

## RELIEF SUPPLIES NOW AT ST. PIERRE

ONE HUNDRED AND FIFTY TONS OF AMERICAN NECESSARIES OF LIFE BEING DISTRIBUTED.

### GEOLOGISTS, WRITERS, CURIOSITY SEEKERS

Big Eruption of Ashes But Little Damage Done—Scientists Do Not Agree as to Further Disastrous Eruptions But All of the People Believe That the Island Is Doomed and Want to Leave.

[BY ASSOCIATED PRESS.]  
Fort de France, Martinique, Sunday, May 25.—(6 p. m.)—The United States cruiser Cincinnati arrived here from St. Lucia yesterday.

The steamer Luckenbach arrived this morning and left at once for Porto Rico. The steamer Fontabelle reached here at 9 o'clock this morning with 150 tons of supplies from the chamber of commerce of New York and citizens.

Among her passengers are W. H. Corwine, who was specially named by President Roosevelt, as secretary of the various bodies in the United States contributing to the relief for the suffering people—Prof. Leo Helprin and other scientists.

Mr. Corwine and Mr. Scott, brother of Chief Officer Scott of the Roraima, were presented to Governor L'Heureux and the French delegates today. The steamer Topsy has been placed at the disposal of Mr. Corwine, to visit St. Vincent. Her cargo will be discharged Monday.

#### To Study Pelee.

Captain Scott visited the survivors of the steamship Roraima at the hospital. Prof. Hill, the eminent geologist, and his party has chartered a steamer and is carefully studying the volcano from the sea.

George Keenan, with a land party, is examining the northern part of the island. Mount Pelee was fairly quiet yesterday, although there was a big eruption of ashes which covered the extreme north of the island. The new crater is active.

Mr. Corwine has investigated the method employed in the distribution of supplies and has informed Governor L'Heureux that he considers it excellent.

It is expected that official notification will be issued that sufficient supplies have been received. Most of the refugees who have come into Fort de France have deserted the town for points further south, as terror still possesses all souls and Fort de France is believed to be doomed. All business is suspended as the amount of supplies received has killed sales.

The French delegate, Admiral Servan, and the citizens are unanimous in expressions of gratitude for the genuine friendship of the American people which has been manifested by the swiftness with which great quantities of supplies have been furnished and forwarded and the character of the delegates in charge of them.

**Want to Escape.**  
Fort de France looks deserted, and over 2,000 people have gone to the islands of Guadalupe, Dominica, St. Lucia and many more are trying to get away. The simple object of all minds is to escape from the islands.

The scientists are divided in opinion as to whether or not any more violent outbursts are to be expected. A majority of them think volcanic energy will be displayed for a long time, but that no further loss of life will occur as there were no large places left to be destroyed and Fort de France, they say, is safe from any possible outburst of Mount Pelee.

Admiral Corwin today called upon the United States consul to express to him his high appreciation of what the United States had done for the victims of the disaster.

For two days heavy rains have fallen.

**Greeley Sugar Stock Sold.**  
Denver, Colo., May 26.—A dispatch to the Republican from Salt Lake says the controlling interest in the Greeley (Colo.) company's property, in which several hundred thousand dollars of Utah capital is invested, will pass into the hands of the Havemeyers today following the example set with reference to the control of the Utah Sugar company. It is proposed to increase the capital stock from \$500,000 to \$1,000,000.

(Potosi).

MONDAY and THURSDAY nights, a lady admitted free with every gentleman having a paid ticket.

## BIBLE SOCIETY IN THE PHILIPPINES

REPORT OF REV. J. C. GOODRICH ON THE GENERAL PROGRESS OF THE AMERICAN BIBLE SOCIETY.

### SERIOUS PROBLEMS ARE LEFT US BY SPANIARDS

Missionaries of All Denominations Work Together and Divide Up Territory—Careful Diplomacy Necessary to Bring About Anything Like Order—Much Has Been Accomplished.

[BY ASSOCIATED PRESS.]  
New York, May 26.—The American Bible society has received from its agent in the Philippines, Reverend J. C. Goodrich, his annual report on the situation in the islands, exclusive of the circulation of the bible.

He says: "It was no child's play, that confronted the civil or military authorities here. When the Spanish government officials withdrew, those who had shaped affairs remained behind.

Shaken loose by the revolution, still this system clung and must be considered, conciliated and dealt with before those who have suffered much and protested long can be benefited.

Careful diplomacy has been necessary to bring about anything like order. Negotiations for the settlement of the land questions have been carried on over slumbering volcanoes of disappointing hatred.

#### Doing Good Work.

"The educational department which has startled the whole world by the boldness and magnitude of its plans is tackling its problem with enthusiasm.

