The Revival.

The usual routine of devotional exercises consisting of singing, prayers and the reading of a number of requests for prayer, opened the meeting at Westminster church, yesterday noon. The meeting was conducted by Rev. H. C. Wood, who spoke briefly on the following passage of scripture:
"Now while Paul waited for them at Athens,

his spirit was stirred in him when he saw the city wholly given to idolatry."

At the conclusion of the remarks several and confessions of their faith in the Lord, among them a young lady who related a harrowing experience which occurred on Monday night. She being so troubled about her sins and her soul's salvation that she remained all stitutions of sin some lewd minded fellow would cry out against him and call bis utterances impure.

ENGLISH GRAIN MARKETS.

Growing Crops Anything but Satisfactory to Farmers—Foreign Importations Held More Firmly, with a Better Demand.

LONDON, May 20 .- The Mark Lane Express says: Reports as to the present aspect of the country, although they are not alarming, are not calculated to afford farmers much satisfaction. The damage already done to wheat is not perhaps extensive. A succession of dry, warm days would go far to relieve the present anxiety. Provincial exchanges almost without exception were dearer at the close of last week. English wheat has been marked freely in the country but sparingly at Mark Lane and trade in London has been marked by considerable firmness. Foreign wheat has been firmly held, holders in occasional instances obtaining a slight advance. Should the adverse weather continue a rally may speedily take place, as imports, although on a fairly liberal scale, have not been excessive. Although sales the past week have been chiefly retail, millers have shown more inclination to extend their transactions. A strong feature in trade has been a steady continental demand for cargoes of white wheat from California and Oregon. Stocks are steadily diminishing as most of the imports have gone direct into millers' hands, and taking all things into consideration the present condition of the market is firmer thrn it has occupied for many months. There has been very little quotable alteration in the value of spring wheat, but trade has been inanimate. Maize is steady and appearances seem to indicate the lowest point to the present condition between toneded. anxiety. Provincial exchanges almost without trade has been inanimate. Maize is steady and appearances seem to indicate the lowest point has been touched. Sales of English wheat last week 57,209 quarters at 40s 8d per quarter, against 41,223 quarters at 92s 1d per quarter the corresponding week the previous year. Imports into the United Kingdom the week ending May 10, (were 992,023 hundred weight of wheat and 189,744 hundred weight of flour.

Rochester Post, May 16: This city and sur rounding country have been visited by several soaking rains during the past week. The top of the earth had become very dry, and a good deal of anxiety was being felt for the safety of the growing crops, on account of the continued drought. But the rains have wet the ground nicely, the crops are doing splendidly, ar everybody is happy—or at least, ought to be.

ST. PAUL TRADE.

Weekly Review of the St. Paul Markets. OFFICE OF THE GLOBE, St. Paul, May 20.

An active movement has characterized the several departments of mercantile trade throughout the past week, and business at the leading wholesale and jobbing houses is reported as generally satisfactory. As compared with the corresponding period last year, the volume of business transactions has been much larger, while in most respects a very material advance has been realized in prices.

has been realized in prices.

The latter assertion is particularly applicable to the hardware and dry goods business, the dealers in which report an upward tendency in almost every description of goods, while a few articles are exceedingly scarce, being sold at a considerable premium over last year's prices. A notable absence of country dealers has been realized during the past week, and business has consisted largely of an order character.

The principal topic in financial circles is regarding the ready sale of the four per cent. refunding certificates, the demand for which is so great as to surpass the expectations of the most sanguine. An idea of the ready manner in which they are disposed of, may be realized when it is stated that no less than \$28,000 were sold to-day (the 20th inst.), while not more than one-half of those waiting to be supplied were accommodated.

were accommodated.

A fair movement has characterized the lead-

A fair movement has characterized the leading grain and produce markets during the past week, while prices have generally ruled steady at last week's quotations.

Business at the principal grocery houses is reported as active, the only material change being with respect to the condition of the sugar market, which is unsettled, with a prospect of an immediate advance in prices.

The hardware trade continues active, and dealers report a better movement, with more satisfactory prices, than has been experienced previously for years.

previously for years.

The dry goods business is without notable change. A large order trade has been enjoyed during the week, by the leading establishments, while advices from Eastern manufactories confirm the prediction previously made in these columns, that owing to the shortness

NOTICE.

Whereas, under and by virtue of the judgment and decree of the District Court of the Second Judicial District, of the State of Minnesots, made and rendered on the 18th day of March, A. D. 1879, in a certain action pending in said court, wherein Horace Thompson and John S. Kennedy, trustees, are plaintiffs, and The First Division of the Saint Paul and Pacific Bailroad Company and others are defendants, all the rights, franchises and property covered by the trust deed or mortgage of said company, bearing date the first day of October, A. D. 1865, (commenly known as its \$2,800,000 mortgage, and fully described in said judgment,) to-wit: All that part of the railroad of said company extending from Baint Paul by way of St. Anthony to Watab, generally known as its Branch Line, together with the equipments, rights, franchises, land-grants, linds, and other property appertaining thereto, were, on the seventh day of May, A. D. 1879, sold by James King, Sheriff of Ramsey county, in said State, with the exceptions and subject to the prior liens in said judgment specified; at which sale the undersigned purchased the said rights, franchises and property so sold, for the benefit of himself, George Stephen, Donald A. Smith, Norman W. Kittson and James J. Hill, with a view to the forming of a new organization, pursuant to the statutes in such case made and provided; and the said sheriff has, in pursuance of said judgment, duly made and delivered to the undersigned a certificate of sale, or conveyance under the said sale, in which the undersigned is named as the purchaser for the benefit of himself and George Stephen, Donald A. Smith, Norman W. Kittson and James J. Hill.

Now, therefore, notice is hereby given, that a meeting will be held, of the persons authorized to take part in the forencion of such proposed new organization, and for whose benefit said purchase was made, at the office of Bigelow, Flandrau & Clark, No. 28 East Third street, in the city of Saint Paul, in said state, on the 23 day of May, A. D. 1879, at ten o'c
