

THREE KILLED AND NUMBER INJURED

Sunset Limited, on Southern Pacific, Crashes Into the Eagle in Texas.

TRIO OF MEXICANS ARE VICTIMS OF BLIND GOD

Bodies Are Burned, as They Could Not Be Recovered—Long List of Wounded—Limited Was Going at Terrific Speed When It Crashed Into Other Train—Cars Were Telescoped.

San Antonio, Texas, March 27.—The Sunset limited of the Southern Pacific and another passenger train collided at La Coste, 18 miles west of here at 9:55 last night. Three passengers were killed and nine injured. The bodies of the dead were burned. They were: Guadalupe Cantero, Monterey, Mex.; Antonio Arizpe, Cabanas, Mex.; Manuel Trevino, Santos Sabines, Mex.

Injured: Nabor Flores, Monterey, Mex., chest crushed; P. W. Morrow, traveling passenger agent, Louisville & Nashville railroad, San Antonio, two ribs broken; Miss Foster, Houston, Texas, hip dislocated; Robert Harahan, brakeman, San Antonio, arm broken, face bruised; Miss A. Kistler, Great Bend, Pa., arm dislocated; William Dobrawalski, San Antonio, bruised; W. E. Hess, U. S. A. hospital corps, Washington, D. C., leg wrenched; John Quinn, engineer, bruised.

The three dead Mexicans were relatives of Gen. Geronimo Trevino of Monterey who was on his way to San Antonio, accompanied by his wife and son. Trevino was not injured. The dead men were in the compartment of the private car of General Trevino.

Cars Were Telescoped.

The Pullman car in the rear telescoped the private car, crushing them to death. The bodies were not recovered until they were burned in the flames that destroyed the entire train.

The fire originated from the oil in the tenders. The trains were castbound. The first, the Eagle Pass train, was standing on the main line at La Coste. The cause of the Wop at La Coste, which is only a small place, is not known.

The Sunset limited was traveling at great speed when it crashed into the Eagle Pass train. The engine of the limited crashed through a caboose which was hitched to the rear of the Eagle Pass train and the rear sleeper. This car in turn telescoped the Trevino private coach, killing the Mexicans. The engine of the limited was destroyed.

Nearly all the injured were on the limited. They were brought to San Antonio.

POWER OF ASSESSORS ON PROPERTY HELD IN TRUST

Important Decision, Affecting Millions of Dollars Worth of Iowa Property, to Go to Higher Court.

Chicago, March 27.—A dispatch to the Chronicle from Clinton, Iowa, says Judge Wolfe of the Seventh judicial district has just rendered an important decision regarding the power of assessors to assess taxes on property in the hands of a trust company as a trustee. The court holds that such property is liable to assessment before county and city taxes.

The case at issue was that of the German Trust company versus the board of review, the city assessor of Davenport and the board of supervisors of Scott county. The amount is in the neighborhood of \$700,000, \$217,000 of which is owned outside of the state. Regarding the securities owned outside the state, the court says:

"For many purposes the domicile of the owner is deemed the situs of her personal property. This, however, is only a fiction for motives of convenience and is not of universal application, but yields to actual situs of the property when justice requires that it should. It is not allowed to be controlling in matters of taxation. Millions of dollars worth of property in Iowa is affected by the decision. The defendant will carry the case to the supreme court."

BALDWIN HAS PRAISE FOR BRITISH SAILORS

Boston, March 27.—News dispatches announcing the return of the British Antarctic expedition were shown yesterday to E. B. Baldwin, the Arctic explorer, who is in this city. Mr. Baldwin noted particularly the statement that the expedition lost all of its dogs from an intestinal disease because 250 of the 400 dogs Mr. Baldwin had with him last year on the Baldwin-Zeigler expedition died from the same cause.

Mr. Baldwin concludes that they were all infected before the time of the purchase. They suffered from disease of the kidneys, intestines and liver, which, it is believed, was due to a poison which grows in fried fish.

E. B. Baldwin, the Arctic Explorer.

Concerning the results of the British Antarctic expedition Mr. Baldwin said the work of the expedition is magnificent. The scientific results are certainly very gratifying indeed. The record of the farthest south and the scope of the scientific work all go to indicate the necessity of building ships especially fitted for navigation in the ice such as the Discovery used by the British Antarctic expedition.

WIFE HAS GONE OVER

Now the Husband Seems to Be in a Way to Cross the Divide.

