SCRAPS

[United Press Leased Wire Service]
NEW YORK, June 15.—Charley White, Chicago's premier lightweight, tries out his famous left handed "kayo" wallop on Young Brown, one of New York's best, tonight before the American Sporting club. On the same bill Joe Rivers, California lightweight, meets Johnny Harvey, another Gotham crack.

Interest centers in White's appearance. The windy city crack has been winning consistently via the knockout route in the last few weeks. Should he put away Brown tonight he has been offered another crack at the title holder, Freddie Welsh.
New York—Freddie Reese thumped Young Erley for ten rounds before the Military A. C., getting a popular verdict.

New York—Willie Aste and Pinkie Burns, "paperweights"—tipping the scales at less than 110 pounds—boxed a vicious six round draw before the Broadway A. C.

Wilkesbarre, Pa.—Billy Bevan, of this city, knocking out young Higgins of Philadelphia, at the Coliseum last night in the fifth round of a ten round wind-up.

Grand Lodge, Mich.—The boxing game in Michigan was given another kick last night when Governor Ferris ordered the proposed bout between Eddie Nelson, local lightweight, and Kid Hogan, of Kalamazoo, stopped. Over 1,000 fans were turned away.

Albany, N. Y.—In a snappy struggle Walter Mohr, of Brooklyn, held Sam Robideau, of Philadelphia, to a draw.

Joplin, Mo.—Artie Redfern, of Pittsburgh, was shaded in a warm ten round set-to with Earl Puryear, of Denver, here last night.

Denver, Colo.—Billy Wagner, of Chicago, lost the referee's decision to Stanley Yeakum, Denver's pride, in a twenty round contest before the National A. C. last night.

Evansville, Ind.—Jimmy Clabby, middleweight claimant, will mix ten rounds with Jack Skelly, of Terra Haute, here the afternoon of July 5.

Philadelphia—Sailor Charlier Grand, of California, was awarded a newspaper decision over Geo. Chip, of New Castle, in the windup at the Olympia.

At the Quaker City A. A. Joe Dalley outclassed Danny Murphy.

Boston—Ex-champion Ad Wolgast will have his own troubles with Gilbert Gallant in the Atlas A. A. ring to-night.

Racine, Wis.—Young Wallace, of Milwaukee, had the better of Jerry Dalton, of Indianapolis, in six rounds of a ten round bout last night. There was less than \$100 in the house.

ECONOMIZE, IS ADVICE OF PRESIDENT JUSTICE

Letter to C. A. Directors Around the Circuit Urges Strict Observance to Rules.

"Economize," is the keynote of a letter sent out by President M. E. Justice of the Central association, to every club in the league. The league prescribes attention to existing conditions and the dangers arising from extravagance. He urges the strictest observance of all rules that every club in the circuit may come through the season intact and demonstrate the strength of the C. A. through the present trying period. The president's letter complete follows:

"Directors: It has probably been a good many years since conditions in baseball were such as they are today and the prospects do not look very encouraging. The bad weather and the extremely unsettled conditions of business seem to have affected baseball just the same as all other lines of business. It looks to me now, as though it is going to be a very trying year for all minor leagues. I have a letter before me now from a league asking permission of the national board to close their season and maintain right to franchise and players for 1916. This is a very high class league. I merely mention this fact in order to show to you the conditions that are existing today.

"I think this letter of caution will probably be of use. I believe that all directors should make it their personal business and have managers understand that the greatest economy must be used this year in order to get through. I believe it would be better to finish the season with a balance on the right side of the ledger than it would be to win the pennant with a heavy indebtedness.

"The Central association has, as you know, the reputation of being one of the best associations in minor baseball and has always come through every season since 1904. If we can do this year we will certainly establish more firmly the reputation we already have. I am very anxious that every city should watch their finances in such a way that we will be able to do this. I believe that you should insist on your managers sticking strictly to the law and not carry any extra players. And after the 15th of June we will observe the rule in regard to suspended players—that is, suspended players will have to count in the number of men just the same as the injured, except, of course, the rule protecting catchers. Also, it is not permissible to release a man and have him under salary stay in your city and then send him up for your club again. Of course this rule may work a hardship to some; at the same time I think it is economy and the best thing to do. Let us all work together in perfect harmony and practice economy to the full limit so that we can close the season in good standing.

