Each of the contestants will have to cover 100 miles in order to be entitled to any portion of the prizes or gate money.

A postal card was received yesterday by Sheriff Eastus from G. A. B. Shaw, of St. Paul. The card, which is written in unique style, asks the following questions: "We want to find a dead (or) horse named Boynton. He bought a black stallion in 1873, and had him castrated. The horse was named 'Boynton'. Perhaps you may know some one (ask everybody) who knew the horse. Look in your directory and let me know, so that I can hunt up the family." The officials at the sheriff's office are somewhat mixed as to what the writer wants, but suppose that he knows himself, and that settles it.

The attention of the district court was occupied yesterday with the case of Peter Mooney vs. George A. Brackett. The action is brought to recover damages for trespass, that act being committed, so the plaintiff states, while a gang of men hired by the defendant were cutting a railroad right-of-way through the plaintiff's land. The irrefragable attorney, C. G. Jones, has charge of the plaintiff's interests and the time of the court was taken up yesterday and today on questions of law and evidence. It is the question of whether George A. Brackett, who allowed the contract for building the road and then sub-let it, is responsible for the trespass on which the case is brought.

The regular meeting of the Michael Davitt land league was held last evening. The committee who had charge of the public entertainment March 4 reported the receipts \$210. A letter was received from C. M. MacCarthy of St. Paul, asking the league to become auxiliary to the St. Paul league. The matter was taken under advisement. Mr. MacCarthy with a view of calling a convention to organize a State land league. It was decided by unanimous vote to invite George W. Pepper, of Bellevue, O., to deliver a lecture some time in April. Speeches were made by J. G. and H. J. Salvey. Sixteen members were added to the roll.

Yesterday afternoon two newspaper reporters, in search of news, happened into the office of the clerk of the district court. In answer to the usual salutation of "anything new?" the assistant clerk, who was busy looking over the book of marriage licenses, said that he had just found what had always been to him a mystery. Did you ever notice, said he, the large number of marriage licenses granted on Mondays. Both the clerks acknowledged that they had noticed the fact, but neither was in the matter, and asked what that had to do with the mystery. Why, said the clerk, I have been looking the matter up, and find that two-thirds of the licenses granted are granted on Mondays. This I have arrived at the conclusion that the contracting parties must have settled the matter finally on Sunday evening. This heretofore unexplained fact is now before the public and the fact must be that the discoverer has a very keen perception.

Anderson's Escape.

In the suit brought by Lott C. Hilton against his wife, Lucretia Hilton and Arnold Anderson, an affidavit of the plaintiff charges the defendants with adultery. This charge has not been established "by a large majority" of the citizens of Excelsior, as a delegation from that village accompanied Mr. Hilton on a night visit to his residence about two weeks ago. The arrival of the party at the house caused Anderson, who inmates of the building say, was occupying the same apartment with Mrs. Hilton, to jump from a second story window; "saw everything" except a light under garment, and the night was not water Anderson fled to a hay stack near the house, where he was found by inmates of the house about three hours after his flight in a half frozen condition. The case promises to be an unusual one of interest, and will come up at the May term of court.

McNaughton Discharged.

J. C. McNaughton was arrested by Detective Hoy, at Denver, Col., and brought back to this city about a month ago. The charge against McNaughton was for obtaining money under false pretenses from G. F. Jackson. McNaughton was indicted, but obtained a continuance of the trial until the close of the present term of court.

Yesterday, on motion of the county attorney, the case of McNaughton vs. Jackson was dismissed. The defendant discharged, the county attorney being of the opinion that there could not be sufficient evidence obtained to convict the defendant.

The detective who was sent after McNaughton must have been taken away to the amount of \$200 to bring the prisoner back, which in all probability was paid by the county. It appears that this expense might have been saved if the matter had been better understood before the detective left for the trip.

Mrs. Ervin's Flight.

Mrs. A. S. Ervin, who flew the town on Monday night leaving her husband and children behind, left the following brief note: ALEX: I am going for good this time, and never to come back again, and it is no use to

hunt me up, for I will be a good way from here by to-morrow night. Do the best you can, and think not of me, for I am not worth thinking of more. This is from your wife for the last time.

The mother of the missing female, Mr. Clark, of St. Paul as well as other relatives are unable to account for her disappearance. To have seen Mrs. Ervin boarding the Eastern train on Monday night in company with a male companion.

Fugitive Arrested.
Yesterday Charles A. Lewis, a barber, formerly a resident of this city, but who recently has kept a tonsorial establishment in Hudson, Wis., was arrested in this city on a charge of forgery. The charge was preferred by Elmer C. Dennison, a resident of Hudson, on whom Lewis passed a forged note for \$22. The note was signed by John L. Pitts. The note bears the date of December 21st and is made payable to the order of C. A. Lewis. Lewis is well known to the police of this city and St. Paul, and does not bear a very good reputation here. He was taken to Hudson last evening.
