

## SHELDON DEFEATS CARR YESTERDAY

Local Star Puts Des Moines Hope Out of Running in Third Round of Championship Flight.

### SCORE OF MATCH 4 AND 3

Local Enthusiasts Are Hoping to See Keokuk Get Into the Final Match for Honors.

OTTUMWA, Iowa, July 10.—In the third round of the championship flight here yesterday, J. Perdue Sheldon, of Keokuk, playing a consistent game, overcame the lead of one up which Fred Carr of Des Moines had at the end of the first nine holes and defeated Carr 4 and 3.

Four cities will be represented in the semi-finals of the Iowa state golf tournament today for the first time in the history of the association. For the last five years the semi-finals of the main flight have been made up entirely of Des Moines golfers, and the change is welcomed by the entrants of the event held here.

In yesterday's championship flight, Arthur Bartlett, Ottumwa, beat R. C. Smith, Ottumwa, 5 to 3; Ralph Rider, Des Moines, beat Alfred Ponslee, Dubuque, 11 and 9; Perdue Sheldon, Keokuk, beat Fred Carr, Des Moines, 4 and 3; J. L. Beaver, Jr., Cedar Rapids, beat J. B. Terry, Cedar Rapids, 1 up.

### Ideal Conditions Prevail.

Ideal weather and ground conditions marked the opening of the second day of match play of the Iowa state golf tournament at the Ottumwa Country club links, north of the city. The chief event of the day was the third round of championship flight in which eight players contended. Of the Ottumwa team of four which was in the first flight Wednesday only two remained yesterday. These were Bartlett and Smith and they were unfortunately matched against each other for today's play. Dwight B. Baker was eliminated late Wednesday evening by F. P. Carr of Des Moines, and Al Peaslee of Dubuque, put Nelson Cowles out of the flight.

It was a trick of fate that pitted Ottumwa's two contenders for championship honors against each other in the flight yesterday. Art Bartlett who Wednesday eliminated two men, and R. C. Smith who did likewise—both playing great golf and defeating high class players—were drawn to meet each other today. Either one seemed good enough to get into the semi-finals at least had they not been compelled to meet in the flight before the semi-finals. They played their first nine holes in the morning, Bartlett playing the steadier golf and having Smith three down at the turn.

**Annual Meeting Is Held.**  
At the annual banquet and meeting of the Iowa Golf association held at the club house Wednesday night, Dr. E. E. Dorr of Des Moines, was elected

## Beef Roll

A New Way of Using Left Overs  
By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine  
Every housewife finds the disposition of left overs a most perplexing problem. K C Beef Roll will go a long way toward helping you out when the family get tired of hash and stews. You really ought to try it for supper tonight or tomorrow night at the latest.

**Beef Roll, K C Style**  
Three cups flour, 1 teaspoon salt, 3 level teaspoons K C Baking Powder, 1 cup shortening, sweet milk, 1 cup each, chopped cooked beef and ham, 1 teaspoonful mixed mustard, 2 beaten eggs, greasing of oven; 5 teaspoonful each, salt and pepper, broth or water.  
Make a biscuit dough of the flour, salt, K C Baking powder, shortening and milk, and roll into a sheet half an inch thick, having the ends even. Mix the other ingredients by themselves, using liquid as needed to make a paste. Spread the paste over the dough and roll like a jelly roll. Bake in a buttered pan about forty minutes. Brush over the outside with a little beaten egg left for the purpose and return to the oven to brown. Serve hot with a rich brown sauce. Other meats, such as chicken or veal, alone, or in combination, may be used. The onion and mustard may be omitted.  
Ninety recipes—just think of it—by the famous cooking authority, Mrs. Janet McKenzie Hill, sent free upon receipt of the colored certificate packed in 25-cent cans of K C Baking Powder. Send for the handsome Cook's Book today to the JAGUAS MFG. CO., Chicago.

President, Dr. George E. Kinney of Burlington, vice president, and W. H. Dunshee of Cedar Rapids, secretary and treasurer. Cedar Rapids was chosen for the 1915 tournament.

A special effort was made to get the lesser flights off early yesterday morning. A list of the pairs were kept and as fast as they reported were lined up and sent out. Those who remained in the championship flight were given the right of way, but as only eight pairs were left the other matches were not delayed to any great extent.

**The Best Medicine in the World.**  
"My little girl had dysentery very bad. I thought she would die. Chamberlain's Colic, Cholera and Diarrhoea Remedy cured her, and I can truthfully say that I think it is the best medicine in the world," writes Mrs. William Orvis, Clare, Mich. For sale by all dealers.—Advertisement.

