WM. B. ROBERTS

Fort Madison, Iowa
For State Senator
First District—Progressive

MR. VOTER:

The Progressive Party is made up of men from both old Parties who believe in Progress—men who are dissatisfied with the boss-rule and misrule of the leaders of the old parties—men who believe in the rule of the people—men who believe in a business administration of the people's affairs.

I am a Progressive.
I ask your votes!
I am not a lawyer.
I am not an old party war horse.
I am a traveling Business Man.
Progressivism means business.
Progressivism spells business.

Progressives want to do business—Country business—State business—National business in a business like way, and on business principles. We have no old party precedents to follow—no party fetters to worship—no party graft to cover—no party friends to reward. Our face is to the FRONT. We will profit by the past, work hard in the present and endeavor to so work that the future may be better for all of us.

Feudalism has long been dead in this country and is now making its last struggle in Europe. Individualism has proven to be selfishness. Fraternism is the coming policy and is the Progressive Aim.

We do not believe in a self-selected race of politicians and rulers but believe the People can rule, have sense enough to rule and will eventually rule.

I shall not be able to see many of you—I am too busy—but, if elected, will be just as busy in our joint-interests; shall want to spend only enuf time in legislating to see that the State business is to be conducted along the lines of private business and then let the Progressive business officers run it.

My platform is embodied in the National and State Platforms of the Progressive Party and also includes: The Torrens System of Real Estate Transfers or a State guarantee of title to Real Estate.

County collection and expenditure of the Automobile Tax—subject only to such State supervision as is desirable to secure Uniformity.

Voting by Mail—The Ballot is a Duty, not a Privilege. Elections should be frequent and voting easy.

Any and all such other reforms as will tend to bring about a lessening of taxation, an increase in efficiency and a business administration of the People's affairs and the practical, actual Rule of the People—By the People—For the People.

Respectfully,

WM. B. ROBERTS.

YOST SAYS SPLAWN PULLED A MERKLE

Was Not Poor Generalship by Quarterback Hughitt That Prevented Michigan From Scoring.

HARVARD MUST BRACE

Crimson Must Improve Mightily if She is to Defeat Tigers—Mahan and Pennock Back in the Game.

[By Hal Sheridan, written for the United Press.]

NEW YORK, Nov. 2.—Despite Princeton's poor showing against Williams Saturday, Harvard must improve mightily on her work against Michigan if she is to do what has been expected of her against the Tigers next Saturday.

The Crimson was even more fortunate than she knew to get the 7-0 decision against the westerners. It developed after the game—Coach Yost himself explained the situation—that it was not poor generalship by Hughitt but a Merkle pulled by Splawn in the first quarter that prevented Michigan from scoring a touchdown that might have meant a tie score.

On the third down, with only three yards to go for a score, Splawn received the ball and tried Harvard's line that had held three times. Hughitt had called for a forward pass, not a line smash, and while every Harvard man struggled to get through to Splawn, a Michigan forward stood four yards over the Crimson goal line—not more than twelve yards from Splawn, waiting for the throw that was never made. It was the easiest kind of a chance, for Splawn had several seconds in which to throw the ball.

Harvard will have both Mahan and Pennock in the lineup against Princeton, which should help a lot. The Harvard line was very ragged except when fighting literally backed up against the Crimson goal line. Time after time Maulbetsch ripped through, sometimes with almost ridiculous ease. Only great work by Harvard's backs as the second defense line saved the day. In passing it might be well to call the attention of the dopesters who make up all-star eleven, to Maulbetsch. His work stood out brilliantly in an otherwise rather dull contest. On the Michigan march from their 45 yard line to within three yards of Harvard's goal line Maulbetsch was called on twelve out of fifteen times. Not once did he fail to gain.

MOGULS GATHER—ARE TALKING MEDIATION

Federal and O. B. Officials Gather in Chicago to Chin Over Peace—Keeping Mum.

[United Press Leased Wire Service.]

CHICAGO, Nov. 2.—Both President Ben Johnson of the American league and President Weehman of the Chicago Cubs today kept carefully concealed under their hats the results of yesterday's three cornered confab participated in by Johnson, Weehman and Garry Herrmann, chairman of the national commission.

Herrmann was the most talkative of the trio. Before he left for Cincinnati, he admitted he was angling for peace and admitted he had conferred with both Weehman and Johnson, but declared that he was pledged to absolute secrecy. The presence of three out of town Federal magnates in Chicago, while Herrmann was here, set the peace talk flying. The visitors were Walter Ward of Brooklyn, Gwinner of Pittsburgh, and Ball of St. Louis.

YALE.

NEW HAVEN, Conn., Nov. 2.—Highly elated over the sweet revenge on Colgate Saturday and cheered by the fact that not one man was injured, Coach Hinkley planned to drive his charges hard today. It seemed certain today that White would stay at center and that Stillman would be a fixture at right end. Captain Talbot probably will be shifted to left tackle tomorrow.

