and that the barge will be welcome to stop here for an inspection. This will give the people of Keokuk an opportunity to see one of these new barges.

saw Clute in his auto with another man, other than Gifford, shortly before he was killed. Jerome laid great stress upon the testimony of Leslie Allen, surveyor, who testified the shot could not have been heard at the home of one Craw. Craw testified he had heard shots.

SQUEEZED STORY OUT OF ANARCHIST
(Continued from page 1.)

The greatest surprise was felt here when the announcement was made. It was officially stated that cancellation of the Kaiser's plans for the Austrian trip came as the result of a slight disposition which has attacked the aged emperor of Austria and that it was not deemed advisable in his present agitated condition that further strain of entertaining the Kaiser should be placed upon him. To this, the official explanation went on, the Kaiser agreed. It was generally admitted here today that only the gravest reasons could have prevented the visit of the German emperor, Austria's closest ally, to the funeral of the heir to the Austrian throne. The fear of anarchistic activities is widely regarded as the only adequate explanation.

Indians Celebrate.

FORT COLLINS, July 2.—Fort Collins is celebrating her fiftieth birthday today. It isn't the exact anniversary, for the town was founded in May, 1864. But at that time of the year, the dry farmers and the lamb feeders are too busy to take the necessary lay-off for a celebration. So it was decided to set the date for July 2. Today, tomorrow, and Saturday, Fort Collins will be thronged with thousands of visitors from all over the Rocky mountain territory.

Today when the main events of the celebration take place, there will be a big parade of pioneers. A few of the founders of the town still survive, and they will ride in the parade, dressed in garments like those they wore when they first set up their sod shanties and started to break the prairie sod. Ox teams, drawing canvas-roofed prairie schooners, will be the conveyances for the pioneers and their families. Indians will take part in the parade. Every day of the three, there will be wild west sports. Performances by a wild west show will be part of the program, and there will be contests, open to all comers, in riding, bucking horses, roping steers, and other feats of the range. Cow pony races, with men and women jockeys, will be held every day.

French Exhibit at Fair.

[United Press Leased Wire Service.]
PARIS, July 2.—War in French officialdom over the governmental participation of the country in the Panama-Pacific exposition in San Francisco broke today. Because a parliamentary committee has gone on record as favoring French participation, Minister of Commerce Thomson today asked David Monnet, president of the chamber of commerce to influence the members of that body to revoke the

Those present from St. Madison were: Mr. and Mrs. T. T. Hitch, Mr. and Mrs. R. N. Johnson, Dr. and Mrs. J. M. Casey, Mrs. H. D. Everingham, Miss Sarah Casey. The guests from here were: Mr. and Mrs. John Craig, Mr. and Mrs. Theo. Craig and Mrs. H. Hulskamp.

The Warsaw Gate City

Warsaw, Ill., July 2, 1914.

Rev. George Long will give a Second lawn social on the lawn of the rectory on Monday evening, July 6th. All who were invited to the first social are cordially invited to be present at this one and there are other invitations extended. There will be music by orchestra and also refreshments. Rev. Long is personally giving these socials that we may know each other better, and help make a better city; a kindly and brotherly spirit prompts him to extend the glad hand, and if the same spirit filled each one of us we would all feel better and happier and be better. Brotherly love and town patriotism go hand in hand for the betterment of any community.

'Tis refreshing to see the Gate City editorially stand up for President Marsh of the Tri State Traction Co., as against the insinuations of the Quincy Journal that he is not giving the true reasons for the temporary stopping of grading on the new road. Marsh is telling the truth we all believe, his road will be built and in the meantime and always he deserves the support and confidence of every citizen on the line of the road or contiguous to it. Marsh is our standard bearer, stand by him, and honor him for his pluck, his grit, his persistence against all obstacles.

Forty-two feet of the granite monument is in one solid block; it will be pulled up 4th street on rollers, with ropes and pulleys as no wagon of course could be utilized.

It has been suggested by several citizens that the city council should ask the trolley company to extend its line up town before our celebration days September 29 and 30 and October 1st. The increased patronage the road would receive the whole year through would pay for the change. Thousands of people every year make

the trolley trip from Keokuk to Warsaw who never come up on Main street because they have to climb the hill. When the line came up Fourth street July 1,000 people visited Warsaw every Sunday afternoon during the summer and, through the week the 2:10 p. m. and 4:30 p. m. trains were always loaded to the platforms. The change would increase the road's income both going and coming.

The band concert Wednesday night at Fourth and Main streets drew the usual large crowd. Next week it will play at Sixth and Main.

Wm. Mussetter is painting, repairing and otherwise improving the Ames cottage on Crawford street, recently purchased by him.

The Farmers Elevator and Supply company has shipped several hundred hogs to St. Louis this week.

Several of our stores are making handsome Fourth of July exhibits in their front windows. A safe and sane Fourth for Warsaw is the cry.

Mr. Brady of Keokuk was down Tuesday in a new Buick, visiting his brother Peter.

Farmers are busy these days cutting wheat. On an average the yield promises better than at first.

There is much rejoicing here that the steamer Majestic will be raised.

The Wm. Nelson residence is nearing completion. It will be one of the most comfortable in the city.

The city council Tuesday night, by a vote of 3 to 2 agreed to purchase a steam roller for the streets.

It is probable that a start will soon be made on the sewerage system and when completed Warsaw will have met all the requirements of an up-to-date city.

Engineer Gordon has removed to Hamilton. He will still retain his place in the Marsh office, however.

Ship Gets Off Rocks.

[United Press Leased Wire Service.]
PORT MCGILL, Ont., July 2.—The Canadian Pacific lake steamer Assiniboia with 100 passengers aboard was expected to reach this port this afternoon after having been aground on the shoals of Cove Island, Georgia Bay, for hours today. She went aground during a fog. Her sister ship the Manitoba stood by ready to render any assistance necessary but the position of the ship was at no time serious. The sea was calm but there was a heavy fog.

United Press Association Telegraph Market Report Over Gate City Leased Wire.

Grain Review.
[United Press Leased Wire Service.]
CHICAGO, July 2.—Decided strength developed in July wheat during the first hour with the price up to 7 1/2¢ and northwest markets about 1 1/2¢ cents higher but reaction followed on reports of bountiful yields under good weather. July and September were both up but 1/4¢ at noon above opening. Europe and Liverpool were uneasy over political conditions and reduced shipments from Russia.

Corn was down 1/4¢ in July and off 3/4¢ for September at midday. The opening was firm but decision to relax grading system caused a break.

July oats showed no changes while September had a slight advance.

Provisions were devoid of remarkable changes. Offerings were light and hogs were strong at the yards.