"The missionary forces have been greatly augmented. The Baptists and Presbyterians on the island of Panay are reaching many of the rural people at the market places where they congregated from miles in the interior, and are greatly interested in the teaching of the bible. Doctor Hall has a hospital at Iloilo, and is proving that hospital missions are profitable in spiritual results.

At Mangu, the Silliman syndicate under the direction of Reverend Mr. Hubbard, is well attended.

"The Christian Brethren church have established work at Vigan in the northern part of the island of Luzon with headquarters at Manila.

"The Disciple church has two representatives in Manila, where work is under way. Work among the Filipinos will begin shortly.

#### Divide Territory.

The Methodist Episcopal church opened at Bulacan province, in San Fernando, and Gerona and Tarlac province, all on the island of Luzon. The protestant churches in the archipelago were affected for the purpose of using the missionary forces to the best advantage by division of territory, the Evangelical Union of the Philippines, was chosen as the name and it has succeeded in affecting a division of the territory so that for at least three years there will be practically no overlapping of the different missions.

"While the Filipino church has not the unity and freedom from sectarianism hoped for, and there seems little prospect of inter-denominational schools and literature, very much has been accomplished by the union of forces and it is hoped that with the growth of the missions there will be worked a settlement of all differences."

"Outside the city of Manila, and its environs, there are none who are so ripe for the use of the bible and who receive it so eagerly as do the people of Pampanga. We are in receipt of the first gospel to be translated into the language of the Cebuano group of the Visayan Islands.

#### Translated the Bible.

Chaplain James Randolph, of the United States army, with the assistance of competent native helpers has with the utmost care translated and thoroughly revised this important manuscript which has been presented to the society without cost by the chaplain and dedicated to the North Mississippi conference of the Methodist Episcopal church South.

Printing for the Bible society has been done in Japan. The total number of volumes published is seventy-one thousand and the number of pages is 5,270,000.

Last year we reported the sale and gift of 10,733 copies and this year the total sale is 49,672 copies. The sales in the Manila depository have been 4,238 copies.

When we consider the bitter opposition, the unsettled condition of the country, making it dangerous in the extreme to venture into the interior without an escort, the great lack of roads and facilities for travel and the number of men employed, the work accomplished is certainly marvellous.

### IMPORTANT GOLF EVENTS

Fourth Annual Championship Tournament of Metropolitan Club.

[BY ASSOCIATED PRESS.]  
New York, May 26.—The most important of the golfing events this season will be the fourth annual championship tournament of the Metropolitan Golf club, which is to be held Wednesday, Thursday, Friday and Saturday over the Tuxedo Golf club links. Prominent among those who have entered are Travis, Douglas, Selley, Emmett, Livingston, Watson, Jr., Cory, Travelli, Horstman and Carnegie. The last four are from out-of-town clubs, but they are also members of the M. G. A. clubs.

#### Approve the Resolution.

[BY ASSOCIATED PRESS.]  
New York, May 26.—At the first meeting of the Israelite Alliance of America, just held here, resolutions were adopted approving the resolution of Congressman Goldenfogle, by the house of representatives, as to the exclusion of American Hebrews from Russia and urging the government to insist that Russia shall cease such discrimination and observe the treaty of 1832.

## "FIRST AID TO THE INJURED."

THIS GOES TO SHOW THAT UNCLE SAM'S HEART IS IN THE RIGHT PLACE.

—Minneapolis Journal.

## QUIET SUNDAY IN WYOMING REGION

PRESIDENT MITCHELL'S WARNING TO KEEP AWAY FROM THE COAL FIELDS TO BE HEEDED.

### STRIKERS URGED TO BE GUIDED BY THE LEADERS

Meetings Being Held at Several Towns and Cities and at Some of Them the Miners' Strike Is Indorsed and Financial Support Promised—Brotherhood of Railway Unions Will Not Go Out.

[BY ASSOCIATED PRESS.]  
Wilkesbarre, Pa., May 26.—Yesterday was the quietest Sunday in the Wyoming region since the strike began.

Offices of the coal companies were deserted and strike headquarters were also deserted. The circular sent out yesterday by President Mitchell, warning the Polish, Slavs and Lithuanian miners to remain away from the bituminous region of Virginia and West Virginia, where strikes are now in progress, was read in many of the churches.

Some of the clergy urged the strikers to be law-abiding and to be guided by their leaders so long as the leaders were faithful to the trust reposed in them.

Secretary Mullalley of the Stationary Firemen's union reported today that the poll of the men employed at the various collieries has just been completed and that over 90 per cent of the men will quit work June 2, unless an eight-hour day is granted.

**Difference of Opinion.**  
Another officer of the union says the percentage of engineers who will quit will not be nearly as large. The per cent of the pump men who will come out is not known. If the local operators are to be believed, it will be small.

The strikers here are inclined to look with favor upon the action of the mine workers' conference in ordering a strike of miners in Virginia and West Virginia.