Poughkeepsie, N. Y., March 27.—The romantic marriage of Professor Reynolds, for some years principal of the public schools at Millerton, and Miss Florence Hamblin, a daughter of a wealthy Miller-ton farmer, which took place six months ago has ended in the death of the young wife by typhoid fever at Ithaca. It is said when the people were engaged Prof. Reynolds almost insisted that the wedding date be set for some time after he had completed his studies at Cornell, but Miss Hamblin felt that she could help him as his wife and it was arranged that they should be married and that she accompany him to college. Last week she fell ill of typhoid. Her husband left his studies in the university to care for her. She died last Tuesday.

Prof. Reynolds was then stricken and it is announced that he cannot recover.

THEY WANT HER TO WRITE

New York, March 27.—Since Mrs. Chamberlain's return from South Africa it is understood that she has been approached by many publishers in the hope that she might consent to write the story of her travels and impressions, but in every case she has expressed regret that she cannot entertain the proposal.

BLIND ABLE TO SEE

Lorenz Method Restores a Man's Sight After Two Years.

Morristown, N. J., March 27.—After two years of total blindness George Lewis is able to see. His sight has been restored by the Lorenz method of bloodless surgery.

Two years ago he felt a severe pain in his right eye, which then became inflamed and he could not see. He went to physicians for treatment and they decided that, in order to save the sight of the right eye, the left should be removed. The operation was performed, but it gave no relief and Mr. Lewis became totally blind. A few weeks ago he heard that a New Brunswick physician had been using a form of Lorenz method and to him he went.

After the first treatment he could see well enough to walk home and now, after two weeks, he is able to read.

MISSIONARY SAYS CHINA IS MORE PEACEFUL NOW

Thinks That There is Little Chance of Another Outbreak—Safe Except in Outlying Districts.

San Francisco, March 27.—Rev. R. T. Ryan of the Southern Baptist church, who for the last 17 years has been a missionary in China, has reached this city en route to his home in North Carolina.

He reports that the rumors of prospective trouble from an insurrection in Southern China have been greatly exaggerated. He does not believe any serious trouble is to be apprehended. The withdrawal of the garrison from Shanghai, recently caused an idle rumor to start to the effect that trouble was about to arise. China has, in fact, according to Dr. Ryan, never before been in such good condition for the invasion of peaceful missionaries and other foreigners.

Some inconvenience is always to be feared in out-of-the-way places from small bands of insurrectionists, but in the main the country is not disturbed.

BETTER MAKE IT ALL OVER

Silva Says Cuban Treaty is Too Confused Now to Be of Any Account.

Havana, March 27.—Senator Silva of the Cuban senate, who has been an advocate of the reciprocity treaty with the United States is quoted as saying:

"I am inclined to the belief that the best thing would be to disprove the treaty; then negotiate another. The amendments seem confusing to us all. We have perfect confidence in President Roosevelt, but fear the amendments are in such shape that to make a new treaty is preferable."

VANDERBILT WILLING TO PAY

Puts Up More Than He Really Has to in Taxes at New York.

New York, March 27.—Alfred G. Vanderbilt, it is learned, has visited the tax office and conferred with Commissioner Strasbourger, to whom he explained that most of his securities were invested in non-taxable property not liable for personal assessments. He finally showed to the satisfaction of Mr. Strasbourger that he was liable for assessment on only \$190,000; but he agreed to an assessment on \$450,000.

IDE SAYS NATIVES ALL DESIRE PEACE

Member of Philippine Commission Thinks Prosperity Will Soon Come.

INSULAR CONSTABULARY A FINE BODY OF TROOPS

Number Five Thousand Now, Officered by Americans, and Are Doing Good Service With the Ladrone—Development of Education and Acquisition of the English Language Is Coming On.

San Francisco, March 27.—H. C. Ide, member of the Philippine commission, who arrived today from the Philippines on a leave of absence, en route to his home in Vermont, said in reply to inquiry that when he left the island peace blessed them and he was happy to say the health boards under the immediate direction of the Philippine commission had stamped out Asiatic cholera, which caused the death of 100,000 natives.

The same conditions exist in the Philippines that existed in the south and southwest after the civil war. There have always been bands of ladrone who roam over the country, robbing their own people, and the government is obliged to cope with them by constabulary. He said the insular constabulary numbered 5,500 men who were commanded by American officers.

These men were natural hunters and they pursued the marauders with zest and nearly always captured them.

Commissioner Ide said further: "Conditions in the Philippines are constantly improving. One meets with discouraging features, but after six months you will see a marvelous improvement in the development of education, the acquisition of the English language, the construction of roads, the creation of public improvements and the police and the civil courts. When one looks at the progress that has been made it fills one with wonder that so much has been accomplished."

"The great mass of people in the Philippines want peace and are anxious to cooperate with the American government. They know and see that the path of progress is by co-operation with the American authorities."

ONLY A FEW HOURS ARE LEFT FOR REGISTRATION

If You Have Not Recorded Your Name, You May Not Be Able to Vote for the School Trustees.