"Yours truly,
"M. E. JUSTICE."

Source of Tuberculosis.

SEATTLE, Wash., June 15.—How is it possible to become infected with the deadly germs of tuberculosis in one's own house? What houses are infected and how can they be discovered? These questions and others occupied the attention of the National Association for the Study and Prevention of Tuberculosis at their session today, in this city.

"Students of preventive medicine are coming to feel that the housing of the people is one of the great factors in the cause of tuberculosis," declared Dr. Isaac W. Brewer of Geneva, N. Y., to the medical delegates of the convention.

"The histories of our clinics show many cases which are apparently house infections. Between 1880 and 1905 a house in Cumberland county, Pennsylvania, was occupied successively by four families, a total of thirty-two persons. Eleven cases of tuberculosis developed among the inhabitants and at the time of the report there were three suspects.

"Tubercle bacilli have been found in a virulent state in the dust of a room two years after the death of the occupant. It would seem, therefore, that bad housing is frequently a direct cause of tuberculosis infection."

Colorado Sunday School Convention.
PUEBLO, Colo., June 15.—The Colorado Sunday School association opened a three day convention here today under the direction of a new state secretary, E. T. Albertson of Indiana. Six hundred out of town delegates were in attendance.

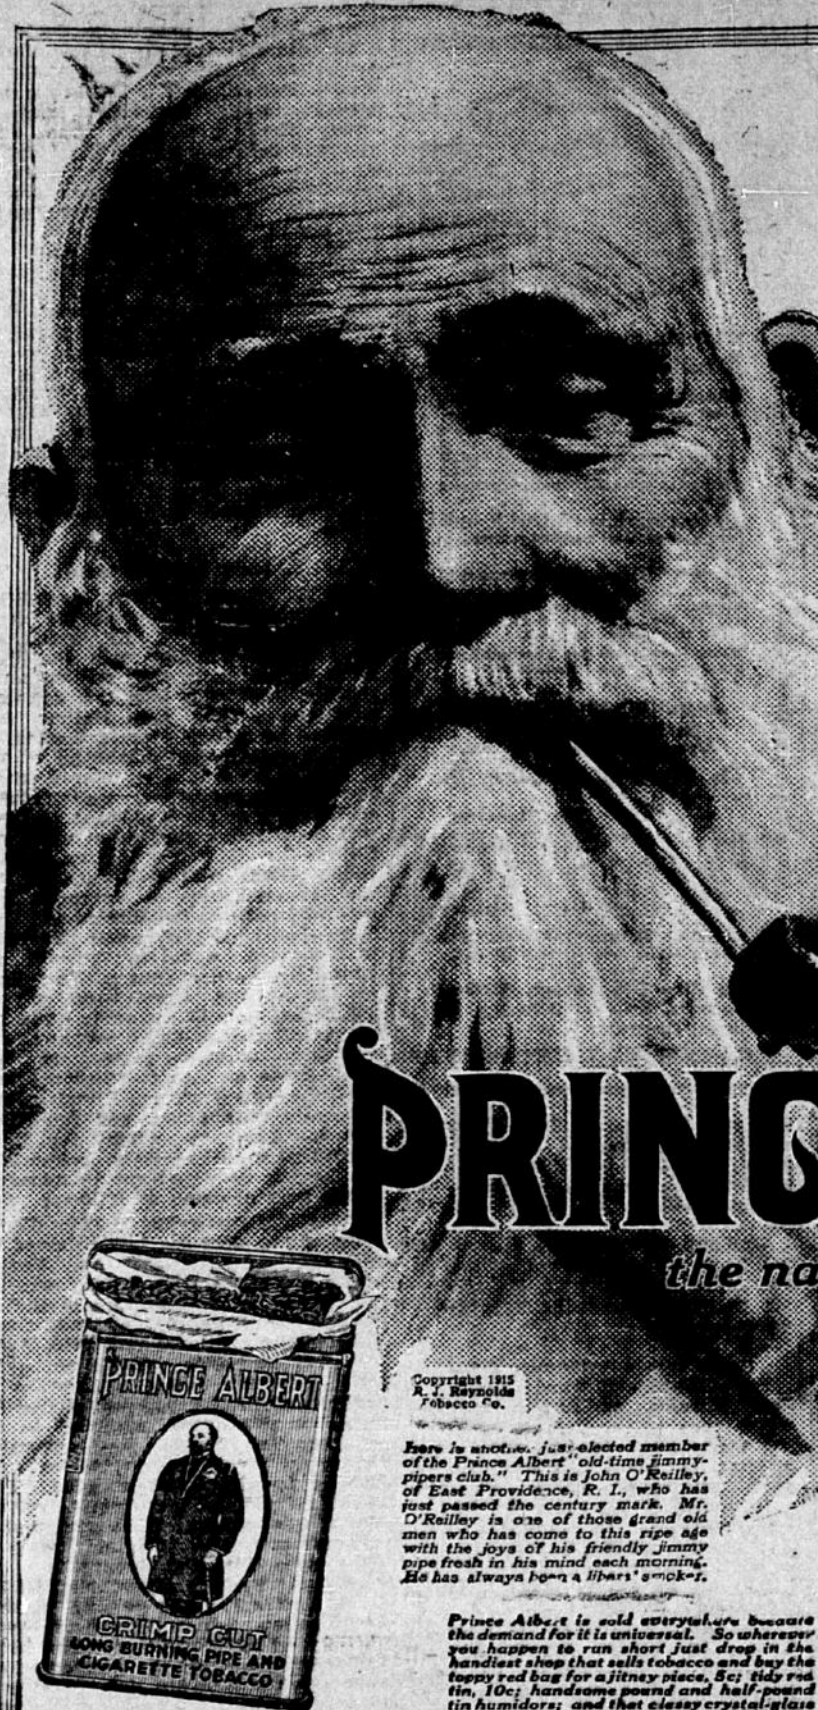

IT IS SERIOUS

Some Keokuk People Fail to Realize the Seriousness of a Bad Back. The constant aching of a bad back, the weariness, the tired feeling, the pains and aches of kidney ills may result seriously if neglected. Dangerous urinary troubles often follow.

