Canadians Who Saved Crew of Wrecked American Schooner Will Get Gold Medals From President.

Chicago, April 15.—A dispatch to the Record-Herald from Kincairdine, Ont., says: Before President Roosevelt left Washington for his Western trip he took the first step in a kindly act of international courtesy which was completed here last night. Eight gold medals given in recognition of their bravery in saving the lives of the crew of an American schooner, were presented in the name of the president of the United States by Consul Shirely of Goderich to citizens of Kincairdine. On the night of October 7 last, in a terrific gale, the schooner Ann Maria, bound from Cleveland to Milwaukee with coal, was wrecked off Kincairdine. Citizens gathered on the lake shore determined to attempt a rescue. Four men entered a small boat and, after great exertion, took the crew aboard. Just as the boat started to return a wave filled the row boat and its occupants were thrown into the water. Then followed a long, hard struggle with the storm.

William Ferguson, one of the rescuing party and four of the schooner's crew were lost. Thomas John and Walter McGraw, the remaining rescuers, dragging two American sailors with them. Another boat was sent out and rescuers and rescued were brought ashore. The principals in the rescuing party were given humane society medals, but not until recently was it known that President Roosevelt had given attention to their act.