**Today is Big Day in History.**  
WASHINGTON, July 10.—Historians here pointed out that today is a "big" day in both American and foreign history. On July 10, 1584, William of Orange, who led Holland's war for independence, was assassinated.

The statue of King George III at Bowling Green, N. Y., was overturned July 10, 1776. Two years later Rochambeau arrived at Newport with 6,000 French soldiers.

On this date in 1790 congress decided to meet for ten years at Philadelphia.  
The first steamboat arrived at Chicago, July 10, 1832. Col. John C. Fremont became governor of California on this date, 1846.

The fortress of Gibraltar was captured by the British, July 10, 1704.

## SEASON'S APPLE CROP IS FORECAST

James Handly, Secretary of Mississippi Valley Growers Association Looks for Good Sized Yield.

### BUT FEW JONATHANS

Heavy Yield of This Variety Last Season Precludes Possibility of Big Harvest This Summer.

In the July number of the National Coopers' Journal of Philadelphia, Jas. Handly of Quincy, secretary of the Mississippi Valley Apple Growers' association, tells of the outlook for the apple crop. Mr. Handly has the following to say on the subject:

"In attempting to make some kind of a forecast of the apple crop for the present year for the Journal's May 30th anniversary number, I endeavored to keep within conservative bounds of reason by especially noting that we are frequently surprised by unexpected happenings in all of our calculations, and our making good depends chiefly upon our ability to grapple with emergencies.

"One year ago, in endeavoring to forecast the apple crop for 1913, the nearly 106 consecutive days of drought were by no means anticipated. Yet during the long dry period which existed there were many wide-awake orchard men who fought almost inch by inch for vantage grounds, gaining rich rewards in days of harvest. The shortness of the 1913 crop in many sections was largely due to lethargy of negligent growers.

**Drought Makes Trouble.**  
"In the middle west we are now confronted with a drought which started early in May, continuing through several weeks, and the end is not yet. A close observation of orchard conditions shows, however, that the successful growers are spraying trees more frequently, imparting valuable moisture, are putting straw mulches around trees, are digging deeper with cultivating harrows, followed with drags, smoothing soil, thus forming a very serviceable dust mulch for holding moisture. True to their reputation the negligent orchard men are doing nothing and a large percentage of shortage in general results may be charged to this indifference.

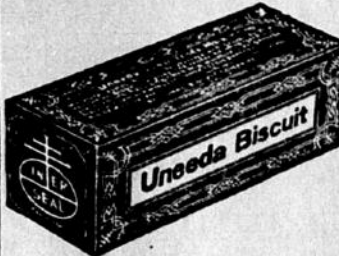

### Jonathan Crop Light.

"Last year the Jonathan variety of apples in the middle west bore all that was anticipated, hence it follows the present will be an off year, needed for the trees' rest and recuperation. It is conceded there will be the lightest crop of Jonathans at the coming harvest that has been seen since the year 1898.

"Other varieties of apples are shaping up well and their returns will exceed the harvest of last year. In many orchards there are good reports of the Ben Davis, Wealthy, Willow

## Unedda Biscuit

Tempt the appetite, please the taste and nourish the body. Crisp, clean and fresh—5 cents in the moisture-proof package.

## Baronet Biscuit

Round, thin, tender— with a delightful flavor—appropriate for luncheon, tea and dinner. 10 cents.

## Zu Zu

Prince of appetizers. Makes daily trips from Ginger-Snap Land to waiting mouths everywhere. Say Zu Zu to the grocer man, 5 cents.

Buy biscuit baked by NATIONAL BISCUIT COMPANY Always look for that name

Twigs, Ganos, etc. The early Maiden Blush promises well this season.

### New Outlet for Crop.

"While wishing and hoping that all may have abundant harvests it is reasonable to consider both sides of the proposition and thus not cause extravagant anticipations. While we may see causes by no means desirable, we are well aware of an advanced science in orcharding which is faithfully applied in caring for young trees and every passing year brings some new orchard forward with surprising results. Passing years bring new outlets for apples, hence the great volume of fruit thus diverted does not make the showing of former seasons.

"Fruit growing is not deteriorating. Recently we noticed that from Rochester, N. Y., 800 cars of nursery stock had been shipped this season. This means that in the aggregate many thousands of cars of nursery stock, of which a large percentage were apple trees, have been shipped from nurseries and planted all over the country. Hence we have new orchards continually coming to the rescue, causing us to again express confidence in a good apple crop at fall harvesting, and we still believe there will be enough apples to go around. In reference to the drought of the middle west we are pleased to note that it has not extended all over the country."