PRINCETON.

PRINCETON, N. J., Nov. 2.—The Tigers were to have signal drill and light scrimmage this afternoon. Beginning tomorrow, however, the coaches will work the team without let up until Friday when the orange and black leave for Cambridge to meet Harvard Saturday.

CORNELL.

ITHACA, N. Y., Nov. 2.—The ground work for the coming game at Ann Arbor was to be laid today. Cornell has one more home game with Franklin and Marshall next Saturday. It was expected that several new plays will be tried out then and if successful, will be improved upon next week for use against Michigan.

MICHIGAN.

ANN ARBOR, Mich., Nov. 2.—With one exception the Michigan squad came through the Harvard clash in fine physical condition. Stantz, right end, will be out for an indefinite period with an injured leg. Quall will replace him.

Yost today began his preparations for Pennsylvania. His first move was the benching of Johnny Lyons, right half back, whose work against the Crimson was unsatisfactory. His successor will be either Bastian or Catlett.

CHICAGO.

CHICAGO, Nov. 2.—Maroon rooters feared today that Dolly Gray, crack half back, will be out of the game for the rest of the season because of injuries he received in the Wisconsin game Saturday. It was conceded that with Gray out of the lineup, Chicago would have considerable difficulty winning its games with Illinois and Minnesota, victories necessary to a claim on the western title. An X-ray examination of Gray's injuries was to be made today.

CRUCIAL BATTLE FOR AD WOLGAST TONIGHT

Michigan Bear Cat Must Hold Champion Welsh Even or be Classed as Through in Ring.

[United Press Leased Wire Service.]

NEW YORK, Oct. 2.—"Ready" was the word in both camps of Ad Wolgast, former light weight champ, and Freddie Welsh, present title holder, who clash tonight at Madison Square Garden in what is scheduled to be a ten round bout.

Wolgast's future depends entirely on his showing tonight. Unless he can at least hold the Englishman even in the ten rounds, he will be classed as through in the ring game.

Welsh is confident that he will be returned the winner. He is frank in stating that he has no expectations of knocking the Michigan boy out.

Clinton Herald: The Sioux City Journal thinks that if Cummins and Kenyon voted on opposite sides of every two-sided question they would never vote together. Most of their differences, however, have been on three-sided propositions, Cummins upholding the third side.

Attacks of Indigestion

"I believe Chamberlain's Tablets have saved my life, writes Mrs. Maggie Coit, Golden City, Mo. 'I had pains in my stomach so bad I thought I could not live. Our doctor said it was congestion of the stomach. I would go to bed perfectly well and wake up in the night as bad as I could be and live. Our doctor said it would do no good to give medicine internally. He had to inject medicine in my arm. Since taking Chamberlain's Tablets I can eat anything I want without hurting me.' This form of indigestion is extremely painful and often dangerous. By taking Chamberlain's Tablets after eating, and especially when you have fullness and weight in the stomach after eating, the disease may be warded off and avoided. Chamberlain's Tablets not only aid digestion, but strengthen and invigorate the stomach."

CHRISTMAS ORDERS AT POST OFFICE

Pertain Principally to Parcel Post Which will be Heavy Item This Year, It is Expected.

It may be a bit early in the season, but after all Christmas is only eight weeks and a few days distant, and before many of us are aware of it, the great season will be here. That is the way the postmaster general looked at it, for he has been issuing instructions to local offices with reference to the Christmas mail. He anticipates that the volume of parcel post during the Christmas season will establish a new record.

In order to prevent congestion in postoffice lobbies, postmasters are asked to urge the public to obtain in advance the tags which must be filled out and attached to insured, C. O. D. and registered parcels. Attention also is called to the necessity of having parcels properly wrapped and addressed. The address of the sender must appear on the face of the package, preferably in the upper left hand corner. All parcels must be presented at the postoffice window or given to rural carriers and not placed in ordinary mail drops.

Of course, the postoffice will be helped, just as everybody else will be helped, by early shopping and early shipping. And then the people will be helping themselves by shipping with care, that is packing with care and addressing with care. It is a wise policy to ship your gifts early. Put a little legend on the package: "Not to be opened until Christmas day." In ninety-nine cases out of a hundred the injunction will be heeded.

The postmaster general calls special attention to the insurance feature in connection with the parcel post system and advises that the public make liberal use of the same. The feature is one of the very best that has yet been developed in connection with the parcel post and many people have not, as yet, come to the point, where they have familiarized themselves with it, and make the use of it, which should be made.

She is survived by three sons and twelve grandchildren and six great-grandchildren.

The old soldiers of this city presented a splendid flag to the Wyacunda schools recently, and a substantial iron flag staff was erected and the flag flung to the breeze with a short but appropriate program.