They think it will hasten the decision in the anthracite regions. Meetings to discuss the advisability of refusing non-union and bituminous coal during the progress of the miners' strike were held in Wilkesbarre, Kingston and Ashley this afternoon. The Wilkesbarre meeting was more largely attended than the one Friday evening. It was stated that no action had been taken.

The meeting at Kingston agreed to take up the question tomorrow. The Ashley meeting indorsed the miners' strike and will give the miners financial support.

The Brotherhood of Railway unions will also tender financial support, but will not go out on a sympathetic strike.

#### Child's Body Found.

New York, May 26.—After eight days of searching the body of Kathleen Flanagan, 4 years old, has been found in the Hudson river. It was thought the child had been kidnapped and a large reward had been offered for her return. Public prayers also had been made in the parish where the child's parents reside. Search of the river was kept up, however, and her body finally was found by fishermen.

**FORT DE FRANCE.**—Mount Pelee was comparatively quiet Friday. Saturday the volcano belched forth a quantity of lava and mud which reached down the northern slope of the mountain and swept away what was left of the town of Basse Point. New fissures have opened in the side of the mountain.

## SEVERAL PEOPLE ARE KILLED IN A TORNADO

[BY ASSOCIATED PRESS.]  
Union, S. C., May 26.—Six persons were killed and several injured by a tornado that swept over this section of the state yesterday.

The dead: MISS SALLIE HART of Union, MISS ANNIE LAWSON of Union, MRS. MAEY SIMS of Union, VERA SIMS.

MISS LAWSON, killed at Jonesboro. One person, unknown, at Pacolet.

The injured: Maxey Sims, broken fingers, Lee Sims, internally injured, William Mabey, fractured shoulder and bruised.

Mrs. Mabey, bruised. Two children of Mrs. Mabey, slightly injured.

Two storms, one from the north and another from the southwest, met here with terrific force. The storm was preceded by a heavy rain.

One wing of the tornado passed along Main street and blew in several store fronts, doing much damage to stocks.

Knitting Mill hill, south of the town, caught the full force of the tornado, which blew down the school house and two residences there, converting them literally

into kindling wood. The occupants ran from one of the houses before it went to pieces, and took refuge in another near by, but this house also was crushed to splinters.

In this house Sallie Hart and Annie Lawson were instantly killed. Mrs. Maxey Sims died in an hour and her little daughter, Vera, died soon afterward.

Maxey Sims escaped with broken fingers. Lee Sims received several cuts on the head from falling timbers and was internally injured.

Mr. Mabey sustained a fractured shoulder and his leg was badly burned by the stove falling on him. He also was internally injured and may die. Mrs. Lee Sims received a bad, but not fatal cut on the head. Mrs. Mabey and her two children escaped with slight bruises.

It took some time to get the victims from the debris. Every physician in town was called and they were assisted by the citizens in relieving the sufferers as much as possible.

Jonesville reports that the storm wrought much damage there and that a Miss Lawson was killed.

Pacolet also reports one killed and several injured. The property damage in Union is about \$50,000.

## HUMBERT FAMILY FAILED TO COME

PEOPLE WHO SO EASILY SWINDLED FRENCH AND ENGLISH BANKS ARE NOW SAFELY HID AWAY.

[BY ASSOCIATED PRESS.]  
New York, May 26.—If they are within reach of the news it is probable that the members of the Humbert family who are said to have swindled French and English bankers out of about \$12,000,000 in the last 18 years are enjoying a good laugh at the disappointment which they have caused on both sides of the Atlantic by their failure to be among the passengers on the steamship Umbria which has just arrived here.

Information had been received which led those at the head of the detective force here to expect to find at least two of the gang on the Umbria, but the sleuths who swarmed on the liner at quarantine were disappointed in their search and the present whereabouts of the Humberts remains a mystery.

In public circles, the belief is gaining ground that after all the family is not expected to come to America, or at any rate not to this port.

The Umbria seems to be the last of the trans-Atlantic liners on which they might have slipped away from Europe before the hue and cry after them had attained world-wide proportions.

### THROUGH VOLCANIC DUST

Steamship Coya Sees Whale Probably Killed by Mount Pelee Eruption.

[BY ASSOCIATED PRESS.]  
New York, May 26.—Another steamship, the Coya, which passed through clouds of dust from Mount Pelee has arrived in port. One of her officers said: "Thirty miles from Saint Lucia, and just south of Barbadoes, we passed, on the evening of the 8th, a large dead whale, around which hundreds of sharks were hovering. The Coya was one hour passing through the wreckage and smoke off St. Pierre, but the flashes of fire could be seen when we were 60 miles away."

## WANT ADS.

WANT AD. RATES.  
Funeral and death notices, fraternal society notices, entertainment notices, cards of thanks, 10 cents a line each insertion.