### Indians Becoming Politicians.

PIERRE, S. D., July 10.—The great question of whether the American Indian will ever take his place in politics and become an active factor in local and state government is being answered satisfactorily in several parts of South Dakota. The poor, whiskey-soaked Rain-in-the-Face of earlier days is rapidly changing into a keen and crafty politician. Reports received in the past week from Bennett and Mallette counties indicate that the craftiness of the Indian has been pitted successfully against all of the whites and a score or more of important county offices are now held by Indians. These office holders are Indians of intelligence and education. As a further indication of the trend of the times, the secretary of state recently chartered the "Indian Political association" of White River, Mallette county, to conduct political affairs in that region on a solid basis. The organization is incorporated by Isaac Bear Looks Behind, Edward Castaway in the Forest, Benjamin Hungry, James Bear Thunder and Henry Swift Eagle.

### Almost the Limit.

Iowa City Republican: The old caucus system was bad, but the primary system is infinitely worse.

## MARSH LINE DEED IS FILED YESTERDAY

Right of Way in Lima Township Which is Necessary to Finish Work, is Secured.

Quincy Journal: The Tri-State Traction company took on new life this morning, when in the office of County Recorder James Burington a deed for the transfer of a tract of land 1,346 feet in length, for right of way, was filed.

The land is located in Lima township, and the right of way passes through the D. M. Cummings property, from the south to the north line, in section 14, between the center line of the Warsaw to Quincy state road and a line parallel 50 feet west from the center line of the Tri-State Traction company's property, which is staked out, the work having been completed by surveyors.

The deed was sent to the office of the recorder, from the head office of the company in Warsaw, where Dick Marsh, president and one of the principal promoters of the company, resides. The property is transferred from D. M. Cummings, et al, to the railroad company.

This may be a link in connection with the recent action of the company, when all construction work was stopped. Some reports were to the effect that there was a shortage of finances, but it is believed the company preferred to complete the right of way before going farther. It is understood that only part of the deeds from individual owners of land needed for the right of way had been executed, and some reports were to the effect that such a condition caused a delay in the work, and a necessary suspension of operations.

North of Bear Creek, for a distance of about five miles, the roadway has been graded and some ties and timbers delivered along the line, and now it is fully expected that within a short time other deeds will be filed and the work resumed.

It is said that the company intends completing the line to East Burlington, Ill., and it is assumed that the company would not continue preparations for the right of way if it intended dropping the matter entirely.

## RIGHT OF WAY IS GIVEN TO COMPANY

Agreement for Lima Land Piece is Filed by Mississippi River Power Co.

Quincy Journal: The Mississippi River Power company this morning filed articles of agreement in the office of County Recorder James Burington, for the transfer of land rights from Mrs. Eleanor Rogers to the power company, the description of the land being as follows: A tract 16 feet wide and 340 feet long, located in the northeast quarter of section 30, township two north, in range eight, west of the principal meridian, in Adams county.

The land is located in Lima township, which is becoming famous as a passing point for railroads, electric power lines, etc. The agreement states that the power company is given the privilege of using the tract mentioned for their business, the passage of men, wagons, buggies, automobiles, etc., without interference from Mrs. Rogers, who is the party of the first part.

The company will build a right of way on the tract of land mentioned, connecting it with the direct course of the original right of way, which in Lima township, leads to the Lima Lake drainage district, for the purpose of supplying electric power to the drainage district.

## Most Skin Trouble Readily Overcome

The Active Principle of a Famous Remedy Works Wonders.

Many people have marveled the way S. S. S. overcomes skin troubles. The explanation is the fact that S. S. S. works on the blood and the blood is really the most intricate and extraordinary mass of arteries and veins.

When you come to realize that the skin and the flesh beneath are composed of a network of tiny blood vessels you solve the mystery.

There are wonderful medicinal properties in S. S. S. that follow the course of the blood stream just as naturally as the most nourishing food elements.

It is really a remarkable remedy. It contains one ingredient, the active principle of which is to stimulate the tissues to the healthy selection of its own essential nutrients. And the medicinal elements of this matchless blood purifier are just as essential to well-balanced health as the nutritious elements of the meats, grains, fats and sugars of our daily food.