When the Inter Mountain goes to press tonight there will be only a few hours left for registration by those who want to vote at school election. The registry offices for this purpose have been open since Wednesday morning, and they will not close for good till 10 o'clock tonight, and yet many voters who should have the government of the public schools at heart have not registered.

The citizens of Butte have placed an excellent ticket in the field for the suffrages of the people. It consists of P. J. Brophy, H. A. Gallwey and E. A. Ford. If these gentlemen are elected the schools of Butte will be maintained on their present high plane.

The total number of voters registered last night, contrary to expectation, was only about 2,500. There are 10,000 or more in the district. This shows a great deal of neglect on the part of citizens who should show a greater interest in this matter.

It is not to be supposed that this class of citizens mistakenly think that their city registration entitles them to vote at the school election. Anybody who has made that mistake should rectify it at once. You must be registered twice if you want to vote at both elections.

The registration offices are again published for the benefit of people who may not have registered as yet:

Precinct 1—Allie Conway, agent; office 38 West Daly street, Walkerville.

Precinct 2—Miss Lizzie Lee, agent; office rear 119 East Daly street, Walkerville.

Precinct 3—Mrs. Kate Norris, agent; office 912 North Montana street, Centerville.

Precinct 4—Ellen Crowley, agent; office 15 East Center street, Centerville.

Precinct 5—Mary Sheehan, agent; office 208 West Woolman street, Butte.

Precinct 6—Miss Josie Holland, agent; office 113 East Summit street, Butte.

Precinct 7—John M. Sullivan, agent; office 14 East Woolman street, Butte.

Precinct 8—Kate Merkle, agent; office 312 West Quartz street, Butte.

Precinct 9—Lottie Smith, agent; office 247 East Granite street, Butte.

FULL TICKET PUT UP BY LABORITES

Alderman From Fourth Ward Is the Only Vacancy on List Decided Upon.

NO OPPOSITION TO THE GENTLEMEN ON TICKET

Aims and Policy of the Party Cause of Discussion—J. E. McNally Is Nominated for City Treasurer and W. H. Arnold for Police Magistrate—Representative Men Named for Aldermen.

The labor party, which heretofore turned down the United Copper crowd cold by the nomination of Larry Duggan for mayor against the United Copper nominee, Pat Mullins, last evening clinched the matter by putting up a full ticket, minus an alderman from the Fourth ward, where there was a dearth of candidates, for the forthcoming city election.

There has been a great deal of talk lately of Mr. Duggan withdrawing from the labor nomination for mayor and from the political fight. The action of the labor party last night at an adjourned meeting of its city convention forever put at rest those idle rumors, circulated by the anti-trustite-populist outfit, against Duggan and in the interest of Mullins by the action named.

The Ticket.

The convention of the labor party met at Judge Harny's courtroom and put up the following strong ticket:

For Treasurer—J. E. McNally, a well-known member of the Carpenters' union.

For Police Magistrate—W. H. Arnold, former justice of the peace in Silver Bow township.

Aldermen: First ward—William Murray. Second ward—James Shea. Third ward—Patrick Boyle. Fourth ward—H. T. Lewis. Fifth ward—F. H. Young. Sixth ward—James T. Pace. Eighth ward—Joseph Bryant.

There was no opposition to the nomination of any of the gentlemen who grace the labor ticket, but there was considerable discussion of the aims and policy of the labor party and of the subject of what has been done toward fusion with other parties on the lesser nominations, which were left vacant when Duggan was made the standard bearer of the party.

McGrath Chairman.

The meeting was opened by Chairman J. J. McGrath, and Mr. Duggan and other members of the fusion committee reported to the convention that an effort to secure a fusion with Duggan as the mayoralty candidate had been made in conference with the conferees of the anti-trust party, but without success.

After that the question of putting up a full ticket was discussed. There was some opposition to that, but the United Copper push was weaker at this meeting of the convention than at the original one, and the genuine labor men of the convention carried the day and put up the ticket.

One of the features of the meeting was the nomination of Joseph Bryant for the office of alderman in the Eighth ward. Bryant is an exceedingly new recruit in the labor party. He was a republican until the recent republican convention, but he soured of that party then because he failed of the republican nomination for alderman in his ward.

Central Committee.

After the nominations for the offices had been made, the convention selected the following city central committee:

First ward—Mike Ryan. Second ward—William Walsh. Third ward—Ed Day. Fourth ward—F. B. Axtell. Fifth ward—P. M. Barso. Sixth ward—Joe Harrington. Seventh ward—William A. Fayter. Eighth ward—E. J. Pelletier.

The central committee was empowered