A Keokuk citizen shows you what to do.

Martin Kelleher, 309 North Twelfth street, Keokuk, says: "I caught a heavy cold and soon after I began to suffer from pains in my limbs and back. My kidneys became weak and I had to get up several times at night to pass the kidney secretions. Despite all my efforts, I failed to get relief. One day a friend insisted that I try Doan's Kidney Pills and I got a supply at Wilkinson & Co.'s Drug Store. They restored my kidneys to a normal condition and removed the backache. I can recommend Doan's Kidney Pills just as highly today as I did some years ago. I have had no sign of kidney complaint since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kelleher had. Foster-Milburn Co., Props., Buffalo, N. Y.

Illinois and Poolrooms.

[United Press Leased Wire Service]
CHICAGO, June 15.—Illinois will

have a law giving each county the right to vote on whether or not pool rooms shall exist if plans President Arthur Burrage Farwell of the Chicago Law Enforcement league is making are successful. Texas has a law of this character.

Aroused by the confession of the four Chicago auto bandits that they first learned to steal and conceived criminal ideas in pool rooms and the statement by Warden Whitman of the Cook Bredwell that many of the con-

firmed dope fiends were taught the habit in pool rooms, President Farwell plans a vigorous campaign.

"I do not know what procedure may be made," he said, "but it is time for the people of Illinois to become awakened to the pool room menace. In towns where prohibition exists they automatically become blind tigers. In wet towns the pool halls are the parlors through which the saloon is entered or the back rooms where its victims pass drunken hours."