Not one drop of minerals or drugs is used in its preparation. Ask for S. S. S. and just insist upon having it. And if you desire skillful advice and counsel upon any matter concerning the blood and skin, write to the Medical Department, The Swift Specific Co., 529 Swift Bldg., Atlanta, Ga.

Do not allow some zealous clerk's eloquence over something "just as good" as S. S. S. to fool you with the same old mineral drugs. Beware of all substitutes. Insist upon S. S. S.

Drink  
**Coca-Cola**

and feel your thirst slip away. You'll finish refreshed. cooled, satisfied.

Demand the genuine by full name— Nicknames encourage substitution.

## GLASS OF SALTS IF YOUR KIDNEYS HURT

Springfield, Mass., Republican: Art critics in England are chiefly occupied nowadays in writing obituaries of ruined pictures.

**In Mourning.**  
Springfield, Mass., Republican: Art critics in England are chiefly occupied nowadays in writing obituaries of ruined pictures.

Miss Gene Scott spent the Fourth in Dallas City.

Orlo Salisbury spent the week end with Elgin friends.

Miss Helen Bruce visited the first of the week at Bentley.

Miss Edith Layton is assisting in the Black photo gallery this month.

Frank McNally is visiting friends in Glimen City, Mo.

Miss Elba Hiatt of Colusa visited Miss Grace Williams the last of the week.

Mrs. Mary Crabill and Miss Eunice are visiting in LaHarpe.

Mr. and Mrs. Otho McMinimy spent the Fourth in Burlington.

Miss Cole of Center, Mo., is the guest of her brother Rev. Cole.

Miss Lulu Ayers spent the Fourth in Warsaw.

Miss Ruth Chevilion departed Monday to visit the Misses Blanche in Davenport.

Mrs. Mary Bennett of Keokuk is visiting Mrs. W. E. Boswell.

Mr. Merlin Aleshire of Chicago spent the Fourth with the family of John F. Scott.

Miss Bertha Dwyer of Quincy is visiting her aunt Mrs. Ward.

The Misses Grace and Freida Frey of Liberty, Ill., are guests of Mr. and Mrs. Daniel Volmer.

Mrs. C. T. Tomlinson and baby spent the Fourth with her sister Mrs. Sweazey in Burlington.

Mrs. Crit Simpson is visiting relatives in Camp Point this week.

Mr. and Mrs. F. H. Thompson of East St. Louis were guests of Carthage relatives over the Fourth.

Mrs. Orna Shaffer Hendricks and children of Winchester, Ill., are the guests of Mr. and Mrs. H. D. Miller.

Mrs. Dick Kimball of Nauvoo is visiting her parents Mr. and Mrs. F. M. Whitcomb.

Mrs. Frank Clere and children of Quincy are visiting Mrs. Draper.

Miss Dorothy Duncan of Keokuk was the guest of Miss Violet Boswell over the Fourth.

Mrs. Maude Berkey and daughter

Ruth spent the Fourth with Mrs. Fred Brackensiek.

Mrs. Emerson Rose of Herndon, Ia., and daughter Irene are visiting Mr. and Mrs. S. F. Huston.

S. S. Taylor departed Tuesday for Ekallaka, Mont., to visit his son Stephen.

J. M. Owen returned to his home in Los Angeles, Calif., last Monday.

Miss Jessie Holmes of Galesburg, Miss May Bruce of Des Moines visited the family of W. H. Moore during the week.

Mr. and Mrs. J. C. Ferris and daughter Miss Mary spent the Fourth in Monmouth.

Miss Lulu Carey of Duluth, Minn., is the guest of Miss Dorothy Ferris.

## One Can Have A Good Time At Table

without the usual cup of coffee, and feel a whole lot better between meals, too—free from that old "off color feeling"—biliousness, indigestion, nervousness and heart flutter.

The secret is

## POSTUM

—instead of coffee

Try the change for a couple of weeks and observe two noticeable things:

You won't miss the old beverage, for Postum tastes much like rare old Java.

Further, there's the brisk, alert feeling,—free from the logyness of a lazy liver and disturbed digestion.

Thousands of people have made the change and know

### "There's a Reason"

Postum comes in two forms:

**Regular Postum**—must be well boiled. 15c and 25c packages.

**Instant Postum**—needs no boiling. A teaspoonful of the soluble powder stirred in a cup of hot water makes a delightful beverage instantly. Add cream and sugar to taste. 30c and 50c tins.

The cost per cup of both kinds is about the same.

Grocers everywhere sell POSTUM.
